POLES LOOK FORWARD TO FREEDOM'S TIME

WARSAW, Russia, Feb. 1.—The correspondent of the Press today had an interview with a member of the Central committee of Polish revolutionary societies in the course of which the Polish revolutionists' committee asserted that the new phase of the struggle is a new resistance to Russian domination. He said: "The uprising in Warsaw and the rest of Poland marks a new phase of our resistance to Russian domination. Hitherto the Nationalist and Socialist parties in Poland have been combating each other more than they have fought the St. Petersburg bureaucracy. We have formulated a truce and established a new party called the Progressive National party, which will conduct a joint propaganda. We are not ready yet to make a strong resistance. We have simply seized the opportunity caused by the strike at St. Petersburg to foment discord here, and indicate to ourselves how our machinery does not run smoothly."

"I anticipate an almost immediate collapse of the strike, for we have hadly frightened the authorities and have compelled them to arrest the ordinary Warsaw garrison of 50,000 men by 50,000 more. "We cannot gain anything by prolonging the conflict. Orders will shortly be issued for its cessation. "Most of the casualties of the past few days have not been among our followers but among roughs who were seeking plunder. "We have to apparently abandoned the struggle for full national independence, forlorned on Friday. The following however, are a new series of demands which have been sent to the authorities: "First, the introduction of the Polish language in the government courts and schools. "Second, the abolition of the privileges of those who are not Poles. "Third, the abolition of restrictions to Poles throughout Russia. "Fourth, Liberty of association, speech and worship. "Fifth, the inalienability of domiciles. "Sixth, Amnesty to political prisoners. "Seventh, An autonomous government for villages and cities. "Eighth, Compulsory free education. "We hope some of these demands will shortly be accepted. "We are forming a big organization in America and have appointed M. Debstr, of 61 St. Mark's Place, New York, our chief agent in the United States."

FATHER GOPON MAKES A THREAT

ST. PETERSBURG, Feb. 1.—Father Gopon, the leader of the strikers has issued a proclamation in response to the one issued by Governor General Trepoff several days ago which influenced a majority of the men to return to work. Father Gopon's statement is in the nature of a demand backed by a threat. It reads: "Your manifesto pleaded the streets of St. Petersburg persuaded the strikers to resume work because you promised to investigate conditions of labor and introduce necessary reforms. "What has happened? The workmen have been deceived. Although they resumed work they are arrested by the wholesale in workshops and at home. "The government has broken its word. It persecutes the workmen instead of protecting them. "Where is our rights that were guaranteed? "Answer, or you will find the consequence. (Signed) "GOPON."

A Beautiful Memorial.

The great St. Louis Exposition of 1904, unrivaled as the greatest of all the world's fairs, is now a scene of desolation. Fortunately, the beauties of its magnificent architecture and fairlike palaces are preserved in a series of thirty artistic portfolios, containing several hundred views of the buildings and scenes at the Fair, from photographs taken especially for the work by the official photographer of the Exposition, and constitute a permanent memorial of its vanished grandeur. They were designed to sell at \$7.50, but the New York World has made special arrangements to furnish a limited number of sets at cost—\$3.00 for the set of thirty. Address The World, P. O. Box 1730, New York.

Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased. Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with the difficulty is kidney trouble, and the cause of the difficulty is a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet telling all about it, including many of the thousands of testimonial letters received from sufferers.
