The first severe storm of the season has passed away—to-day, (Tuesday) the sun is warm, and the people can be seen enjoying it at every corner. Our quiet town too, seems busy. The farmers are in, in force, doing a business in shopping, and every thing looks lively; now is the time to prepare for winter.

### A House Burned.

On Sabbath morning last, the dwelling-house occupied by the family of Mr. George Lester, (who is in the army) sitnated in Penn township, caught fire and was entirely consumed. Some grain and provisions were lost, but the most of the families clothing and other moveables were saved. We trust the neighbors of the unfortunate family, will see to it, that the family will not suffer in consequence of this serious accident.

SHERMAN.-No news from him save through rebel sources, which of course will be colored, but even through this channel, enough is known to warrant us in believing that he will make his march through Georgia to the seaboard without serious opposition, destroying public property and Rail Roads as he goes.

### Arthur's Home Magazine.

The Home Magazine closes its volume for 1864 with the widest circulation it has yet attained: For 1865 it will be enlarged, and made still more worthy of the patronage it is receiving. No periodical in the country has met with a heartier welcome from the press. Its praises come heralded in every direction. To maintain the high place it has reached in publie favor, the publishers and editors will spare neither expense nor labor. Give it, say we, a circulation for the coming year beyond that of any other periodical ofits class in the country. It is, par excellence, the people's magazine, and should find a place in every home. Terms \$2.50° a year; three copies, \$6; five copies, and one to getter-up of club, \$10; nine copies, and one to getter-up of club, \$15.

AN ALLEGED BURGLER ARRESTED.—

On the night of the Union Convention at Bakertown, a store at Glade Mills Butler county, was entered and robbed of a large amount of goods. Suspicion fell upon a man named John Kearston, a resident of Butler county, and a warrant was issued for his arrest. He eluded the vigilance of the officers, and succeeded in making his escape. A few days ago, information was received in Butler, that Kearston was at Wheeling, when Armstrong Rennison, was detailed to go to that city and endeavor to effect his arrest.

The officer, upon his arrival at Wheeling, secured the services of the city police, and after considerable search the fugitive was discovered and taken into custody. Officer Rennison arrived in Allegheny last evening, with his prisoner, and placed him in the Allegheny watch-house for safe keeping. He will be taken to Buter to-day.

Kearston has been suspected for some months for being concerned in various robberies in Butler county, but he has heretofore avoided detection. There are a number of charges against him, and it is probable he will now receive his deserts. He denies, in the most positive terms, any connection with the robbery of which he is accused, but we understand that there will be no difficulty in proving the charge-Pittsburgh Gazette.

n lawful money.

These notes will be convertible at the option of the older at maturity, into six per cent. gold bearing bonds, payable not less than five nor more than twenty years from their date, as the Government may eject. They will be issued in denominations of \$50, \$100, \$500, \$1,000 nd \$5,000, and all subscriptions must be for fifty dollars

and \$5,000, and all subscriptions must be for fity conserved on multiple of fity dollars.

Parties depositing twenty-five thousand dollars and

pwards for these notes at any one time will be allowed a commission of one-quarter of one per cent, which will be paid by the Treasury Department upon the receipt of a bill for the amount, certified by the officer with whom the deposit was made. No deductions for cormust be made from the deposits.

Special Advantages of This Loan.

Tris a National Savings Bank, offering a higher rate
of interest than any other, and the best security. Any
savings bank which pays its depositors in U. S. Notes, considers that it is paying in the best circulating medium of the country, and it cannot pay in anything better, for

its own assets are either in government securities or in notes or bonds payable in government paper. It is equally conveniet as a temporary or permanent investment. The notes can always be sold for within a fraction of their face and accumulated interest, and are he best security with banks as collaterals for discunts. Convertible into a Six per cent. 5-20 Gold Bond. In addition to the very liberal interest on the notes for three years, this privilege of conversion is now worth about three per cent, per angum, for the current rate for 5-20 Bonds is not less than nine per cent. premium, and before the war the premium in six per cent. U. S. stocks was over twenty per cent. It will be seen that the an-

tual profit on this loan, at the present market rate, is not less than ten per cent. per annum. Its Exemption from State or Municipal Taxation. But aside from all the advantages we have enumeraded, a special Act of Congress exempts all bonds and Preasury notes from lacal taxation. On the average, his exemption is worth about two per cent, per annum ording to the rate of taxation in various parts of the

coccurity.

It is believed that no securities offer so great inducements to lenders as those isaacé by the government.

In all other forms of indebtedness, the faith or ability of private parties, or stock companies, or separate comunitles, only, is pledged for payment, while the whole property of the country is held to secure the discharge of all the obligations of the United States.

While the government offers the most liberal terms for its loans, it believes that the very strongest appeal will be the loyalty and patriotism of the people.

Deplicate certificates will be fessed for all deposits.—

he party depositing must endorse upon the original er. When so endorsed it must be left with the officer ectiving the deposit, to be forwarded to the Treasury repartment.

Subscriptions will be received by the Treasurer of

he United States, at Washington, the several Assistant

rers and designated Depositaries, and by the First National Bank of heny City, Pa. First, Second, and Third Nati Allegheny City, Pa. First, Second, and Third National Sanks of Pittsburgh, Pa., and by all National Banks which are depositaries of public p

roughout the country will give further information and AFFORD EVERY FACILITY TO SUBSCRIBERS.
