We notice in the papers there is a new candidate for the office of county superintendent of schools. I think if the directors are wise they will hold on to the present one. Mr. Chas, Derr has now become acquainted with the schools and can sow seeds of usefulness among them. At any rate it would not be justice to any man not to give him the office more than one term. Mr. Miles Derr is a person with a wide experience as a teacher and would no doubt make a good person for the position.

Ridney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries. It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all drugglasts in fifty-cent and one-dollar sizes.
