

SCHUYLER, January 31, 1906.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doable and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio is the only constitutional cure on the market. It is taken internally in from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by druggists, 75c. Take Hall's Family Pills for constipation.

MISTER EDITOR:— I see Johnnie has come down to doing business on a solid basis in his last letter. This is as it should be. He talks lots of good sense in declaring for good men for candidates for office. I can shake hands with him and help boost any honest man he wants. As I have no ax to grind or friends to push for officer I am free to do what I can to help the cause. Jerry is a little backward in coming forward and declaring for reform, but after he looks the situation over he will see the error of his ways and be in the swim. He has made a start by naming Squire Auten for "Association Judge," but is a little off color on the balance of his ticket. To be sure he is rather compelled to stand by "Scoot Ammen" for services rendered in that famous turkey scrape, but he has given no good reason for sticking to "Mike Brickbill." Perhaps he has just as good ones as he has in the other case. His half brother Johnnie gives him away in that bit of family history in last week's letter. He has probably repented and will return to the home he left several years ago, to turn in and do some good yet in his old age. Johnnie, you ought to set up the cigars for helping find your long lost brother. I'll come to the Exchange some day and we will talk over the political situation while we smoke those cigars. How will that suit you? It would be well enough for you to get a letter of introduction from the Intelligencer man so I will know you are Johnnie. I don't want to tell any secrets to one whose identity I am not sure of. Say Johnnie, what do you think of the action of the Commissioners refusing to publish the County statement in our paper. Don't you think they feel as though they own the county and part of Pennsylvania, besides? It looks as though they expect to have another republican board elected in the next century, and are laying down a precedent to govern it when that unlikely event comes to pass. I suppose if we want to know how our money was spent we must invest in a republican paper, and that makes a bad dose to take. I think I won't try the remedy, but you can bet your bottom dollar there will be no republican board to play that game hereafter.

January has surely been a delight. Get your son to join the Y. M. C. A. 600. Prepare to celebrate Washington's birthday. Look out for a break in the lovely weather. Plenty of exercise in the open air is the best tonic. Cigarette smokers should be excluded from the rear ends of trolley cars. Ex-Cos. Treas. Geo. Cotner, of Limestone twp., circulated among his many friends in town this week. Good farm for rent in Dairy township, Montour county. M. L. SISK, Jerseytown Pa. No doubt the reason Arizona and New Mexico do not want to be joined together in the holy bonds of school is that each thinks the other nift. But if the rest of us can stand it, they should. Marshall Field achieved distinction not by being the richest merchant in the world, but by being its greatest taxpayer. A more substantial conception of probity is not possible. David Smith, of Exchange, was a visitor in this city yesterday. Job Printing of all kinds properly executed at reasonable prices, at the Intelligencer Office. Keep up the good roads movement. It means a great deal for the county. By the way, White House wedding invitations are being distributed. Watch your mail closely. WANTED—District Managers to post signs, advertise and distribute samples. Salary \$18.00 weekly, \$3.00 per day for expenses. State age and present employment. IDEAL SHEAR CO., 39 Randolph St., Chicago. The report that the Delaware peach crop has been ruined by the warm weather must be traveling by slow freight, but it is expected to reach the north before the cold wave overtakes it. Perhaps February will make up for what January has lacked in the way of average temperature. WANTED—10 men in each state to travel, post signs, advertise and leave samples of our goods. Salary \$75.00 per month, \$3.00 per day for expenses. ROYAL SUPPLY CO., Dept. W. Atlas Block, Chicago. The packers who sought to corner the egg market and unload their stale hen fruit upon the consumers at a high price are getting little sympathy. Perhaps they will learn a wholesome lesson. In Russia a constitutional party is holding a convention and, it is announced, will fight a proposition to bestow the elective franchise on women. It does not appear that the same privilege has as yet been bestowed upon the men. Mr. John Simpson and wife, of Scranton, formerly of this city, were visitors here last week. Mr. Lewis Baylor, of near this city, gave us a pleasant business call last Saturday and renewed his subscription. Mr. Baylor is one of our oldest subscribers, having started to read the Intelligencer in his early boyhood. Fri., March 2, A. Frank Cotner will sell at his home at Limestoneville at 10 o'clock a. m., Horses, Cattle, Farming Implements, Household Goods, etc. Diehl & Sweitzer, Auctioneers. Mr. G. D. Vognetz, of Strawberry Ridge, informs us that the Peoples' Telephone Construction Co. is at present doing a rushing business. Trespass notices for sale at this office. Two for 5c, or 25c a dozen. Thurs., Mar. 1, '06, H. A. Bennett will sell on the W. C. Williams farm in West Henlock twp., on the road leading from Danville to Jerseytown, at 9 o'clock sharp, live stock, farming implements and household goods. McClellan Diehl, auctioneers. Mr. Ralph Cotner and family, of Catwissa, were recent guests of Mr. and Mrs. D. N. Dieffenbacher. FOR SALE—A 20 horse power gas engine for sale for less than what it cost new. Been used but two months in printing office, (which has been sold) so have no further use for engine. In order to sell quickly will sacrifice over half what it cost. My loss will be the purchaser's gain. A. H. CONNELL, Bloomsburg, Pa. In rear of north corner Main & Jefferson Sts., where it can be seen in operation. **VITALIGORS** Cure Nervous Diseases. Dean; for 1 year, John D. Ellis; Poor Overseer, Sam'l Mulley; Auditor, Charles Hartman; Tax Receiver, Elmer Frymire; School Directors, P. F. Cronis and Geo. Vanordnung; Township Treasurer, E. Balliet; Justice of the Peace, John D. Ellis. BILL.

Danville-Town Brevities.

GROUND HOG DAY, Feb. 2, 1906.
To the Editor of the INTELLIGENCER.
Lent begins on the last day of February. Many trees of the maple variety seem almost ready to burst their buds. It tried hard to snow on Thursday, when only a few flakes fluttered here and there. If a lampwick peddler comes around don't patronize him—the article is a swindle. The sun shone brightly all day Friday, February 24, Ground Hog Day, and so, according to the old tradition we will have cold and stormy weather for the next six weeks. There is yet hopes for the Danville people reaping a fair ice crop; and so, keep up your spirits, all ye who are interested, and you may be happy yet, for "all's well that ends well." Wm. Hollisen is still on the sick list. For twenty-four years the old soldier was the faithful driver on the Danville omnibus line, and during all that time never missed delivering the mails at the various railroad stations. Truly a good record. Early in the Fall Frank Meyers, of this city, predicted that "because the leaves fell from the trees in September, a month earlier than usual, spring would not be as long during the year as winter fall to more than three inches." Thus far Mr. Meyers' prophecy has been correct to the letter. The colored people of this city will give an entertainment in Armory Hall, on Thursday evening, February 15th next, upon which occasion there will be cake walking, dancing and singing. Contests for \$3 prizes will be open to everybody, regardless of race. Mother's orchestra will lead the merry participants. Tickets 25 cents, can be purchased of the managers, Wm. Barton and Alfred Andersen. "John Lauterbox," of Antony township, will please accept our thanks for writing us up in a recent issue of the Intelligencer, when he suggested we become the next candidate for sheriff. The gentleman said, "let the state of Armstrong Ward." "If it was to go to the town, as to be man, give it to them: er old retired cuter, who has did so much for his parish nankin. We think as how they sed his name was Echrich." Lawrence Cotter, E. q., at Castle Grove Green houses, has in his employ Frank Braunman, who has a brave and gallant soldier in the late United States Army, and was distinguished as a guard at Moro Castle, Havana, when the Spanish colors were hauled down and the Stars and Stripes triumphantly hoisted from the same flag staff. Ask the soldier about the episode, and he will tell you it was the most thrilling incident of his life. Mrs. Richard W. Eggert entertained a delightful party at dinner, at her cozy residence, on the corner of Mahoning and Ferry streets on Tuesday. The jolly, hilarious guests consisted of Mr. and Mrs. Joseph Crim, of West Henlock township, and Mrs. Isiah Blue and Mrs. William Flick, of Valley township, all of Montour county. At a late hour in the afternoon the company reluctantly bade adieu to the hostess and departed for their several respective rural homes. On Tuesday, McKinley's Day, we enjoyed a walk through the romantic grounds at Castle Grove, where Mr. Lawrence Cotter, the genial lessee of the green houses gave the writer a cordial welcome, and appropriate to the occasion decorated him with an exquisite carnation, the late lamented president's favorite flower. And while leisurely meandering through the various picturesque and artistic sylvan nooks, Mr. Cotter, assisted by his interesting son Willie were busily engaged in making a rush order for several of their most beautiful and fragrant varieties. One consignment of American beauties, liberties and nymphettes were sent to Mrs. Norman Scott, daughter of Mrs. John R. Bennett, who was about to sail for Europe on board the American-Hamburg steam ship "Moltke," while Mrs. Elen C. Bennett, at the St. Regis Hotel, New York, was the recipient of prosperity carnations and other rare and sweetly perfumed flowers.

The pain ceased—the calculus or stone having been dissolved by the medicine. I am ready to testify that my recovery was due to Dr. Kennedy's Favorite Remedy.—E. D. W. Weather Report by Telephone. The United Telephone Company has arranged to give the farmers of the State the weather report daily, this fact, which is of state interest, being announced for the first at this time. At the meeting of the State Grange at Sunbury this matter was left in the hands of William T. Cressy and Mr. Porter, of Williamsport, with the request that they take it up with the Bell and Independent companies. A letter was received Friday by Mr. Cressy from the United Telephone Company in which he was informed that the company would be glad to furnish the information to the patrons. The details of the plan have not yet been arranged, but the probabilities are that at a certain hour each day the operators at central points through the state will ring up the various subscribers, the ring denoting that it is the "weather" ring and all who care to get the weather report can then come on the line. This plan has been successfully followed in the west, but is new to the east.
