Must Use The Knife

Said the Surgeon, but Dr. David Kennedy's Favorite Remedy was taken and the Knife Avoided.
The Union and Advertiser of Rochester, N. Y., recently published the following interesting account of how William W. Adams of 127 South Avenue, that city, was saved from a painful operation by the use of Dr. David Kennedy's Favorite Remedy.
Mr. Adams said: "Three years ago I was taken with kidney disease very badly; at times I was completely prostrated; in fact, so bad that the day was not saved for the doctors to perform an operation upon me. But I decided I would not submit. I had been put in hot water baths, and in fact, nearly every means was tried to help me. Upon the day set for the operation I commenced the use of

DR. DAVID KENNEDY'S FAVORITE REMEDY

and from that moment began to gain, and it was not long before I was entirely cured and have had no return of the trouble since. My weight has increased and I never was so well as I am now. I have recommended Dr. Kennedy's Favorite Remedy to many people, for it saved my life."
Write to Dr. David Kennedy's Sons, London, N. Y., for free sample bottles of Dr. David Kennedy's Favorite Remedy, the great Kidney, Liver and Blood medicine. Large bottles \$1.00. All druggists.

SCHUYLER.

Mr. EDDOR.—There is a free concert given daily now by the locusts. The air is filled with their songs. Trees, shrubs, etc., are filled with empty shells, but the full-grown locust is not so numerous as one would be led to believe by noting the number of shells. The sparrows are making up upon them and evidences of their success are seen on all sides in the form of wings, which are scattered everywhere.
Miss Nell Fetherolf, of Mazonia, was a Sunday visitor to our city.
C. W. Bailey and lady, Lloyd S. Foulk and Foster Stahl, and visitors to Billmeyer's park on Sunday.
James W. Snyder, the sexton of cemetery at Turbotville died last week and was buried on Sunday afternoon.

Tuesday evening we had some rain, which was needed very much. The surface of the ground had become quite dry. Oats and grass are growing but the hay crop will be a short one. Corn is slow in growth and coming up irregularly. A few farmers are working corn but the greater number have done nothing since planting.
The Children's Day services were rendered in the Baptist church on Sunday evening. The program was a very good one and given without a hitch. There were no services in any of the other churches, and the audience present filled the church. The Reformed church will hold their next Sunday afternoon, and the St. James Lutheran church will render theirs in the evening and Zion's Lutheran, in two weeks.

On Saturday evening a birthday surprise party was given Mrs. Wm. H. Jarrett. The brothers and sisters and other relatives, with the neighbors composed the gathering. The evening was spent in social chat, listening to the graphophone and disposing of a good supper. There were about 35 to 40 persons present. Mrs. Jarrett was taken by surprise. Her husband asked her to take a drive so the neighbors, etc., could gather in during the time they were absent. May she live to enjoy many more such occasions.

New Postal Ruling.

An excellent ruling has recently been made by the postal authorities at Washington for which they are entitled to the united thanks of the mail carriers. It has been ruled that where a man keeps a vicious dog about his premises that makes it dangerous for a carrier to deliver mail, such delivery may be omitted. Unless the carrier is willing to risk the danger of the dog or the owner of the vicious brute will have to deposit upon himself in getting his mail at the postoffice.
TO CHANGE MEMORIAL DAY.
There is every reason to believe that the project to change Memorial Day observance to the last Sunday in May and to confine the services to the reversion of the graves, with the memorial meetings in the churches later in the day, will soon be adopted by the Grand Army of the Republic and the other organizations of veteran soldiers. That will put an end to the dancing, parades, festivals and the other unseemly things that now mar the solemnity of the day.

A rumor is prevalent in Catawissa that agents of the Pennsylvania railroad were endeavoring to secure land in Catawissa preparatory to double tracking the system from Catawissa to Nesquehock. The work of completing the double tracking from Catawissa south is comparatively easy matter, the company having sidings practically all the way into Sunbury, requiring only the work of connecting them up.
