There is a disease prevailing in this country most dangerous because so deceptive. Many sudder deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. It is didiney trouble is allowed to advance the kidney-poisoned blood will attach the vital organs or the vital organs or the kidneys themselves break down and waste transferred.

ville team.

The Danville team played a strong game, and fought to the lat d'toh, but they were simply overjoweed, outplayed—and beater. The viators exhibited in their playing many good qualities that the locals lacked; first they played together, each seeming to understand the others' work. This mutual knowledge of each others' mide of playing and their superb possing made their team work beautiful to watch. The second comething in which the Pittston boys surpassed the Danville players was in good shooting.
Their shooting was not merely securate but sensational, while the Danville team with the exception of Weiliver, was faulty to a degree in their basket

browing. That Danville made so good a slowing on the tally sheet. was due to apurts of good form that only served the double purpose of landing here and here a goal and reminding the older basket ball enthusiasts of better days. before they disappeared.

If the players of basket ball in Dau-ville would receive a little kindly useant advice, we would tell them to "get together" both in spirit and
