Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucons surfaces of the system, thereby destroying the foundation of the dis ase, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Handred Dollars for any case that it fails to cure. Send for list of testimonials.

PLUMMER'S PUBLIC RECORD REVEALED AND **RENUNCIATION OF CRIMES DEMANDED**

Distinguished Republican Lawyer Calls For a Statement From the Candidate of His Party On Salient Questions.

On August 30 Henry C. Niles, Eso., a distinguished lawyer and stead-fast Republican, of York, Pa., addressed a letter on behalf of himself and his associates in the Lincoln Party, to Hon. J. Lee Plummer, Republican machine nominee for State Treasurer, propounding certain questions with respect to Mr. Plummer's public life and requesting categorical answers. The questions are pertinent, and as a stalwart Republican Mr. Niles had a right to the Information and declarations which he sought. More than three weeks have elapsed since the letter was received by Mr. Plummer, and as "silence gives consent," his failure to reply is confession of the accuracy of the statements it contained.

"YORK, PA., August 30th, 1905.

"Hon. J. Lee Piummer, Republican nominee for State Treasurer.

"Dear Sir—Because you have been nominated by the Republican convention for the office of State Treasurer, I feel that I may not be taking undue liberty in venturing to address to you this communication on behalf of myself and some others who have requested me to attempt to give voice to their thought at this time.

"For ourselves and on behalf of many other Republican voters who we believe are similarly interested, we desire to call your attention to some facts and current impressions, and ask an expression from you that may be useful to the voters in determining their action at the fall election.

"There have been rumors that heretofore the State Treasury has been used for partisan and personal advantage; that the selection of banks as depositories has been dictated by the persons controlling the Republican Organization for political considerations, and sometimes for private gain.

"It was said that this proceeding was so rankly partisan that it was opposed and condemned even by such stalwarts as McClain and Cooper.

"You were a member of the last House of Representatives, and are credited with 'going along' with the Penrose-Durham Machine.

"You ranged yourself against the indorsement of President Roosevelt's plans to relieve the people from the crying injustice of railroad discriminations and rebates.

"You were opposed to any action for personal registration, in preparation for which the Constitution had been amended, and which was urged by the Governor and the best elements of the State.

"You were antagonistic to the effort to Introduce into our civil service the merit system of appointment and promotion, that has done so much for the purification of politics in the Federal service and in other States, and to which the Republican party of the nation is irrevocably committed.

"We desire to be entirely just to you. If these statements are incorrect, and you have been misrepresented by rumor and newspaper reports; or if the Assembly's minutes, that we have been informed sometimes recorded you as present and voting when you were 'really miles away, have been fraudulently kept in regard to all of your actions by wicked persons bent on your distrace, we will be hanny to

treachery and fraud that has been recently so clearly revealed as to

"It will, of course, be unpleasant to admit that you were so simple minded as not to discern the dishonesty and impropriety of the schemes in which you were made a tool; but it would be better for your lasting fame to go down to history as the dupe rather than as the accomplice of the public enemy, or the accessory after the fact of their admitted sordid crimes.

"If you can take this position; if you can conscientiously affirm that you were only careless and negligent; if you can plead ignorance of the true character and wicked purposes of those you have heretofore served, your fellow citizens, while pitying your former imbedility, will admire your manly frankness and may consider the excuse.

"If you will favor me with a speedy answer, I shall, with your remission, give it as much publicity as this letter may receive.

The United States Grand Jury yesterday indicted Stanley Francis, F. C. Marrin and William H. Lattimer, checks in settling for fine and costs. C. Marrin and William H. Lattimer, on charges of conspiracy in connection with the Storey Cotton Company. The jury, however, refused to indict Mrs. Sophie Beck, the stenographer of the company, who left this country for Europe shortly after the downfall of the concern. A number of witnesses were heard, but their evidence could not convince the Grand Jury that Mrs. Beck, had anything to dowith the management of the Storey Company or that she was the representative of Frank C. Marrin.

All the others were indicted without delay. The Government may now consent to the postponement of the Francis case, which would have been tried immediately after the disposal of the Lear case next week.
