STORES UPEN AFTER 6 O'CLOCK

the whiter terminated somewhat up expectedly and housekeepers who up to the present have been obliged to make their purchases prior to 6 o'clock have been granted two hours addition-al for visiting the stores.

al for visiting the atores.
When early closing went into effect
after the holidays some of the merchants insist it was without fixing any
time limit. Indeed it is no secret that
many were looking forward to a con-At all events the merchants along all

lines now pretty generally find it to their interest to keep open until 8 o'clock. The department stores first announced their intention of keeping The grocery stores were dispos ed to hold back and yet last night a couple of well known establishments had not fallen in line with the new order of things. Among the grocery stores that had been closing early J. F. Tooley was one of the first to keep open. He had intended to begin on Monday night, but owing to the disagreeable weather he closed at six o'clock. Tuesday night he remained open. Others have been falling into line since until last night Mill street, with here and there a solitary exceped to hold back and yet last night with here and there as solitary excep-tion was lit up from one end to the other. It was truly an agreeable change from the dark, the dreary and desolate appearance presented by the principal street of our town during the ong evenings of winter.

To say that the opening of the store popular with many of the merchant ould be to overstate the fact. They omplain that there is not enough busi-es after six o'clock to justify keeping open. To protect their trade they have merely followed the example of others and beyond this are hardly able to ex-plain how the new order has been

that the stores should be open until 8 o'clock, but not beyond that hour. Purchasers have got out of the habit of dealing after six o'clock, but the ew is taken that it will only be a few days until they will turn out in the evenings as usual, making many purchases at stores, thereby enliven-ing the town and adding to the sum total of business.

The inspections in the Third brigade N. G. P., were concluded in Tamaqua on March 17th, when Company B, Eighth Regiment passed before the in-spectors. This company was to have been inspected in February, but owing to the smallpox epidemic it was neces sary to postpone it. The attendance was an improvement over a year ago the absentees being as follows: Fourth Regiment

Eighth Regiment

Twenty companies, including Co. F, of this city, presented the minim for inspection and secured the covete for inspection and secured the coveted to oper cent, but Company B, Eighth Regiment, was the only company to actually have every member present and in uniform. The companies attaining 100 per cent were distributed

D, of the Fourth; and I, of the Thirteenth, had but one man absent and six companies, B, of the Fourth; A and D, of the Thirteenth; H, of the Eighth; F, of the Ninth, and A, of the Twelfth, had but two men absent. The largest number of absentees in any one company was 15 in Company H, of the Twelfth.

A large number of friends gathered at the home of Mrs. Maria Amesbury Saturday evening in honor of Mrs Amesbury's 71st birthday. Over fifty guests were present. The party was delightfully entertained by music by ments were served. Mrs. Amesbury was the recipient of many handsome

under the Sproul good road act of May 1, 1965. The following members were present: Boyer, Vastine, Dietz, Jacobs, Angle, Finnigan, Hughes and Bedea, Borough Solicitor E. S. Gear-bort was above process. art was also present.

Mr. Gearhart last week took a trip

to Harrisburg in the interest of obtain-ing State aid for the reconstruction of nig State and for the reconstruction of Mill street. He presented a report last night describing his interview with State Highway Commissioner Hunter. Although Danville made application ast fall it was learned that several other applicants were ahead of us, which may occasion some delay. Mr. Gearhart, however, stated that the outlook is quite encouraging. Before the next step can be taken by the State it will be necessary for the borough to comply with certain terms of the high way department, which were fully described by Mr. Gearhart. The high way department, however, asks nothing un-reasonable and everything will no doubt go on swimmingly. The only doubt go on swimmingly. The only unfortunate feature is that a little delay may occur, as the highway com-missioner owing to prior applications does not think that he can send the engineer corps here until after the first of June.

SCHOOL BOARD IN SESSION

A case came up before the school board last night relating to the spreading of contagious diseases, which is giving the teachers and patrons of the second ward schools a great deal of laxy at his home, South Danville, yes-auxiety. Mr. Pursel designated a family in which there has been some two or three cases of illness, all of a suspicious nature, during the week or two past and states that in all that time other children in the family have been just as he left his bed and fell to the

that there were no infections diseases present. On Saturday, however, one of the children died and it was buried as a victim of diphtheritic croup and a placard warning against that disease was displayed on the house. To make the matter worse Mr. Pursel stated, the father is anthority for the state, becaused into a state of semi-conscious, but again that disease is an extent of semi-conscious. the father is authority for the statement, that another child in the family previously ill had the same symptoms as the one that died. Considering that the schools all the time were exposed by pupils of the infected family attending, Mr. Pursel thought that a state of affairs existed that called for immediate remedy. It has also developed that the law which requires all cases of infectious disease to be reported to the schools in 24 hours is not very closely lived up to—in fact it is more generally "observed in the breach than in the observance." The matter was discussed by the school board at considerable length and it was the unanimous opinion that something ought to be done to oblige all parties to observe the wise precautions laid ment, that another child in the family ought to be done to onlige all parties to observe the wise precautions laid down by the school law. Several mem-bers wanted to call the attention of the State board of health to the ap-parent neglect, but the matter was

Harry School, a member of the graduating class of the high school, a peared before the board asking that the financial management of the commencement be assumed by the school board. After some discussion it was the decided that the management be retained by the class, and the board be retained by the class of the same category as his fellows.

getting over their routes these days, although here and there a stretch of have done some pretty hard kicking, which is only natural considering that

for nearly a week they were deprived of their mail.

A well known farmer explains why the situation as relates to blocked highways this year is somewhat anomal ous. The work of opening up the roads has always devolved upon the super-visors. The new act that goes into effect this year has made such a sweep-ing change that the supervisors hardly know where they study in relation to know where they stand in relation to snow shoveling. The work would de-volve upon the road master, but in some townships these are not yet all appointed and only in a few places have they rightly entered upon their duties. By next season the system will be in good working order, when the be in good working order, when the road masters will each be assigned to his section and will be held strictly accountable through the supervisors for the condition the road is kept in.
