COMMITTEE MEETING.—The members of the Republican county committee, are requested to meet in the Arbitration room in Butler, on Monday the 29th inst at 1 o'clock p. m., for the purpose of fixing the time for the holding of a county convention, to choose delegates to represent this county in the State Convention.

C. E. ANDERSON, Chairman

☞ The Union State Convention to put in nomination a candidate for Governor is called to meet on the 7th of March.

☞ As the Governor has returned home, we suppose Legislation will now go on in earnest. As yet, little of general importance has been done.

☞ HARPER'S Monthly for February is received; as usual it is very interesting. Send $4,00 to Harper & Bro's, Franklin Square, New York, and you will receive it for 1866.

Military Establishment.

France has 404,192 men at a cost of $80,000,000 annually. Russia, 1,000,000 men, at a cost of $100,000,000; England 150,000 men at a cost of $75,000,000.

☞ Mrs. Grinder expiated her crime on the gallows in Pittsburgh, on Friday last. She confessed her guilt in the case of Mrs. Cruthers, and also in the case of Miss Buchanan.

☞ BEADLES Monthly for February is received. It is a highly interesting magazine, always full of the best literature. Every person should have one. Those wishing to procure this magazine for 1866—will address BEADLE & Co., 118 William st. New York, with $3,00.

☞ Rumors are quite prevalent to the effect that arrangements are being made to rescue Jeff. Davis. In consequence of this the Government has promptly discharged all the employees about Fortress Monroe whose loyalty is suspected and particularly persons from the South.

☞ The engineer corps of which we spoke last week have reached this place and are stopping at Mr Zimmerman's Hotel. We have not been in conversation with them, but suppose they will examine the old route from this place to Freeport.

☞ We would refer our readers to the new advertisement in to-days paper of Gilmore Liebler & Co., harness and saddle makers, No. 106, Wood st., Pittsburgh. Persons from Butler county wishing to purchase anything in their line would do well to call on them.

☞ *Peterson's* ladies National magazine for February is on our table—it is one of the cheapest and best magazines in the country, it contains the latest fashions, beautiful engravings, and choice literature. Send your address with $2 to Charles J. Peterson, S 6, Chestnut st., Philadelphia, Pa., and in return you will receive the magazine for one year.

☞ The Senate Committee have reported in favor of giving the seat of the Ninet enth District to Mr. McConaughey. Mr, Duncan was therefore ousted, on the grounds that he was elected by the votes of deserters. It is understood this decision of the Senate w s reached under the advice of the Attorney General.

SPECIAL NOTICE.

"Great oaks from little acorns grow."

The worst disease known to the human race spring from causes so small as to almost defy detection. The volums of scientific lore that fill the tables and shelves of the medical fraternity only go to prove and elaborate these facts.

Then guard yourselves while you may. The smallest pimple on the skin is a tell-tale and indicator of disease. It may fade and die away from the surface of the body, but it will reach the vitals, perhaps, at last, and death be the result and final close. MAGGIEL'S BILLIOUS, DYSPEPTIC and DIARRHEA PILLS cure where all others fail. While for Burns, Scalds, Chilblains, Cuts, and all abrasions of the skin, MAGGIEL'S SALVE is infallible. Sold by J. MAGGIEL, 34 Fulton street, New York, and all Druggists, at 25 cent per box.

AN INFALLIBLE CURE FOR RHEUMATISM.

TO those who think and reflect. Now my brother, sister or friend, as the case may be, all that I ask of you is, that with a clear mind, and a pure heart—a love for truth, and a willingness to accept it, you read the following:—

I am curing quite a number of cases of Rheumatism every year, and now I intend to make it known generally through the medium of newspapers. I have confined my medicine principally to my own neighborhood for a considerable length of time, in order to test its merits thoroughly, and now I can offer it to the public with a certainty of its success, knowing that a trial will recommend it. I do not recommend it to cure anything but RHEUMATISM—for which I have tested its merits thoroughly, with satisfaction to myself and others. I can send my compound by mail to any address; home recommendations, as to who I am: I refer the public to S. Lowell and P. Krouse of Richland tp., Venango co., Pa., C. C. Sloan, S. Ross, and B. F. Camp, of Endeavor; Mrs. Breneman, Clarion; Mrs. M. Loucher Salem; and Mrs. M'Guinis, Richland tp., Clarion co., Pa., and a host of others who have been cured by my vegetable compound. THE LIGHT OF THE WORLD.

DR. MAGGIEL'S PILLS AND SALVE.

These Life-giving remedies are now, for the first time, given publicly to the world. For over a quarter of a century of private practice the ingredients in these

LIFE-GIVING PILLS!

Have been used with the greatest success. Their mission it not only to prevent disease, but to cure. They search out the various maladies by which the patient is suffering and re-invigorates the failing system. To the aged and infirm a few doses of these PILLS will prove to be

A VERY FOUNTAIN OF YOUTH,

For in every case they add new life and vitality, and restore the waning energies to their pristine state. To the young and middle-aged, they will prove most invaluable as a ready, specific, and sterling medicine. Here is a dream realized, that Ponce-de-Leon sought for three hundred years ago, and never found. He looked for a fountain that would restore the old to vigor and make youth ever

An Eternal Spring!

It was left for this day and hour to realize the dream, and show, in one glorious fact, the magic that made it fair.

THESE FAMOUS REMEDIES

Cannot stay the flight of years, but they can force back and hold aloof, disease that might triumph over the aged and the young. Let none hesitate then, but seize the favorable opportunity that offers. When taken as prescribed—

For Bilious Disorders

Nothing can be more productive of cure than these Pills. Their almost magic influence is felt at once: and the usual concomitants of this most distressing disease are removed. These remedies are made from the purest

Vegetable Compounds.

They will not harm the most delicate female, and can be given with good effect in prescribed doses to the youngest babe.

For Cutaneous Disorders

And all eruptions of the skin, the SALVE is most invaluable. It does not heal externally alone, but penetrates with the most searching effects to the very root of the evil!

WALL PAPER,

AT

March. 22, 1865. HEINEMAN'

THE NEW-YORK TRIBUNE.

1866.

Our most momentous arduous struggle having resulted in the triumph of American Nationality, the utter discomfiture and overthrow of Secession and Slavery, THE TRIBUNE, profoundly rejoicing in this result, will labor to conserve the legitimate fruits of this grand, benignant victory by rendering Liberty and Opportunity the common heritage of the whole American People now and evermore.

Discountenancing all unmanly exultation over or needless infliction of pain or privation on the upholders of the lost cause, it will insist on the earliest possible restoration of the Southern States to their former power and influence in our Union on the basis of All Rights for All their People.

It will labor in hope to prove that the substitution of Free for Slave Labor must inevitably and universally conduce to the increase of Industry, Thrift, Prosperity and Wealth, so that the South, within the next ten years, must look back amazed on her long persistance in a practice so baleful as the chattel slavery of Man.

It will labor for the diffusion of Common school Education, Manufactures, the Useful Arts, &c., &c., throughout the sections hitherto devoted to them, believing that every good end will thereby be subserved and the interest of every useful and worthy class promoted.

It will urge the Protection of Home Industry by determining duties on Foreign Products imported, with a view to encouraging either the most valuable and skilful artificers and artisans Europe, and the naturalizing on our soil of many branches of production hitherto all but confined to the Old World, while it would strengthen and extend those which have already a foothold among us.

It will give careful attention to progress and improvement in Agriculture, doing its best at once to bring markets to the doors of our farmers and teach them how to make the most of the opportunities thus afforded them.

It will devote constant attention to Markets, especially for Agricultural products, with intent to save both producer and consumer from being victimized by the speculator and forestaller.

And, giving fair scope to Current Literature, to the proceedings of Congress, and to the general news of the day, it hopes to retain its old patrons and attract many new to bear them company.

We rarely employ traveling agents, as so many impostors are habitually prowling in the assumed capacity of solicitors for journals. We prefer that our subscribers shall pay their money to persons they know and in whose integrity they are assured. Any friend who believes he will do good by increasing the circulation of THE TRIBUNE is authorized to solicit and receive subscriptions. Specimen copies will be promptly sent without charge to those requesting them, and we trust many friends will be moved to ask their neighbors and acquaintances to join in making up their clubs.
