### COMMUNICATION.

For the Citizen. MR. EDITOR :--- I see the Democrats of your town are organizing for a very "vigorous prosecution of peace." and in their county convention I see they actually asked the soldiers for our votes. Now I want to know if they have not insulted us enough. They on the 2d day of August last, went to the polls and voted against giving us a right to vote in the army, and now they turn around and want us to vote for them. Could there be a greater in-sult; after having done us all the injury cheve aeald by wanting to put us on the giving us a right to vote in the army, and they could, by wanting to put us on the same footing with criminals, who, on account of their crimes, have forfeited their votes? Or do they think we are as cowardly and as false in our duty to our country as they are. The soldiers I can inform them, understand something of polities and will vote for none but good Union men, who are for putting down the rebellion for-ever. A WOUNDED SOLDIER.

or some multiple of fifty dollars. The notes will be transmitted to the owners free o

transportation charges as soon after the receipt of the original Certificate of Deposit as they can be prepared.

As the notes draw interest from Angust 15, person making deposits subsequent to that date must pay the interest accrued from date of note to date of deposit. Parties depositing twenty-five thousand dollars an apwards for these notes at any one time will be allowed

a commission of one-quarter of one per cent., which wi be paid by the Treasury Department upon the receipt o a bill for the amount, certified by the officer with when the deposit was made. No deductions for commission must be made from the deposits.

Special Advantages of This Loan. IT IS A NATIONAL SAVINOS BAND, offering a higher rate of interest than any other, and the best security. Any

savings bank which pays its depositors in U.S. Notes, considers that it is paying in the best circulating medium of the country, and it *cannot* pay in anything botter, for

its own assets are either in government securities or in notes or bonds payable in government paper.

Convertible into a Six per cent. 5-20 Gold Bond

In addition to the very liberal interest on the notes fo

three years, this privilege of conversion is now worth about three per cent. per annum, for the current rate for 5-29 Bonds is not less than nine per cent. premium, and

before the war the premium in six per cent. U. S. stocks

was over twenty per cent. It will be seen that the a tual profit on this loan, at the present market rate, is no less than ten per cent. per annum. Its Exemption from State or Municipal Taxation But aside from all the advantages we have enumera

ted, a special Act of Congress exempts all bonds and

Treasury notes from lacal taxation. On the average

this exemption is worth about two per cent. per annum occording to the rate of taxation in various parts of the

ountry. It is believed that no securitles offer so great induc

ments to lenders as those issued by the government.---In all other forms of indebtedness, the faith or ability

It is closed by clamping a tin cap over and round the opening, which is pressed upon a commercoated graket, causing the consent to melt by the heat of the fruit; be-coming coid, it is perforily resided. It is closed or open-ed in an instant, by hooking or unhooking a strait wire series.
