GOOD ROADS IN

The road supervisors of Derry township have gotten the "Good Roads" fever in earnest, having just sent in to the State highway department 8 applications for State aid in building highway in that district, with an aggregate of 6 miles. They stand a good chance of getting it, too, if the high-

The measure provides that after a man has served forty years in the guard he may apply for retirement, and that when an officer reaches the age of sixty-four an officer reaches the age or sixty-four years he shall be retired without fur-ther ado. Officers so retired are to be advanced to the next higher grade, and at the expiration of the commissions held at the time of retirement they may apply for new commissions at the grade, which they will hold as

The applications from Derry number as many as have been received from all the rest of Montour county put together. Before these applications from Derry were received there were applications on file from this county, numbered between 1 and 8, inclusive. The selatest applications are numbered between 9 and 16, inclusive.

The pieces of road for which State aid has been asked are important stretches of highway, and as such will stand a good chance of being speedily considered by the highway department. The people of Derry township, as represented by their officials, deserve great credit for the progressive spirit they have shown.

The applications are as follows:

1. Beginning at the Strawberry Ridge, are the Willing at Strawberry Ridge church, on the Jerseytown road, to Boone's bridge. One mile.
