

A FIFTY MINUTE SCHEDULE

Beginning with November 1st or as soon after as possible the Danville and Bloomsburg Electric Railway will enter upon a fifty minute schedule, instead of the forty minute schedule, on which the cars have been running until the present time. The schedule in the form of a folder convenient for distribution, is in process of printing and will soon be ready for use.

As implied by the schedule a car will leave Danville and Bloomsburg every fifty minutes during the day. The schedule also shows the exact time at which the car on each trip is due to arrive at the intermediate stations as the Cemetery, Pauls' Turn Out, Yorks', Grovanna, Diomers', Mensch's Turn Out and Fishing Creek Bridge.

The forty minute schedule makes the time of arriving and departure of the cars very easy to remember, but the period of forty minutes after a year's experience is found impracticable under all but the most extreme circumstances. Between the Cemetery and Mill street the amount of traffic and consequently the number of stops required is wholly an unknown quantity and is just as likely as not to delay the cars so that they come in late. The result is that the forty minute schedule stands for very little indeed and persons arriving at the stopping places, even when late, are at a loss to know whether the car has just passed or is merely delayed and thus are forced to risk a great loss of time to any nothing of the discomfort or annoyance of waiting, which is nearly always a factor.

The additional ten minutes, allowing for the maximum of stops which will make it easy for the cars to reach each stopping place on the minute and the management will see to it that the cars do not arrive at or leave either Danville or Bloomsburg until the exact time set forth on the printed schedule, which will be distributed among the public who patronize the line. It will thus be seen that the public will be put to no inconvenience whatever, but will be wholly the gainers by the change.

The Danville and Bloomsburg Company has now removed its summer cars for the season and is using the closed cars, which are heated during morning and evening.

Councilman Tenders Resignation

front of Charles Chalfant's property, provided that he will agree to make two connections.

On motion it was decided to extend the sewer on Ferry street from Lower Malberry street to the southern end of the lot owned by the Messrs. Kauffman.

On motion of Mr. Reifsnyder permission was granted the D. L. & W. Railroad Company to construct a switch on D. L. & W. avenue leading from the main track to the building formerly used as Salvation Army barracks.

On motion of Mr. Fenstermacher the third quarterly appropriation due the fire department was ordered paid.

Mr. Reifsnyder called attention to the excellent service rendered by the Borough Light plant. He considers it now a demonstrated success and he moved that the balance due the Ramsey Electrical Manufacturing Company on contract be paid. His motion prevailed and a full settlement was authorized.

The following members were present: Gibson, Gosser, Boyer, Reifsnyder, Vastine, Sweisfort, Magill, Hughes, Dietz, Jacobs and Fenstermacher.

The following bills were approved for payment:

Bateman-Bergstresser.
Miss Elizabeth E., daughter of Mr. and Mrs. S. E. Bergstresser, and William O. Bateman were married at 4:35 o'clock this morning in the Bergstresser residence on North Oak street. The ceremony was performed by the Rev. Herbert Ure.

The marriage is a complete surprise to all. Although it was known that the young people were engaged, no one had been advised of the approaching nuptials, and the only witnesses were the Bergstresser family.

The bride is one of Mount Carmel's fairest and most accomplished young women. Mr. Bateman is inside foreman at the Central colliery and has a promising future. All unite in extending congratulations. The couple left on the 5:31 Reading train for a wedding trip to points unknown.—Mt. Carmel item.

The bride frequently visited at the home of George M. West, Pine street. The groom formerly resided in Danville.

Mitchell Day at Shamokin.
Minors from all parts of the ninth district will participate in the celebra- tion of Mitchell Day, at Shamokin, next Saturday. There will be a big parade, and the festivities in honor of the day will be the most extensive in that section. Samuel Gompers, president of the American Federation of Labor and W. B. Wilson, secretary and treasurer of the United Mine Workers of America, will deliver addresses.

UNION THANKS-GIVING SERVICE

The Union Thanksgiving service will be held in Grove Presbyterian church this year. The Thanksgiving sermon will be delivered by the Rev. J. E. Hutcheon pastor of the Mahoning Presbyterian Church. The arrangement of the full program for the service was left in the hands of Rev. Dr. McCormack and members of the Grove Presbyterian church.

The above was decided upon at a session of the Ministerial Association of Danville which was held yesterday morning expressly for the purpose. The session was attended by nearly all the pastors of town and the action was unanimous.

The Thanksgiving offering according to custom will be turned over to the Woman's Benevolent Association of this city, which will retain it until the annual meeting in January when it will be applied to some object that needs it the most.

The Thanksgiving offering last year was rather an insignificant sum and an effort this year will be made to do considerably better. The Woman's Benevolent Association is a hand laboring for a noble object. During the long winters it receives much actual suffering. It is a fact, however, that its activities are much restricted for the want of funds. The Thanksgiving offering is one of the principal sources of help that the Association has to look to when that falls short the deficiency is felt very much indeed. There was a good deal of enthusiasm shown at the ministerial meeting yesterday and if the Union Thanksgiving is not a success along all lines it will not be because the pastors are not bestirring themselves.

Preaching at Seventy-eight.
Rev. Dr. M. L. Shindel, pastor of Pine Street Lutheran church, this city, yesterday in a quiet manner observed his seventy-eighth birthday.

Dr. Shindel enjoys the distinction of being one of the oldest clergymen in active service in this section of the State. His prolonged career in the ministry is due to his bodily and intellectual vigor, which he retains to a surprising degree. He occupies the pulpit and discharges his clerical duties with zeal and fidelity, losing less time through indisposition than many a younger man. Along with an upright figure, good eyesight, good hearing and memory he retains a warm heart and sunny disposition. His hand shake is as vigorous and warm as ever and now as he approaches the eightieth milestone of life's journey he is still the sympathetic open-hearted, even jolly friend, and his companionship is as highly prized by the young as by the old. All in all Dr. Shindel would be a splendid model for those to fashion after who would wish to "grow old gracefully."

Rev. Dr. Shindel came to Danville over thirty years ago. During the long period intervening he has been pastor of Pine Street Lutheran church. He is one of the ablest preachers of this section.

Rode Free on Chicago Flyer.
Joe May, of West Fairview, some time ago amused the newspaper readers of North America by drifting into the dining room of the Waldorf-Astoria, eating an expensive dinner and winding the thing up by ordering a four dollar cigar before he was kicked out, but May has a rival in Harry Jeffries, a New York hobo, who Monday evening at 7:05 o'clock boarded the Pennsylvania special at Harrisburg and rode to Altoona, where he was arrested.

Jeffries was not seen getting on the eighteen hour flyer between New York and Chicago at Harrisburg, and his presence on the train was not noted until the conductor of the train went through to take a record of the passengers. Then he noticed the hobo sitting leisurely upon one of the plush cushions.

"Tickets please," from the conductor did not faze the free rider, who knew that the train would not be stopped until it got to Altoona. "Can't accommodate you," said Jeffries as he leaned back in his seat preparatory to dozing the balance of the ride.

The conductor shoved him through the train and stored him in the combination baggage car in charge of a brakeman until the train arrived at Altoona and then he was turned over to one of the railroad police.

Union Veteran Legion.
The Union Veteran Legion will hold its annual banquet in this city. It is a famous organization of veterans of the Civil War, who saw service of three years duration or upwards. A number of the leading residents of Montour and Columbia counties are members and have their headquarters at Bloomsburg.

The annual banquet which is booked for Danville will take place on November 15, 1905. The exact place of holding has not been decided upon, but the fact may be relied upon that it will be a sumptuous affair, a reunion that will bring together veteran fighters from far and near. The committee having the banquet in charge is composed of D. R. Eckman, Michael Breckbill and Dr. Jno. Sweisfort.

Choir Entertained.
The choir of Trinity M. E. church, with a few friends, enjoyed a hack ride on Friday night to the home of Mr. David Fount, near Limestoneville. The evening was pleasantly spent with music and having a general good time. An elegant supper given by Mrs. Fount and her daughter, Mrs. Cromley, was much appreciated by all. The following persons were present: Mr. and Mrs. Thomas Klinger, Mr. and Mrs. George Langer, Mrs. David Roderick, Misses Mame Kear, Sarah Kear, Edith Reese, Anna Reese, Catherine Slutz, Martha Keim, Odessa Rousler, Alice McCormick, Moers, William Keim, John Henning, Walter Chandler, Strawbridge Ronzaley and Chandler Samon, of Danville, Mr. and Mrs. W. Deen and sons Allen and Ralph of Limestone, Mr. Walters of Milton.

STAR COURSE OF ENTERTAINMENTS

The Board of Directors of the Y. M. C. A. have decided to present a course of entertainments in the Y. M. C. A. Hall, beginning with Tuesday evening, November 21st, when the Whitney Male Quartette will appear. This attraction is of an unusually high character and talent, having given the very best satisfaction, and receiving most flattering press notices, wherever they have previously appeared. The course, in addition to the above, consists of the following:

Carmen's Italian Boy's Concert Company with Elbert Foland as reader.

The Cosmopolitan Company, a musical combination consisting of vocal and instrumental talent.

Dr. Guy Carlton Lee, Editor, Orator and Historian, formerly of the faculties of John Hopkins and Columbian Universities.

Seigel Mayer Company, composed of musicians and reader will be the final entertainment and is a strong combination of fine talent.

The Board of Directors consider it wise to present this course of exceptionally fine talent to the people of Danville at this time, as the Opera House is to remain closed during the coming winter, and it is hoped the course will be patronized and the people benefited by the exceptionally fine talent so fortunately secured by the Y. M. C. A. The number of seats are limited to 350, the seating capacity of the Hall, and it advises those wishing to secure seats, to purchase tickets early. Solicitors will call on the public to sell tickets.

HAS MRS. CUNLIFFE THE MONEY

HARTFORD, Conn., Oct. 25.—When Superintendent Thornhill and Detective Franklin Brower of the Pinkerton agency, left here for Pittsburg last evening, they said they intended to get a warrant for the arrest of Mrs. Cunliffe, wife of Edward C. Cunliffe, the Pittsburg express robber who is at the home of her father in East Hartford. One of the detectives said last night that he believed Mrs. Cunliffe knew where the missing \$10,000 was that was taken from the express company. He expressed the opinion that the money was brought from Pittsburg by Mrs. Cunliffe on the persons of her children. He said Mrs. Cunliffe had made conflicting statements to them.

Both Mr. Boardman, her father, and Mrs. Cunliffe deny that they know anything about the missing money and they both declare that they are persecuted by the Pinkertons.

Northumberland Court House.
Plans for the enlargement and remodeling of the Northumberland County Court House are being quietly formulated by the County officials.

The structure as it is at present is far too small for the transaction of the county's legal business. In court room number two especially is more room needed. During every term of criminal court the room is packed, interfering greatly with the trial of cases. All of the offices on the first floor are also too stuffy and badly appointed for the proper carrying on of the business.

Besides the great need of room the roof and other parts of the building are in bad shape, needing much repair. While this is being done it is the intention to enlarge the structure.

No definite plans for the work have yet been adopted but a committee consisting of President Judge Savidge, Associate Judge Anton, Hon. W. H. M. Oram, of Shamokin, and other prominent attorneys and officials of the county has been selected to make investigations along this line. The Lycoming county court house at Williamsport, which is a structure much the same as the Northumberland county court house, was recently greatly improved by the erection of an L shape addition in the rear. The committee in the near future will visit Williamsport and view the work there with a view of doing the same at Sunbury.

There being plenty of ground space in the rear of the Northumberland county tribunal an addition could be easily built and this would afford the enlargement of the second trial room and down stair offices.

CAN USE BOTH HANDS
TUNKHANNOCK, Oct. 25.—There have been so many arrests in Wyoming county for violation of the fish and game laws this year that Judge Terry has just handed down an opinion interpreting the second section of the act of 1901 as prescribing what are the legal modes and devices by which fish may legally be caught.

He holds in the case in hand—that of the commonwealth vs. W. R. Berchaw—that it is not illegal to fish with a rod, line and hook and a hand line and two hooks at one and the same time.

Many Ministers to be There.
It is believed that nearly half of the members of the Central Pennsylvania Methodist conference will be in Williamsport on Friday to attend the formal inauguration of the Rev. Dr. William Perry Evesland as the president of the Williamsport Dickinson seminary.

Every member of the board of directors, eighteen in all, has accepted the invitation to be present and they will nearly all be accompanied by their wives. About fifty of the ministers will be given accommodations at the school. The other visitors will be cared for about the city. It was announced yesterday that the Rev. Dr. W. G. Sprague, president of the Wyoming seminary, and also Dr. Lippincott, at the head of the Methodist hospital, at Philadelphia, will be there and will speak at the afternoon meeting.

The Rev. G. Murray Kieffer, pastor of the Eighth Avenue M. E. church of Altoona, has been selected to act as toastmaster at the banquet to be given in the evening of inauguration day.

ICE HOUSE AND STABLE COMBINED

Pursuant to action of Council at its last meeting Secretary Patton has granted a permit to the D. L. & W. Railroad Company to construct the switch into the building on D. L. & W. avenue formerly the Salvation Army barracks.

The prime mover in procuring the switch is our townsman A. L. Delcamp, who has an option on the old barracks and who desires to remodel it into a building for storing ice and a stable combined.

Mr. Delcamp, who handles Pococo ice, receives it by the car load and is obliged to sell it directly from the car, a method attended with a good deal of inconvenience. With a switch running into the barracks Mr. Delcamp will be enabled to store away a car load of ice at a time for use when the need arises on his way. In this way he will always have a small stock on hand and in case of a short delay in transportation caused by wreck or the like he will not be left without a supply of ice. Only one-half of the building will be used for the purpose of storing ice; the other half will be converted into a stable in which the horses needed for the ice wagons will be kept.

The switch for which the permit has been granted will branch off from the main track west of Ferry street, which it will cross and extend in an easterly direction to the barracks. The switch, which will practically take the place of one of the spot some years ago when a coal yard occupied the site of the barracks will be intended for general use and will prove very convenient for our merchants who ship over the D. L. & W. Railroad.

MINOR MATTERS OF INTEREST
A real curiosity is on exhibition at Garrison's store, Grovanna, in the shape of two good-sized pumpkins, which are grown together much after the fashion of the Siamese twins. Both are perfectly formed and are separate and distinct with the exception of a space some three inches square where the contact occurs. The twin pumpkins were raised on the farm of George Moore.

Another curiosity shown at Mr. Garrison's store is a red belt which has attained an abnormal size, weighing 14 pounds and 4 ounces. The latter was raised on Mr. Garrison's lot by John Welliver.

Joseph Keely has had a flag stone pavement put down in front of his property on West Mahoning street. T. L. Evans' Sons did the work. Joseph Snyder is having a concrete pavement laid in front of his dwelling on Grand street. O. B. Sweitzer has the contract. All such improvements are to be commended, as it is a fact much to be deplored that on many of the less important streets of town good pavements are rather the exception than the rule and walking out after dark is a rather hazardous undertaking.

It is pretty evident that Danville is going to have its fall share of foot ball this fall. By today or tomorrow bills will be posted announcing a game at DeWitt's Park, Saturday between the Ex-High School Team and the East End Athletic Club of Mt. Carmel, a team of players recognized as the Champions of the Coal Region. It will probably be the most important foot ball event of the season.

The School Board has not as yet succeeded in securing a substitute for the Third Ward Principalship, nor a permanent teacher to fill the vacancy existing in the primary school of the Fourth Ward. All of which goes to show that in teaching as well as along other lines of activity during these prosperous times there are rather less applicants than there are positions to be filled.

Our local hunters still continue to take their luck, but it seems to be a same old thing—an empty game bag or one only partially filled. The general scarcity of game is attributed to the depredations of foxes and hawks. On game preserves during the coming winter, therefore, attention will be turned to getting rid of the foxes.

Will Not Ring Between 7 P. M. and 7 A. M.
Persons who have occasion to use the Center and Spruce street crossings of the P. & R. Railway should be very careful to read the new boards explaining the operation of the bells; they will then find that the signals are not in service and that the bells will not ring between the hours of 7 p. m. and 7 a. m.

In these columns yesterday it was inadvertently stated that the bells are off "between 7 p. m. and 2 a. m." The error made will work no ill if persons in crossing do as is required of them, and read the boards closely, when they will find that they "must not cross while the bell is ringing between 7 a. m. and 7 p. m."

Surprise Party.
A surprise party was tendered Mrs. Joseph Longenecker at her home on Railroad street, Monday evening in honor of her 37th birthday. The guests passed the evening very pleasantly by dancing and playing games. Refreshments were served. Those present were: Mr. and Mrs. Theodore Baker, Mr. and Mrs. John Baker, Mr. and Mrs. James Daily, Mr. and Mrs. John Minizer, Mr. and Mrs. Thomas Neville, Mr. Sawinski, Mrs. Harry Weninger, Misses Gerie Mintzer, Nellie Mullen, Mary Baker, Alice McCormick, Lucy Smith, Catherine Dapp, Messrs John Minizer, Edward Fox and William Hofer.

How can this country hope to remain simply democratic with royalty increasing so fast among us? Here we have a new base ball king and a golf queen within a week.

AFTER THIRTY YEARS OF SEPERATION

A romance of married life would be an appropriate title for the story of the reuniting of Mr. and Mrs. Sanford Fegg, the former a Bloomsburg native, who was married to a long-time resident of that town, who were reunited last week after a thirty years separation, and are now living together at Scranton.

Thirty years ago Mr. Fegg, who was well known in Bloomsburg and liked by all suddenly deserted his wife, seemingly without any excuse whatever. At that time he was employed as gardener by the late David J. Waller. His home life was ideal and the greatest surprise was felt at the time by all who knew him that he had so conducted himself. He went to Scranton and took up a position as coachman where, it is said, he has since been employed.

During all these years in which his family were separated, the years of maturity and his wife and himself have passed into the ripper years of their life, nothing was heard from him. During the summer, it is understood, he returned to Bloomsburg for a brief visit, coming as one from the dead. It was only the older generation of town who remembered him.

He returned to Bloomsburg last week again; visited his wife and the two decided to live together as man and wife. Mr. Fegg returning to Scranton where he is employed and where they will make their home from this time. The years have dealt kindly with both of them and it is possible that the thread of their married life, broken thirty years ago, will be united for many years to come.

IN RAINCOAT AND PAJAMAS
LITTLE ROCK, Ark., Oct. 25.—President Roosevelt will be seen in appearance in Arkansas at Carlisle, clad mainly in a raincoat. A large crowd of people and a steady downpour of rain greeted him. It was the first rain he had encountered on his present trip but it neither dampened the ardor of the crowd at Carlisle, nor chilled his own spirits. He was dressing when the little town was reached, and at first did not intend to go out in the platform for there was no stop schedule there. But the country folk for miles around knew the train of the president would stop there for water and sent an urgent message to Secretary Loeb, asking that they be given an opportunity of hearing the executive.

In some unaccountable manner the telegram did not reach the secretary until after the president had retired for the night, after a hard night in Alabama and Mr. Loeb did not feel justified in waking him. As the train stopped at Carlisle the crowd let loose a chorus of cheers, a whistle somewhere in the neighborhood set up an awful screaming and the president did not have time to double the amount of his constituency was demanding his presence. He sent for Secretary Loeb and asked him the name of the town and the cause of the unscheduled demonstration.

"They are expecting to see you, Mr. President," replied Mr. Loeb, then explained the situation.

"But I'm not dressed. I'm not fit to be seen. I can't appear in pajamas," exclaimed the president.

"Why not put on a rain coat?" asked the secretary.

So the president did and made the Carlisleites a little speech from the platform of the Signal.

Just before the train left Birmingham last night Secretary Loeb and a large number of detectives, the discomfited. The detective rushed up to the president's carriage in the gloom and the secretary warned him away.

"I'm a secret service man," cried the stranger.

"Don't care who you are," replied the secretary. "You must not get too near the president."

The man advanced in spite of warning and received a staggering blow from the secretary's fist. He made a misdirected kick at the secretary's shins which struck nothing more solid than the atmosphere, then fell back into the crowd uttering maledictions.

The president's train reached Fort Root at 5 o'clock.

The county candidates are on the jump.

TO REMODEL NIAGARA FALLS
NIAGARA FALLS, Oct. 25.—Most-goneur Lafarge, a distinguished Canadian geologist, is making a survey on behalf of the Horseshoe Falls, and the Canadian members of the International Waterways commission, some of whom are here. The idea appears to be to determine how the water of the upper river can be diverted towards the Canadian channel without causing friction with the United States government.

There is a question as to where the boundary line between the two countries mounts the Horseshoe, the Canadians being inclined to think that instead of being at the middle of the Horseshoe, it is at a point of rock not far out from Goat Island.

Lodge's 32nd Anniversary.
Myrtle Lodge, No. 858, I. O. O. F., observed its 32nd anniversary on Saturday night. The event was attended by the members, their wives, children and invited friends, some four hundred in all being present. An interesting program of recitations, music, &c., was rendered, after which a banquet was served.

Change in D. & S. Schedule.
On and after October 26th, the last car will leave the Hospital at 9:30 p. m. instead of 10:30, and last car will leave South Danville at 9:45 p. m., instead of 10:45.

Farmers around Milton are complaining of thieves stealing their corn from the shocks. Detectives are on the track of the depredators.

Given under my hand and seal at my office, in Danville, Pa., this 20th day of October, A. D. 1905.

GEORGE MAIERS, Sheriff.

Many of Them go to Reading.

Machinists, boiler makers and general shop workmen to the number of one hundred have removed to Reading from Wilkes-Barre to work for the Reading Railway. The men were employed by the Lehigh Valley Company at Wilkes-Barre, until a week ago, when the company decided to abandon construction work there in favor of the new shops at Sayre.

Will Admit Indigent Cases.
At a meeting of the Board of Directors of the Joseph Ratti Hospital, at Bloomsburg, held yesterday, it was decided to admit emergency accidents and medical cases to the wards without waiting to determine whether the patient was able to pay for treatment. The directors also decided to install an X-ray machine and fit up the basement as a laboratory.

Ayer's Hair Vigor

Do you like your thin, rough, short hair? Of course you don't. Do you like thick, heavy, smooth hair? Of course you do. Then why

not be pleased? Ayer's Hair Vigor makes beautiful heads of hair, that's the whole story. Sold for 60 years.

"I have used Ayer's Hair Vigor for a long time. It is indeed a wonderful hair tonic, restoring health to the hair and scalp, and, at the same time, giving a splendid dressing." Dr. J. C. AYER & CO., Lowell, Mass.

DANVILLE WINS FIRST GAME

The popularity of basket ball in Danville was again manifested Friday evening by the big audience that turned out at the Armory Hall to witness the defeat of "Our friends, the enemy," from Bloomsburg by a score of 25 to 20, in the opening game of the season.

The hall was packed with enthusiastic rooting, many from Bloomsburg being present. Neither team played a star game; both being defective in passing and in locating the basket. In the first half especially was the shooting faulty. The play, however, was spirited throughout the contest, and the interest never flagged.

Danville took the lead at the start with a goal made in the first few seconds of play. Their standing on the tally sheet was not changed, although several times Bloomsburg lacked but one goal of gaining the lead. The first half ended with Danville 4 points in the lead by a score of 12 to 8.

In the second half better goal throwing was done by both teams, and for a while Bloomsburg seemed to be getting the better of it, but with Danville only one point in the lead Peters and Johnson threw three difficult goals in quick succession, and closed the argument.

The line up: Danville. Bloomsburg. Peters.....forward..... Williams Johnson.....forward..... Allen Sechler.....center..... Gilmore Russell.....guard..... Appelman Danner.....guard..... Edgar

Goals from field—Peters, 6; Johnson, 4; Allen, 4; Appelman, 2; Gilmore, 2; Williams, 1; Sechler, 1; Edgar, 1. Goals from fouls—Peters, 3. Umpire, Joe Rosenthal.

Judge Weiss, of Harrisburg, granted a rule on three mutual fire insurance companies of Johnstown to show cause why their business should not be wound up and receivers appointed.
