THE AMERICAN CITIZEN.

Butler, Pa., Wednesday, Nov.16, 1864 All the Pacific States-California

Oregon, and Colorado, have gone for Lincoln and Johnson; they have no idea of seceeding from the old Union.

Bor Hon. Smith Fuller, Union candidate for Congress in the Westmoreland district, has one vote tallied to him in the return from Co. G, 4th Pa. Cav., before Petersburg, made to the Prothonatory of this county. On the tally list, we notice the name of Philippeas Walter, of West-This is the only name moreland county. on the list from that district, and is therefore in all probability, the one who cast the Fultin vote. Even one vote is sometimes useful, and as Fulton will contest Dawson's seat (should he get the certifi cate of election,) we doem it proper to mention this fact. The Democration and Definition of the found in place of Mr. Patterson, who received 2005 votes. Dawson's seat (should be get the certifi-

By In to-day's paper, will be found in tabular form, the result of the election, Arrival and Departure of Mails excepting Marion tp., which was not reported. As the matter now stands, Lincoln's majority is 241. Marion was reported to have gone 54 majority for "Little Mac," which, if counted, would leave Lincoln's majority on home vote, 187.— Some think that Marion will yet report, but under the ruling of the Convention at the special election, when Buffalo was left out, we cannot see how it can be received, and we were then told that their chief object was to establish a sound precedent-this case too, is much stronger than the former; of course it can not come in.

10 The following was furnished us for publication sometime ago, but in political excitement, overlooked :

George Beighle, fell at the battle of Kennesaw Mountain, June 27th 1864. He was struck by . minnie ball, through

or near the heart. He was born near Middle Lancaster, Butler county Pa., September 18th, 1832; baptized and confirmed in the Lutheran Church. But having emigrated to Kentucky, and then to Illinois, and being bcyond the reach of his own church, he became a communicant in the Methodist Church. He had been nearly two years in the service of his country as a volunteer, when he fell gallantly fighting in lier defense

George Neely, also from the vicinity of Middle Lancaster, died at Fort Delaware, on Sunday morning, the 25th of Sept., 1864. The deceased had volunteered, and was stationed at the above fort when he died, after a few days illness. He was born December 6th, 1839. He was a member in good standing in the English Lutheran Church of Middle Lancaster. His remains were brought home and interred in the grave yard of the above church. His funeral was attended by a large number of friends and neighbors.

holder at maturity, into six per cent. gold bearing bonds, payable not less than five nor more than twenty years om their date, as the Government may elect. They fill be issued in denominations of \$50, \$100, \$500, \$1,009 nd \$5,000, and all subscriptions must be for fifty dollars or some multiple of fifty dollars. The notes will be transmitted to the owners free of transportation charges as soon after the receipt of the

riginal Certificate of Deposit as they can be propared. As the notes draw interest from Angust 15, persons naking deposits subsequent to that fate must pay the interest accrued from date of note to date of deposit.

Parties depositing twenty-five thousand dollars and

upwards for these notes at any one time will be allowed a commission of one-quarter of one per cent, which will be paid by the Treasury Department upon the receipt of

to be pain by us treasing bopartment upon the receipt or a bill for the amount, certified by the officer with whom the deposit was made. No deductions for commissions must be made from the deposits. Special Advantages of This Loan. It is ANTONAL SAVISO BASH, offering a higher rate of interest than any other, and the best security. Any waytime hash which movil the denocities in U.S. Note

avings bank which pays its depositors in U.S. Noter, considers that it is paying in the best circulating medium of the country, and it cannot pay in anything better, for

Its own assets are either in government securities or in notes or bonds payable in government paper. It is equally convenide as a temporary or permanent investment. The notes can always be sold for within a

action of their face and accumulated interest, and are

onvertible into a Six per cent. 5-20 Gold Bond.

In addition to the very liberal interest on the notes for

ree years, this privilege of conversion is now worth

about three per cent. per annum, for the current rate for 5-20 Bonds is not less than nine per cent. premium, and

before the war the premium in six per cent. U. S. stocks was oven twenty per cent. It will be seen that the ac-

nal profit on this loan, at the present market rate, is not

Its Exemption from State or Municipal Taxation.

But aside from all the advantages we have enumera-ed, a special Act of Congress exempts all bonds and

Treasury notes from lacal taxation. On the average,

his exemption is worth about two per cent. per annum, ecording to the rate of taxation in various parts of the ountry. This believed that no securities offer so great induce-

ments to lenders as those issued by the government.-In all other forms of indebtedness, the faith or ability of private parties, or stock companies, or separate com-

nunities, ouly, is pledged far payment, while the whole property of the country is held to secure the discharge

If all the obligations of the United States. While the government offers the most liberal terms for its loans, it believes that the very strongest appeal will be the loyalty and patriotism of the people.

Duplicate certificates will be issued for all deposits .-

The party depositing must endorse upon the original certificate the denomination of notes required, and

whether they are to be issued in blank or payable to orler. When so endorsed it must be left with the officer receiving the deposit, to be forwarded to the Tressury Department.

SUBSCRIPTIONS WILL BE RECEIVED by the Treasurer O
