To Assistant Assessors.

"In order to secure an early comple-tion of the annual list for 1864, Assessors will instruct their assistants at once to begin the collection of income returns in their respective divisions. Although taxpayers are authorized to delay making return until the first Monday in May, those who have not made return by thei day will be liable to assessment under the provisions of Section 11.

"Assistant Assessors will transmit all returns to the Assessor after entering the amounts in their assessment books.

"As soon after the first Monday in May as practicable, each Assistant Assessor will make out his alphabetical list and deliver the same to the Assessor."

In looking over the Auditors Report, we notice that the only collector for the year 1863 that had paid up in full previous to the settlement, was Robert Barron of Worth Township. This is certainly very creditable to Mr. Barron and speaks well for the Tax payers of that township It would certainly save a great deal of labor to Collectors, Treasurer, Auditors and all concerned if taxes were thus punctually paid up every year; and if it can be done in one district, why not in all? At will also be seen, from the Report that John P. Roll of Crauberry Tp., paid up in full before the close of the set-

Butler, Feb. 8th. 1864.

Robert W. Lyon, 1st Lieut. Co. H, 102d (the old 13th,) Regt., has been commissioned by the proper military authorities, to recruit for the said Regt., Ab. d has therefore established his office in Butler; and is recruiting with great suc-'cess; his office is thronged with persons who are entering the service. Lieut. Lyon is energetic and gentlemanly, and is meeting with that success of which he is deserving. Those who wish to enter the service could not desire a better opportunity than is now offered them. "Now is the time to get into a home company and regiment, with a good prospect of seeing the rebellion put down inside of one year. Now is the time to procure the Local and National bounty. We would bet ask a hearty co-operation on the part of the citizens of onr county for the purpose of filling up our quota under the recent call for 500,000 men, and thus avoid the draft. This
can be done if we act energetically. And
we think, that we express the sentiment
of our citizens on this subject.
