## REPUBLICAN COUNTY CONVENTION HELD

The Republican County Convention which met in the Court House Saturday, was an exceedingly quiet and harmonious affair. The short span of forty-five minutes an organization was effected and ticket nominated in full.

The Convention was called to order by County Chairman James Foster at 11 o'clock, after which the roll was called by Secretary Frank G. Schoch. Delegates were present as follows: Anthony township.—D. A. Cox and B. A. Stead.

Cooper township.—W. R. Wertman and Charles Rishel. Derry township.—Jonathan Mowrer and A. H. Seiden.

Charles Wagner, of Ottawa, was chosen chairman of the convention and W. Hayden Woodside and John L. Jones secretaries. The delegates presented their credentials, after which the nominations were taken up.

The name of T. J. Price was placed in nomination for Associate Judge and he was unanimously chosen as the nominee for that office. Ralph Kiser, the present incumbent, was unanimously nominated for District Attorney.

For County Commissioner the following candidates were nominated in their order: C. W. Cook, of Valley township, present County Commissioner; John A. Merrill, also of Valley township; George Rudy Seidler and Joseph L. Frame, of Danville.

The delegates from Anthony township reported that Cook, Merrill and Seidler had each received the same number of votes in that district and asked for instructions as to how they should vote. It was decided by the convention that the only way in which the delegates of Anthony could carry out the wishes of the voters and at the same time not give the district more votes in the convention than it was entitled to was for the delegates to vote one and one-third for each of three candidates; this would give the township the equivalent of four votes, which was what fell to every other district in naming the two highest candidates. But one vote was taken with the following result:

C. W. Cook, 23 and two-thirds; John A. Merrill, 13 and one-third; George Rudy Seidler, 20 and two-thirds; Joseph L. Frame, 2.

C. W. Cook and George Rudy Seidler, having received the majority of votes were declared the nominees for County Commissioner. The majority of the popular vote in the county was for Cook.

J. H. Woodside was nominated as County Auditor. E. Roberts was elected County Chairman without any opposition.

Young Corbett Got Decision. BUTTE, June 14.—After ten rounds of clever fighting "Young Corbett," of Denver, was declared the winner over Maurice Thompson, of Butte, last night. Thompson lay on the canvas and was being counted out when his seconds threw up a sponge and carried their man to his corner.

It was a good, clean fight, and Thompson surprised even his friends when he knocked Corbett down in the second round. The Drovers was up in a second, however, and fighting back like a demon. Corbett carried the fight to his opponent in every round, and landed his own terrific swings that would have knocked any ordinary man, but Thompson with-root them until the middle of the last round.

President Roosevelt Made Immortal. Minister Takahira, the Japanese ambassador to the United States, said, when questioned about the President's identical note in reference to peace negotiations between Russia and Japan: "It is the most admirable piece of statesmanship I have ever seen. It is based entirely upon the noble idea of humanity and civilization. It will be regarded as the beacon light of the civilized world, to be followed in international transactions, and I am sure that the suggestion made in that manner by the President will be promptly accepted by Japan."

Would Create Machines. PHILADELPHIA, Pa., June 14.—James Dalrymple of Glasgow, says he has seen enough of this country to be convinced that the municipal ownership will never do in a republic and that the idea is one of the great dangers with which the people of this country must contend. "To put street car lines, gas concerns, etc., under municipal ownership" he said last evening "would be to create a political machine in every large city."

REVEALED THE TRUTH. How the Facts in a Will Forged Case Were Brought Out. In his capacity as Judge Lord Brampton has insisted on the imperative demand that every case should be investigated in its minutest details. Upon small points the great issue of a case depends. As exemplifying this Lord Brampton cites a curious case that came before him on the western circuit: "A solicitor was charged with forging the will of a lady, which devised to him a considerable amount of her property, but as the case proceeded it became clear to me that the will was signed after the lady's death and then with a dry pen held in the hand of the deceased by the accused himself while he crafted it over a signature which he had already forged.
