We would invite our farmers who are fortunate enough to have a good orchard, to call at the warehouse of Wm. & J. G. Campbell, and examine the improved cider mill-"Krauser's." It would certainly be to the advantage of every farmer to have one of them on his farm he could then use his leisure hours in thus saving from waste great quantities of apples which would otherwise be lossed .-They are also supplied with an excellent fodder "crusher and cutter," which will soon be needed. Call and examine them, and you will be sure to purchase.

The war news, for the last few days, has been both exciting and encouraging. Farragut is still feeling his way to Mobile. News through rebel sources announce the fall of Fort Morgan.

Sherman is extending his lines round Atlanta, and annoying the enemy by his repeated cavalry raids.

Grant is still holding his positions round Petersburg. A desperate battle was fought on last Thursday between the corps of Hancock and a large rebel force pense with some one article, say butter, for

U. S. 7-30 Loan.

THE Secretary of the Treasury gives notice that su criptions will be received for Coupon Treasury Note payable three years from Aug. 15th, 1864, with semi-aroual interest at a rate of seven and three-tenths pe cent. per annum-principal and interest both to be pai

holder at maturity, into six per cent, gold bearing bone payable not less than five nor more than twenty year from their date, as the Government may elect. They will be issued in denominations of \$50, \$100, \$500, \$1,009 and \$5,000, and all subscriptions must be for fifty dollars r some multiple of fifty dollars.

The notes will be transmitted to the owners free of

original Certificate of Deposit as they can be prepared As the notes draw interest from Angust 15, personaking deposits subsequent to that date must pay the erest accrued from date of note to date of deposit.

Parties depositing twenty-five thousand dollars an pwards for these notes at any one time will be allow a bill for the amount, certified by the officer with whom the deposit was made. No deductions for commission must be made from the deposits.

Special Advantages of This Loan.
It is a National Savinus Band, offering a higher rate
of interest than any other, and the best security. Any
savings bank which pays its depositors in U. S. Notes, nsiders that it is paying in the best circulating mediu its own assets are either in government securities or inotes or bonds payable in government paper.

It is equally conveniet as a temporary or permaner investment. The notes can always be sold for within a fraction of their face and accumulated interest, and are the best security with banks as collaterals for discunts.

Convertible into a Six per cent. 5-20 Gold Bond In addition to the very liberal interest on the notes for three years, this privilege of conversion is now wort before the war the premium in six per cent. U. S. stocks was over twenty per cent. It will be seen that the ac tual profit on this loan, at the present market rate, is no

less than ten per cent. per annum. Its Exemption from State or Municipal Taxation But aside from all the advantages we have enume ted, a special Act of Congress exempts all bonds and reasury notes from tacal taxation. On the averag this exemption is worth about two per cent. per annu ling to the rate of taxation in various parts of the

untry.
It is believed that no securities offer so great induc ments to lenders as those issued by the government.... In all other forms of indebtedness, the faith or ability of private parties, or stock companies, or separate con property of the country is held to secure the discharg

f all the obligations of the United States.
While the government offers the most liberal terms
or its leans, it believes that the very strongest appeal
will be the loyalty and patriotism of the people. Duplicate certificates will be issued for all deposits. certificate the denomination of notes required, an whether they are to be issued in blank or payable to or Department.

Subscriptions will be received by the Treasure
