Godey's Book.

The June number of this excellent periodical is upon our desk, as usual, it is replete with excellence. If you have not read this number you should procure it without delay. Its perusal will be more than a full recompense for all that it costs.

Sanitary Fair.

Many of the districts in the county have already reported their action to the Central Committee; those committees that have not done so, should exert themselves in canvassing their different localities and make their reports with as little delay as possible. Donors should pay their contributions promptly, in order that the different sub-committees may be able to report to the Central Committee. It is to be hoped that nothing will be left undone, so that the final report from Butler county will be one worthy of the citizens and cause. If there are any that have not contributed, and have the means to do so, let the same be done without delay. Every one should assist in this good work; those that have abundance, should give liberally; in short, every one should contribute in proportion to his or her ability, as God has prospered and blessed their labors. Do *your* duty and leave the consequences with God.

Army Correspondence.

U. S. SANITARY COMMISSION,
Fredericksburg, May 18, 1864.

MAJOR ANDERSON:—*Dear Sir*:—I suppose by this time you have come to the conclusion, that I have abandoned the Citizen and gone to Canada; such, however, is not the case. You are aware that I was on business in Pittsburgh when Cap. Brackenridge came in on his way "to the front" as they express it here. I will not now stop to give you any detailed account of our journey, suffice it to say, that through the assistance of Col. Sullivan, who spent the evening from six to ten exclusively in our interest, we obtained a pass for Fredericksburg, and I deem it a privilege thus to acknowledge our obligations to him for his *patriotic enthusiasm* in the good cause.

We arrived at Bell Plain the next evening (Thursday) at six, in the midst of a drenching rain, and found shelter for the night in the hold of a Keel Boat in the service of the Sanitary Commission, which by the way is a great institution. My bed consisted of an army blanket, spread over a few pike poles which I found in the bottom of the boat, and here I slept pretty soundly although it thundered, lightened and rained as I seldom saw it do before. I woke up at five the next morning to find that the storm had not yet abated, and as I walked out to see "the face of nature" you may imagine my surprise, when a vast desert presented itself to my view, and, when I reflected too, that this was within twelve miles of this place, which, judging from present appearances, *has been* a fine and wealthy city, for its buildings, (including halls, churches, and schools,) are of the finest architecture, and the grounds, although now mostly abandoned, show evidences of taste and cultivation.

Fredericksburg was *peaceably* enjoying the blessings of Civilization under the Jeff. Davis rule until last Sabbath week, and, when I arrived here five days later, the surrounding heights were occupied by our forces, and the whole town was occupied as a hospital. It is, I suppose the second city of the "Old Dominion," and yet there don't seem to be a dozen of the *bona fide* inhabitants left.

After the severe battles which occurred last week and week before, there was, of course, a great many wounded,—they to the number of at least 20,000 were removed to this place. The Government was, of course, unable to attend to all their wants, and, had it not been for the efforts of the Sanitary Commission, many who must have died, have been saved, and very much has been done to alleviate the suffering heroes of our army. And here let me say to our friends—and the friends of the Union and the soldier; that too much praise cannot be bestowed upon this philanthropic and patriotic organization; it is entitled to our confidence and our support. Could our people but see one days operations of this society they would not hesitate in giving it their united co-operation. I have no time for detail, suffice it to say, thousands of wounded soldiers here have been saved from *neglect* and *death* by their timely assistance here alone. Let our people, therefore, renew their efforts for a grand success at the approaching Fair, and prosperity will attend them.

T. R.

DIED:

At her residence in Buffalo township, Butler county, on the 19th of April, 1864, Mrs. JANE WEIR, wife of John Weir, in the 74th year of her age.

In this dispensation of Divine Providence, this community has lost one of its most esteemed members—the family its guide and counsellor, and the church one of its most beloved members—for she was emphatically a mother in Israel. She was one of the founders of the Presbyterian Church, of Freeport, of which she remained a most exemplary member until God removed her from the church militant to the church triumphant.—Her kindness and gentleness of disposition endeared her to all who knew her, and never did the tale of the suffering or distressed pass unheeded by her—her liberal hand was always ready to alleviate the wants of the poor and needy.

And although her friends shed many tears for their loved one, they "sorrow not as those without hope," for he said unto me, "write, blessed are the dead who die in the Lord." COM.

U. S. 10-40 Bonds.

These Bonds are issued under the Act of Congress of March 8th, 1864, which provides that all Bonds issued under this Act shall be EXEMPT FROM TAXATION by or under any state or municipal authority. Subscriptions to these Bonds are received in United States notes or notes of National Banks. They are TO BE REDEEMED IN COIN, at the pleasure of the Government, at any period *not less than ten nor more than forty years* from their date, and until their redemption FIVE PER CENT. INTERRST WILL BE PAID IN COIN, on Bonds of not over one hundred dollars annually and on other Bonds semi-annually. The interest is payable on the first days of March and September in each year.

Subscribers will receive either Registered or Coupon Bonds, as they may prefer. Registered Bonds are recorded on the books of the U. S. Treasurer, and can be transferred only on the owner's order. Coupon Bonds are payable to bearer, and are more convenient for commercial uses.

Subscribers to this loan will have the option of having their Bonds draw interest from March 1st, by paying the accrued interest in coin—(or in United States notes, or the notes of National Banks, adding fifty per cent. for premium,) or receive them drawing interest from the date of subscription and deposit. As these Bonds are

Exempt from Municipal or State Taxation,

their value is increased from one to three per cent. per annum, according to the rate of tax levies in various parts of the country.

At the present rate of premium on gold they pay

Over Eight Per Cent Interest

in currency, and are of equal convenience as a permanent or temporary investment.

It is believed that no securities offer so great inducements to lenders as the various descriptions of U. S. Bonds. In all other forms of indebtedness, the faith or ability of private parties or stock companies or separate communities only is pledged for payment, while for the debts of the United States the whole property of the country is holden to secure the payment of both principal and interest in coin:

Those Bonds may be subscribed for in sums from $50 p to any magnitude, on the same terms, and are thus made equally available to the smallest lender and the largest capitalist. They can be converted into money at any moment, and the holder will have the benefit of the interest.

It may be useful to state in this connection that the total Funded Debt of the United States on which interest is payable in gold, on the 3d day of March, 1864, was $768,965,000. The interest on this debt for the coming fiscal year will be $45,937,126, while the customs revenue in gold for the current fiscal year, ending June 30th, 1864, has been so far at a rate of over $160,000,000 per annum.

It will be seen that even the present gold revenues of the Government are largely in excess of the wants of the Treasurer for the payment of gold interest, while the recent increase of the tariff will doubtless raise the annual receipts from customs on the same amount of importations, to $150,000,000 per annum.

Instructions to the National Banks acting as loan agents were not issued from the United State Treasury until March 26, but in the first three weeks of April the subscriptions averaged more than TEN MILLIONS A WEEK.

Subscriptions will be received by the

First National Bank of Philadelphia, Pa.
Second National Bank of Philadelphia, Pa.
Third National Bank of Philadelphia, Pa.

And by all National Banks

which are depositaries of Public money, and all

RESPECTABLE BANKS AND BANKERS

throughout the country, (acting as agents of the National Depositary Banks,) will furnish further information on application and

AFFORD EVERY FACILITY TO SUBSCRIBERS.

Besides these advantages the Company will pay All Expenses, both ways, if the Teas are returned.
