lying in a precarious condition at the Mary M. Packer hospital. Rachael with her younger brothe

Lawrence, aged 6 years, were in Mr. Poff's bedroom while Mrs. Poff was down town shopping Monday and no one was in the house except her four one was in the house except her four small children. The little boy discovered a 22-calibr

revolver in the bureau drawer. His curiosity was aroused by the polished metal and peculiar shape of the strange object. He held it in his hand, with the muzzle pointing directly sister's face, while lying in bed, as she responsil general. hent over to look at it. The boy's fingploted and the trigger, the weapon ex-ploded and the bullet struck the little girl in the nose and penetrated deep into her head.

With blood streaming from the wound and with her face blackened with powder the little girl jumped from the bed. She ran down stairs and out of the house to the house of a neighbor, and then back again, scarce realizing what she was doing.

A doctor was hastily summoned and the injured child was carried to the hospital. For several hours the surge-ons probed for the bullet, but without success

Considering the serious nature o the wound the child is doing wonder fully well, and if no complications se in she will probably recover.

Workmen Honor Foreman.

Charles Lehr, of Catawissa, foreman of the work train, which has been em-ployed since last spring extending the siding on the south side has been very signally honored by a number of Dan ville wage earners.

made up mostly of heaters and puddlers, during the five months that the big mill was shut negligence will be tolerated. Lehr on the work train. The Danville workmen, some twenty in number, be-came very much attached to the fore man, who has the reputation of being very considerate and humane to the men under the summarily dismissed the summarily dismissed also if all the members of the board is this duty that the school director men under him.

nen under him. As soon as the big mill started up and the Danville men got back to their and the Danville men got back to their old posts, with their first pay they beplaces. gan to think of some way in which they could honor their foreman of last summer. They finally decided to unite

in the purchase of a fine meerschaum pipe for him. The plan was successfully carried out and on last Saturday evening the presentation took place in the waiting

room of the station. In addition to the pipe Mr. Lehr was presented with a five dollar gold piece, which repre-sented a balance on hand after the pipe was paid for.

pipe was paid for. Mr. Lehr was very much surprised by the demonstration of good feeling, but he was not too much disconcerted to respond in a way that convinced the mean that he approximated the real. duty. the men that he appreciated the valu able presents as well as the sentiment of friendship and goodwill they sym-

Models of Beauty and Perfection.

A good many advance calendars for 1907, handed out by business firms to rectors unless the whole board refused to perform their duties. "The first reason assigned is irrelevfavored friends, may be seen display-ed about town. Without exception the new calendars are models of beauty and perfection, whether viewed from beauty ant. Kostenbauder was not a director when the proceedings were commen a sentimental or an artistic stand ed. As to the directors now perform point.

ing their duty that is to be determin-ed by the testimony. As to the court's jurisdiction, in this case, it appears from evidence that all directors are It is a fact that with each succes e year the calendar idea is carried a higher degree of perfection. Every subject is employed that can posreglecting their duties. The motio eibly appeal to the individual and hold dismiss the rule is therefore refus his attention until the advertiser's

have and business is impressed upon the mind. Thus, conspicuously above the twelve months of the year, we have scenes of domestic felicity, or a The evidence shows that the direct ors of this district have been unfaith ful to the high trust committeed to them. They have been guilty of gross neglect of official duty. The schools have had practically no attention from barefoot boy. Another dealer, who is a fancier of chickens, dogs or horses, fancies good pictures of these will prove irresistible to every one else and he selects them to stand guard over the directors this year. They faile to supply the schools with the neces sary supplies and allowed one of th his name and business while the next

schools to become out of repair. In June this year the board was hopeless ly deadlocked. There were two, fac tions of the board, three on either side four seasons come and go. By far the largest number of adverby in the ingest number of adver-tiers who have faith in the efficacy of calendars seem to believe that ev-erybody, admitting a few exceptions, The business of the district was total In obsides the transformation of the second second second children were made to suffer by reason of those two political factions contending for supremacy. The busiwould rather look at a pretty face than anything else in the world. Thus we have pretty girls galore, in all sorts of but numbering every other sub-to one. They do service on all sorts of calendars, on those which ad-vertise the manufacture of beer and
