# GIRL MURDERED **BY STEP-FATHER**

WILLIAMSPORT, July 25.-Jim Salerno, who is already under \$1,000 bail to answer to several charges of a serious nature at the next term of court, added another crime, still more serious, at an early hour this morning he out his step-daughter's She died several hours later

at the hospital. Salerno is the Italian who has been creating considerable disturbance on daughter whom he murdered this morning, is the same step-daughter who charged him with a serious crime and whom he, in attempting to save himself, caused to be arrested, but she some time to come was discharged by the Alderman.

About three weeks ago Mrs. Salerno and her daughter left Jim because of the trouble and took up their rest-

dence on Cedar avenue. Mrs. Salerno and her daughter, Elizabeth Carney, aged 14 years, occupied a room on the second floor of the west side of the house. The mother slept on an iron bed on the east side of the om; the daughter on a mattress on the floor on the west side. A window security just at the head of the daugh be welcomed. ter's bed is supposed to have furnish-ed the means of entrance to Salerno, although there was no visible means of his reaching it and it is possible that he may have entered at the same

window from which he escaped. About 1:30 o'clock this morning the screams of the daughter awakened the mother, and she saw Salerno, razor and revolver in hand, standing in the room and the daughter's throat cut almost from ear to ear.

The frenzied mother grappled with Salerno and wrenched the revolver from him, at the same time shouting to the other inmates of the house. Hearing a call in a man's tones, Salerno rushed into the hall and escaped way of a window to the north side

of the house, leaping down over a shed. The cries alarmed not only the innates of the house, but the entir neighborhood, and men with revolvers in hand were soon searching the neighborhood, but no trave of the

In the meantime the unfortunate victim of the Italian's razor, with an agly gash in her throat, was bleeding, profusely, in the room in which she was cut. Such efforts as could be made to stop the flow of blood were made

at without avail. Messengers rushed for madical and surgical assistance, but were met with the direction "Take her to the hospital," and so, about 2:30 o'clock she wa

sembled a slaughter pen. Great pools of blood were everywhere, and the cloths with which it was sought to stop the flow of blood bore evidence f the severity of the cut.

Jim Salerno is of Italian descent and is about 40 years of age. He is about five feet five inches in height, weighs about 140 pounds, has heavy brown monstache and dark hair.
