

Danville Intelligencer

Established in 1828.

Choose men of the highest ideals for school directors.

Mr. David I. Davis, Swenoda, gave us a business call on Wednesday.

Andrew Russell is seriously ill at his home on Church street.

License Court will be held on Friday, January 30th.

Mr. C. A. Wagner, of Washingtonville gave us a business call last week.

The Reading goosebome man has been enjoying a laugh all to himself.

Keep your sidewalk clean and receive the blessings of the community.

Be kind to the horses during the severe, cold, penetrating, windy weather.

Go to the primaries and exert your influence. Then be satisfied with the result.

Men of high character and ability are the kind to select for school directors.

Trespass notices for sale at this office. Two for 5 cents or 25 cents per dozen.

Let the Legislature pass a bill for the publication of the laws and it will please the people.

Every ward has its best men—let them be put on the ticket for Council and the School Board.

Choose good, sensible, honest men for school directors; ditto for councilmen; ditto for all other offices.

Jack Frost will have to do some strong work before the ice harvesters will be able to resume business.

The close of the first week of the new year no doubt finds many of the new resolutions on the ash heap.

The time and place to "knock" is at the primaries, not after candidates distasteful to you have been chosen.

The weather man treats us to an occasional snow flurry just to prove that he continues to have snow in stock.

The legislature is having a 10-day recess and can't do much to excite criticism during that time, which is something to be thankful for.

The rumor that another Russian warship was blown up by a mine Saturday turns out to be untrue. It is hard to find another Russian warship.

The trouble is many people underestimate the importance of the School Board, and are inclined to nominate indifferent candidates.

During the arctic experiences of last winter we were assured by the weather sharp that the present winter would be mild and summerish. The joke is on us.

The nominating conventions are near at hand. Before them come the primaries. Bear this in mind and have your say about the selection of acceptable candidates.

A local wag who says he isn't afraid to die is responsible for this: "The ice is on the sidewalk. And the law is on the shelf. If you don't like to tread on ice, just clean it off yourself."

Copid had his innings in Indiana county last year, if nowhere else in the State. Indiana issued more marriage licenses than ever before in its history and more than any other county in the state.

The government crop report is good, and private reports are better, to the effect that winter wheat is in better condition than a month ago, and averages well for the season. This has been a tender point in the outlook.

Mr. Jasper Stettler, of Frosty Valley, one of Montour county's oldest and most respected citizens, and an old subscriber to the Intelligencer, gave us a pleasant call on Saturday. He paid for his paper, too.

On Saturday afternoon, December 31st, 1904, at the parsonage of Shiloh Reformed Church, Bloom street, Norman E. Leach, of Williamsport, and Miss Cora A. Leach, of Danville, were united in matrimony. Rev. George E. Lambert, officiating.

Men for honors work is the latest necessity in Reading, since domestics cannot be hired for love or money. For every servant girl seeking a place there are fifty families in need of her services. This condition is brought about by the fact that 6000 women and girls are employed in Reading factories.

The most attractive sale bills you see throughout the country are printed at this office, and the charges are no more than you pay elsewhere for inferior work. If you are thinking of having sale and want it advertised RIGHT, have your bills printed by us. Get our prices; see our work, and you will go nowhere else. We give you a free notice in the paper.

We would like to have a weekly correspondence from Washingtonville, also from all other points in the county that are not already supplied. We have a big list of subscribers at Pottovergo, and a correspondent at the place would add a great deal of interest to our columns. Envelopes, stamped and addressed, and the Intelligencer will be given free to you, if you write us a weekly letter of local happenings for publication. Give it a trial; it will brighten your ideas and be a big help to you in business or letter writing.

Dr. David Kennedy, Rondout, N. Y.

DEAR SIR:—Some time since I was troubled with blotches coming out on my breast, of a scrofulous character, and my general system seemed to be out of order. I was induced to try Dr. David Kennedy's Favorite Remedy. The first bottle drove the eruption away and I feel better every way. It is a splendid blood medicine.—Henry S. Eldredge, Rochester, N. Y.

Prisoner Bore Mafia Gard.

Scranton, Pa., Jan. 9.—The arrest of Vincenzo Laposi by Chief of Police McAndrew, of Old Forge, furnishes evidence it is held, that Carbonate and Old Forge have strong branches of the Mafia. Laposi had credentials bearing in Italian the words, "The Society of the Mafia, headquarters, 42 Mott street, New York."

Broken Resolutions.

And now, after a week or so, have your New Year's resolutions withered? Have you already neglected the nice new diary? Have you gone back to smoking after a few days of martyrdom? Are you up against the house once more?

Well, you are not the only one. The man who fails in his high resolutions has lots of company.

There are people who say that good resolutions are had because failure in them reveals to one his own weaknesses and slavery to habit; having once failed, he is less likely ever to try again with the hope and confidence so necessary to success.

But isn't it better to know your weaknesses than to be blind to them. Diagnosis precedes cure.

Isn't it better to have tried once and failed than never to have tried at all? Strength comes of effort.

Isn't it better to have had a week—or a day even—of sobriety for yourself and of happiness and hope for your wife and children, to have had a clear-brained look at yourself and the world about you, and to have known for a little while at least how it feels to be a man and master of yourself?

One battle does not decide a campaign. One failure, one reverse, or a dozen of them need not mean defeat.

There is no need of waiting until next year to try again. A good resolution and good efforts are as good on one day as another. They are best of all when made every day.

Having failed, there is no need to drag out a whole year in helpless and vain regrets. There is nothing magical about the beginning of the year or the ending of it. The only psychological moment for throwing off the thrall of an injurious habit is the moment when you have the courage to try.

Years are big spaces. We live by days. Every morning when we wake a new world begins; every night when we drop to sleep the old world dies. Years, centuries, are nothing to us but moments; it is the days, hours, minutes, seconds, that our ours.

The great events of world history have not waited upon arbitrary measurements of time, nor need the affairs of any man's life.

The best time to try to get up is when you realize that you have failed. Yearly efforts may fail forever, while daily efforts may soon succeed.

Exchange Pick-Ups.

Mr. and Mrs. Jerry Black are visiting at Isaac Acor's.

S. J. Demin and Jerry Black made a flying business trip to Hughesville last week.

The bell on the Exchange school house had the bell placed over it last Friday, which gives the school house a fine appearance.

Hurry up, Cross Roads, and let us hear your bell.

The chickenpox is making a general round in this neighborhood.

Our miller is making buckwheat flour by the wholesale since the recent rains.

U. R. Adams has moved his hen house and made it larger and more convenient for the fowls.

Our judge, S. C. Ellis, made his weekly call at Turbotville last week.

Shorty Marshall is going to move up with William Brannen in the spring.

Our merchant, Boyd Stead, is going to have an auction on Saturday afternoon, Jan. 14. If you want bargains this will be your chance. Mr. Stead has a fine stock of new goods he intends to offer to the public at their prices. Come and lay in a stock of summer wear.

Mr. Lloyd Welliver and wife intend moving up on the Lone farm with Mr. and Mrs. Alfred Bittler next spring, where they can enjoy the sweet summer breezes from all points on the compass.

The Exchange Horse company met Saturday, Jan. 7, as usual. Any person having valuable horses should join the company and have them protected from thieves, as well as to keep intruders out of the neighborhood.

The Odd Fellows Anniversary was held Saturday evening, January 7, 1905. A big turnout is reported. After the entertainment an oyster supper was tendered to the Odd Fellows and their families.

The new lamp placed on the outside of the Odd Fellows Hall, left the people in darkness. Quite a disappointment to us all.

Our carpenter, William Dildine, has completed a fine sleigh for our mail carrier, James Mills. That is all right, Jimmie. I would not sit out in the cold and storm when I could have a cozy sleigh to stay in.

The Mohr brothers are trapping many fur-bearing animals this season.

Mr. Houghton gave his daughter, Mrs. Isaac Acor, a ride in his new sleigh last week.

One of Gideon Hartman's little boys has a very sore caused by a swelling of the chickenpox. While the chickenpox is not serious in its mild form people should not allow their children to take cold with it.

The Odd Fellows say David McCarty is the crack oyster cooker of this community. He cooked over a hundred steams for them last Saturday evening and was not very long about it.

James Carey and Howard Welliver, of White Hall, called in our town Monday.

The snow does not prove to be sufficient for sleighing, if it does come often.

Frank Acor and wife passed through our town Sunday.

HESTER.

set them right—it's simply and easily done. Without pain, without trouble, without nausea, in fact it's only in the beneficial effects that you notice you have taken

Beecham's Pills

It is a little premature to announce a failure of the ice crop. There's sufficient time between now and next March for plenty of the congested liquid to fill all the houses in this section.

Scranton, Pa., Jan. 9.—The arrest of Vincenzo Laposi by Chief of Police McAndrew, of Old Forge, furnishes evidence it is held, that Carbonate and Old Forge have strong branches of the Mafia. BREAKS MARRIAGE TO UNCLE

Bride, an Orphan, Did Not Know Husband Was Father's Brother.

Rome, N. Y., Jan. 7.—Maud Letson, aged nineteen years, testified before Justice Scripture to date that on March 11, 1902, she had married innocently her dead father's brother, Milford Letson.

The girl was placed in an orphan asylum at the age of two years, and her relatives lost track of her until last September, when her sister, Mrs. Vernevale, of Allentown, Pa., wrote: "You've married our uncle David."

Justice Scripture granted a decree of annulment.

PENSION FOR EX-PRESIDENTS.

Bill Raising Salary to \$75,000 and Providing \$25,000 a Year on Retirement.

Washington, Jan. 7.—Remembering to what financial straits some Presidents have been reduced after their retirement from office, Representative Maynard, Democrat, Virginia, yesterday introduced a bill increasing the salary of the President to \$75,000 a year, and the Vice President from \$8,000 to \$15,000, the new rate to be in effect after March 4.

Provision for the ease and comfort of the President when he retires from office is contained in the second section. It gives him a salary of \$25,000 a year as long as he lives.

Mr. Maynard, being a Democrat, believes it is more fitting that he should introduce such a bill than that a Republican should do so.

The Chaperon at Home and Abroad.

A writer in THE NEW IDEA WOMAN'S MAGAZINE for February concludes that the English custom of chaperoning girls has its raison d'être not so much in the necessity of protecting the girls as in the desire to meet the requirements of the aristocratic classes by conforming to conventions. The English girl, it appears, does not go unchaperoned, because "her doing so would be taken as an indication that she was not accustomed to good society and didn't know the proper thing." It is also stated that although this custom is rigidly observed
