## MINE WORKERS' CHAMPION FOR JOHN G. MCHENRY Danville Intelligencer An Important Letter Established in 1828. FALL and WINTER CLOTHING SS Secretary-Treasurer of the Great Labor Organization Appeals to D. AUST LUTZ Editor and Proprietor the Voters in Behalf of a Worthy Man. TO THE VOTERS :--W. B. Wilson is the International Secretary-Treasurer of the United Mine Workers of America. In all the great struggles for the rights and in-terests of labor in the Anthracit- Coal legion he has been President John Mitchell's "right hand," so to speak. His life, his energy, his splendid ability have been devoted to the cause of labor. He is essentially the faith-ful, efficient and conscientious champion of Labor in Pennsylvania. Appreciating the importance of having the faithful friends of labor in the next Congress, Secretary-Treasurer Wilson is taking an interest in the Congressional contest in this, the Sixteenth district, of this State. He un-derstands and appreciates John G. McHenry and with characteristic candor appeals to the voters in his behalf: The following is his address to "the Miners, Farmers and other citizens of the Sixteenth Congressional district of Pennsylvania." Machlson International Secretary-Treasurer of the CALVIN SHULTZ. ZAWAWAWAWAWAWAWAWAWAWAWAWAWAWAWAWAWA At the outset of the present campaign Dr. Samuel set up the claim that his candidacy was endorsed by Samuel Gompers, President of the Am-erican Federation of Labor. Mr. Gompers is really the Legislative Com-mittee of Organized Labor in Washington. His office is at the National capital and part of his business is to keep a record of the votes and actions of Senators and Representatives in Congress on labor legislation. The endorsement of Mr. Gompers is a strong card in industrial cen-tres. Every Labor organization accepts it as a guide in political action. If Mr. Gompers were less vigilant his name would be used freely by enemies of labor who coxet the support of workingmen at the polls and stab them in the back in Congress. Occasionally a man is found with sufficient temerity or enough stupidity to take chances of not being found out. Dr. Samuel ap-pears to be in this class and he boldly claimed that Mr. Gompers had en-dorsed him for re-election. United Mine Workers of America. More varied and extensive interests than this. Agriculture, manufacturing and mining are of almost equal importance and the representative of the district in Congress should be familiar with all of them. Mr. McHenry measures up to these requirements. We congratulate the Democracy of the district on having so excellent a candidate."-Shamokin Dispatch.
