NUMBER

## J. H. WOODSIDE

A communication was received from the Danville and Bloomsburg street railway company calling attention of principal council to the fact that the extension on A street has long ago been complet-ed in every detail and A street itself has been finished in accordance with every requirement of council and therefore requesting that the borough on A street has long ago been completed in every detail and A street itself loads wares or merchandise whatso-has been finished in accordance with every requirement of council and therefore requesting that the borough now perform its part of the contract, eccept the work as done and forthwith erwise snall take out a license for the on Cross street. In this connecture Panyille and Bloomsburg amount of the license shall not be less street railway company requests council to require the abutting property the sum of two hundred dollars, per owners ou A street to properly gutter month of fractional part thereof, to be in front of their properties. Otherwise it will be impossible to keep the street ough of Dauville. Said license shall

It will be impossible to keep the street in repair.

The matter was discussed in various relations, after which on motion it was decided to lay the communication to the sale and upon the failturate of said person or persons so to secure such license, he, she or they shall on the table.

Ou motion the street commissioner hundred collars nor more than two was instructed to sink an eight-inch lundreddollars to be collected as other terra cotta pipe at Chestnut and West Market streets on the South side of the latter throughfare.

Mr. Dietz, of the committee on of Montour for a period not exceeding

market, presented a report of the citi-zen's meeting held on November 7th to consider questions relating to the curbstone market. Some of the merch-ordinances are hereby repealed. ants and butchers, he said, were in favor of excluding all but the farm- on Friday, December 7th., when, un-

ers, while others were in favor of ab-olishing the market altogether.

Mr. Jacobs presented an ordinance to amend the second, third, fourth, fifth, and last clauses of section 17 and also to amend section 21, etc.

also to amend section 21, etc.

The amendment proposed to raise the market fee from ten cents to fifteen cents for one-horso vehicle wheelbarrow or hand cart and to raise the fee for two-horso vehicles from fifteen from each company in turn. This year cents to twenty-five cents. The pro- it is the Continental company's turn

cents to twenty-five cents. The proposed amendment raised the fee for hucksters and butchers from twenty-five cents to one dollar.

Mr. Vastiue moved that the proposed ordinance be rejected and that conneil abide by the market ordinance at present in force. It was carried by the following vote: Yeas: Vastine, Sweisfort, Russell, Dietz, Bedea, Finnigan, Hughes, and Angle. Naws:

Boyer, Eisenhart and Jacobs.

Tie she Continental company's turn, and the members of that content of the members of that company's turn, and the members of that content of the members of that content of the members of that content of the members of that company's turn, and the members of that content of the members of that content and the members of that content and the custom for a number of years to hold the clection at the first satisfactory. at present in force. It was carried by the following vote: Yeas: Vastine, Sweisfort, Russell, Dietz, Bedea, Fin-nigau, Hughes, and Angle. Navs: Boyer, Eisenhart and Jacobs.

Mr. Jacobs after explaining his position in the matter, which was to the effect that he was merely acting as chairman of the market committee, presented the same ordinance with the amendment changed so as to raise the amendment changed so as to raise the rom twenty-five cents to fifty cents.
This was adopted as amended on first eading, by the following vote:

Yeas: Sweisfort, Boyer, Bedea, isenhart, Jacobs and Finnigan.
Nays: Vastine, Russell, Dietz, lughes and Angle market fee for hucksters and butchers from twenty-five cents to fifty cents. This was adopted as amended on first

**Hughes and Angle** Dr. G. A. Stock of the local medical society, accompanied by Dr. P. C. Newbaker, president of the board of health, appeared before council asking that an ordinance be enacted to prevent the distribution of medicine about town in the form of samples. Both gentlemen spoke at some length, explaining the danger to which people are exposed by the practice. Council concurred in the view and on motion it was ordered that Drs. Stock and it was ordered that Drs. Stock and the stock and the samplittee of the stock and the stock are stock and the stock and the stock and the stock are stocked game by the score of 40-02. The contested game by the score of 40-02. about town in the form of samples. Newbaker meet with the committee of playing at times being fast and ac council and draft an ordinance that will prohibit the distribution of med-

ed which can be attributed to the fact that it was the season's first game.
Altogether the game was well worth seeing. Kaseman, one of Shamokin's forwards played the star game of the eut: Vastine, Sweisfort, Boyer, Dietz, Bedea, Russell, Angle, Hughes, Finnigan, Jacobs and Eisenhart. Chairevening. man Gibson being absent Dr. Sweisshooting for Danville.

but are idle. The amount of coal exracted from the river at Danville dur here at twenty tons daily. This during the summer has amounted to an enormous aggregate which was sold to the Structural Tubing works, the Standard Electric Light company and the Hanover Brewing company. As autumn approached the coal seemed to improve in quality and was pronound

### Thomas C. Kear Passes Away.

Thomas C. Kear, an old and widely known resident of the fourth ward, departed this life yesterday morning after an illness of several week's duration. The deceased, who was seventy-seven years of age, was born in England. He came to this country about Mr. Eckman fifty years ago and took up his residence in Danville, where he has since resided. He was a shoemaker by oc-cupation and during his long career he followed that calling. He was a of enterprise in carrying the game in loors is not only enabled to pitch very well read and intelligent, and he enjoyed the esteem of all who knew him. He was a member of the Trinity ing the building was lighted up and M. E. church and of the Danville pitching went on merrily until after 9 Bible class.

# **NEW INDUSTRY**

The Star Motor-Meter Co., Limited. has opened a factory in this city for the manufacture of automobile acces-sories, each of which devices has points Mr. and Mrs. James Mills, of Ex-change, spent Sunday at the home of the former's sister, Mrs. Bogart at last factor of merit peculiar to itself and which in time will no doubt give rise to an important industry here. The company has the great ranged by Mr. Stephens in time will no dood give rise to an important industry here. The company has taken quarters in the brick building on Railroad street owned and occupied in part by the clock company and will for the present devote itself to the manufacture of a speed recording instrument for automobiles, which at the present day is very much in de-

Mrs. H. D. Minier, of Sunbury, is visiting at the home of her parents. Mr. and Mrs. Joseph Ritter, East Dan ville.

Miss Carrie Blecher, an attache of the Danville hospital, is the guest of Miss Adda Foust, near Washington ville.

J. F. Mourer, of Strawberry Ridge, in the Strawberry Ridge, in th miles per hour. The indicator registers a season's run of ten thousand miles and repeats. The daily trip reg-isters one hundred miles and can be set back at will.

There are three points claimed for

the speedometer, distinctively its own, either of which gives it a preference over any other device of the kind on the market The most important is that it will register on a lower milage han any other indicator. It has been ubjected to a very severe test and has been found to register at the rate of two miles per hour with absolute ac-curacy. The test with the same gratify-ing results was carried from two miles

up to sixty miles per hour. Another valuable point of the speed speed hand at any required time and showing the exact speed attained at that moment. By this "stop" when an automobile is held up by an officer county. The demonstrations are held

connected with the automobile wheel. were infested with the scale. ter the dry much needed after the season of hard work put in at Danville.

There is a flood of seven an a half feet on the river and this together with the probability that slush ice with the probability that slush ice and W. H. Hitchler, well known here and W. H. Hitchler, well known here shout, who is secretary and treasurer. The company at present is busy perfeeting tools and it will be a month or

tions were favorable. Mr. Ruch collected together all his flat and row boats and as the two coal diggers with these in tow lifted their anchors and dropped down stream the collection of craft presented the appearance of a miniature fleet.

There were four coal dredges operating in the river here during the summer, two of which still remain here but are idle. The amount of coal expenses the coal craft of the craft of the coal craft of the coal craft of the craft of the coal craft of the craft of factory. The clock records the time of day and the number of miles traveled and is the first clockometer invent-ed, which by actual test, keeps reli-able time no matter what rate of speed is attained or how rough are the roads is attained or how rough are the roads traversed. The clock is provided with a patent adjustable escapement. The patent regulates the depth of the pinions so as to overcome jar and vibration.

### Death of Well Known Citizen.

John Eckman, an aged and widely

ed to his home.

Mr. Eckman came from an old stock which in the early part of the century migrated from New Jersey to Rush township, which was the local to the congress of the foreigners in the Shamokin district, and they are about the only ones who would be able to furnish any clews. which in the migrated from New Jersey to township, which was the locality of his birth on the 19th of January 1817, making his age very closely on to 90 years at the time of his death. Most of his life was devoted to farming, until 1865, when he was elected to the office of county commissioner, and moved to Sanbury, which was afterwards his place of residence. He was married on the state of t

ing the building was lighted up and pitching went on merrily until after 9 o'clock.

During yesterday the building was wired and today the electric light fixtures will be installed. Two large Rochester lamps were used last evening, which formed a tolerably fair makeshift but were hardly brilliant enough to make the hards as distinct as they ought to be when viewed from the opposite end of the room. Nevertheless a good game was played and the members are immensely pleased with their winter quarters.

Up to the present a coal oil stove has sufficed to warm the room, but a coal stove of suitable capacity is on the superbalant light and the members are immensely pleased with their winter quarters.

In the was a member of the Trillity of counts commissioner, and moved to Sandh Catherine, ward H. Reibsane, a farmer on Blue in January 15, 1838, to Miss Theodosia Metter, from which union there were three children, Mr. Philip M. Eckman, now deceased, Sarah Catherine, who died in childhood and Miss Mary, his wife having died some years ago.

The deceased was noted for his probity of character, his kindly disposition, and faithful discharge of his cheen with the first present a coal oil stove has sufficed to warm the room, but a consistence of the first present a coal oil stove of suitable capacity is on the complete with his father, Edward H. Reibsane, a farmer on Blue in January 15, 1838, to Miss Theodosia Metter, from which union there were three children, Mr. Philip M. Eckman, now deceased, Sarah Catherine, who died in childhood and Miss Mary, his wife having died some years ago.

The deceased was noted for his probity of character, his kindly disposition, and faithful discharge of his children which miss defects.

The deceased is nearly limitative which his father, Edward H. Reibsane, a farmer on Blue in January 15, 1838, to Miss Theodosia Metter, from which union there were three children, Mr. Philip M. Eckman, now deceased, Sarah Catherine, who died in childhood and Miss Mary, his wife having died some years ago.

The Snyder county corner, Dr. Her-man, was summoned. He held an in-quest at 11 o'clock yesterday morning. The jury's verdict was that death was caused by a bullet wound about an inch below the heart.

Borough Superintendent Gordy has

addressed a circular letter to the corps of teachers, making suggestions as to exercises appropriate to Thanksgiving and in which he informs the schools and in which he informs the schools that though no official action has been taken upon the matter, it is safe to say that the schools will not be in easy that the schools will not be in easy. say that the schools will not be in ses sion on Friday following Thanksgiv-ing, the 30th inst. On Monday, Decem-ber 3rd, the annual teachers' institute will convene, hence when the schools close on Wednesday, the 28th inst,

next, it will be not to reopen until Monday December 10th.

Although the schools will be closed on Thanksgiving day care will be taken that the occasion will be observed

ligations to God in thanksgiving for his bountifullness and charity to oth-ers who lack."

The superintendent suggests that appropriate exercises be held Wednesday afternoon, the 28th, by single room or combination of rooms. The teachers are urged, however, not to permit the exercises to be too elaborate, otherwise they may becloud the real significance of the Churcherinian construction. Johnson's 2½ miles E. from Mausdale.

Mr. Stephens may add several demonstrations to this list in the district of the Thanksgiving season. These exercises may be timed to close at 3 or 3:30 o'clock, not before. The parents and patrons of the schools are invited and encouraged to attend these special overrises.
