## BLEW UP B' IDE'S HOME

**Too Much Dynamite in a "Skimming-ton" at Keystone Wedding.**  
At Ateo, Wayne County, Pa., Friday night, a Miss Divine was married to a Mr. St. Claire, of Boston. The young people gave them a "skimming-ton" at night. They used dynamite, declaring they would give the "beaneater" an explosion as a sample of Wayne County "send-offs." They succeeded far beyond their expectations. It proved a veritable earthquake.

The bride's home was nearly wrecked and an adjoining house and residences for a distance of a mile had glass broken and were rocked to their foundations. The Divine home had several windows broken, in some instances the sashes being blown completely out and the front door and its sills and frame torn from their fastenings.

The ceilings were cracked and some fell to the floor. The guests fled in terror.

There will be no more "skimming-ton" here.

Although it has been the custom for some years to appoint these officers, they were never on police duty at fires. It is intended this year to stringently enforce a set of rules that will greatly facilitate fire fighting. It will be the duty of these officers to keep back the crowd, stretch ropes, keep order at fires, etc.

## COLONY FOR COLORED MEN

**Scheme of a South Dakotan to Settle Up the State.**  
Mitchell, S. D., Jan. 5.—By the scheme that is being promoted by Paul L. Scott, Mitchell may become the mecca for 100,000 negroes. Mr. Scott is a young colored man who is engaged in business here. He was a former resident of Chicago and was the vice president of the first organization that favored the election of Charles S. Deneen for governor. It is his purpose to organize a company to secure control of extensive tracts of land in this section of the state. These are to be sub-divided into fifty-acre farms and sold to colored men. He is confident that he can interest 100,000 or even 200,000 negroes in his proposition.

**Exchange Pick-Ups.**  
Stephen Menges and wife visited Landlord Houghton's last week.

Harvey Houghton, of Turbotville, and L. W. Welliver, of this place, made a business trip to Jerseytown Saturday.

The new bell on the Cross Roads school house is being put into shape for use. We look for something fine, Mand.

J. S. Acor has exchanged horses with Lloyd McCarly.

Wm. Kirkner and wife made a business trip abroad last week.

Wm. Appelman has succeeded in getting his brother a position in the hospital at Norristown, where the former has been working for two or three years.

The young people are taking advantage of the bright moonlight evenings by attending dances. That is right. Have you, sport while you can.

Some of our school houses have been equipped for dancing by removing the desks therefrom. The directors have refused to allow the public to hold Sunday school or religious services in them but will allow box societies and dancing. Also dancing at noon and during intermissions. The writer don't object to dancing in its place, but don't think a school house is the place for that kind of sport.

Benjamin Fulton, of North Dakota, is calling on his many friends here and the neighboring communities. Mr. Fulton has been absent for over twenty years. He says he can see many changes since his boyhood days in Limestone township and elsewhere.

A Democratic caucus will be held at this place Saturday, Jan. 28, 1905. Be careful, citizens, and select good, competent men for the various offices. You should elect men who have families for school directors, as they are more likely to take interest in the welfare of the schools. Although the writer is not interested in the least.

J. W. Ritters visited his daughter, Mrs. S. J. Dennen, Sunday.

Mr. Benjamin Fulton, of North Dakota, visited Landlord Houghton's over Sunday.

Mrs. Wm. Shettler died on Saturday last and was buried Wednesday. We extend our sympathy to the family, especially Mr. Shettler, who is left with six children and no mother to guide them in their young and tender years.

Our judge made a trip to Turbotville last week. They say, 'Squire, you are delivering lemons and oranges for the sick. How about it?'

Charles Weller and wife visited Low Bartlow and wife Sunday.

Andrew Martz and family, of Jerseytown, visited at Mills' Sunday.

Charles Martz and wife passed through our town Saturday afternoon.

Alfred Snyder and Charles Beaver was in our town on business Tuesday.

Wm. Houghton transacted business in Danville Tuesday.

**Quincy Adams Sawyer.**  
Good judgment has been shown in not rushing the dramatization of "Quincy Adams Sawyer" on the stage too quickly. This famous novel so familiarly known from the Atlantic to the Pacific, and in England, as "the best New England story ever written," was brought out two years ago, and while its immediate success and wide sale all over this country was sufficient to have warranted placing on the stage two seasons ago the management has wisely waited. In the meantime the book has been selling steadily and has a record now of over 300,000 copies in this country, to say nothing of the large sale in England. The play, with a strong cast, and elaborately produced, will be seen at the Opera House on Tuesday evening. In fact it will be the successful New York production seen at the Academy of Music during its run there.

**Growth of the Royal Arcanum.**  
The Royal Arcanum, in its twenty-eight years experience, by its constantly increasing membership, has become the leading Fraternal Beneficial Order of our continent, and its sheltering care of the widows and the fatherless, its contribution of fraternal and social life; its teachings of generosity; its lines of virtue, are only a few of its principles and objects. It has over 300,000 members. It has over \$1,500,000 on hand in cash and bonds. Over \$7,000,000 in benefits were paid in 1903. Over \$88,000,000 in benefits have been paid since its organization.

The thermometer from 12 to 4 o'clock yesterday afternoon, dropped from 21 degrees to 13. An hour later mercury registered 10 degrees. It was thought that the zero point would be reached by this morning.

**A Fortunate and Grateful Woman.**  
Mrs. J. H. Giles, of Everett, Pa., says: I suffered for many years from Kidney and Gravel trouble. The pains from the gravel were simply awful. No physician or medicines at home did me any good. I finally began using Dr. David Kennedy's Favorite Remedy, of Rondout, N. Y. A few words tell the result. I am a happy and perfectly well woman once more.

**Marrled.**  
On Dec. 31, 1904, in the parsonage of the Reformed church, Strawberry Ridge, by Rev. J. W. Bell, Mr. Edward B. Colman and Miss Jennie M. Herr, both of Montour County.

On January 2, at the same place and by the same, Mr. Alton E. Martz and Miss Amanda Wertman, both of Montour County.

Anybody will not do for school director. The office requires a man of honesty, intelligence and a whole lot of good, common sense.

## TO APPEAL TO KING OSCAR

**Swedish Girl Will Ask Her Former Sovereign to Interfere.**  
Chicago, Jan. 26.—King Oscar, of Sweden, is to be appealed to assist Inga Hanson to clear herself of the charges of perjury brought against her as a result of her suit for \$50,000 damages against the Chicago City Railway Company.

The plea which will be sent to the ruler of Sweden will allege that the young woman, being poor and without influence, is unable to get justice and is now in danger of being sent to the penitentiary for a crime which she did not commit. It will declare that the young woman was severely injured and still suffers from the effects of her injuries and unless the government of Sweden interferes she may have to suffer imprisonment as well.

The case of Inga Hanson has been replete with sensational features, involving first a civil trial, in which the young woman, apparently blind, died dumb and paralyzed, was carried into a court room on a cot daily, while a suit to gain a verdict against the railway company was in progress, and then a trial in which she, after what she claimed a miraculous cure, was able to appear in court to defend herself against the charges of perjury. The second case is still pending.

**Teacher's Meeting.**  
The second meeting of the Limestone township Teachers and Directors was held at the Limestone Ridge school house, Monday evening Jan. 17, 1905.

At an early hour the room was filled with Patrons and friends of the desks therefrom. The directors have refused to allow the public to hold Sunday school or religious services in them but will allow box societies and dancing. Also dancing at noon and during intermissions. The writer don't object to dancing in its place, but don't think a school house is the place for that kind of sport.

This was followed by an excellent list of Recitations, delivered by her pupils, and also songs and Recitations from Limestoneville, California and Fairview schools.

At 7:30, the teacher Miss Bessie Derr, called the audience to order and opened the exercises with music by her school.

The teachers of Limestone are very generous and believe in giving and receiving help to entertain the audiences at these meetings.

A discussion in Primary arithmetic was opened by J. Miles Derr, who selected a class of primary pupils from each school represented, and illustrated his method of interesting small pupils in number work. The little folks acquitted themselves very creditably in handling numbers. He then selected a more advanced class of pupils from the different schools and gave a drill in fractions and decimals. This was followed by an interesting discussion of the subject introduced and also a few points on letter writing. The following teachers joined in making the discussion interesting: Charles Hartman, Limestoneville; Elmer D. Schure, Limestone Run; Schuyler G. Irwin, Fairview; Miss Bessie Derr, Mr. Elmer Krisher, Turbot Twp., Norfolk Co., and Mr. H. E. Eves, Washingtonville.

Supr. C. W. Derr made a closing address. Next meeting at Miss Fetheroll's school house, near Schuyler.
