deliberately makes up his mind to change his party relations, is most likely to first avow his intention at the fall election.

The class of democrats who infest our primary elections, are the meekest and most virulent in their party. For example, we have in this Borough a class of Democrats, who are too honorable to attempt to interfere in our affairs at all.

They are the same class who are always on hand to disturb Republican meetings, to insult our processions, and to damn the Abolitionists. This class vote solid against us on election days, and on all proper occasions serve the Democracy.

But when they can do no good for their own party, and can see a fair chance for a few drinks of, even bad whiskey, by mixing up with us, they are in. On such occasions no barriers in the shape of pledges can deter them from their purpose!

If they are asked to pledge themselves to support the candidates they vote for, they will do so willingly—if they are asked to pledge themselves to vote our whole ticket in the fall, they will do it. But if this will not pass them, and they are required to do so by those having them in charge, (and another drink or two in prospect) some of them will insist that they have always voted the Republican ticket and in goes their vote.

And these very Republicans who are these voters in charge will not dare to ask them to vote a single Republican vote at the fall election. Against this mode of doing business we have always protested and always shall.

We don't believe, we have a candidate before the people who wishes to receive any such votes. Still they may have friends who are not so frightened as they should be. We would therefore appeal to our candidates to keep their friends right on this question. Let us have a fair Republican nomination. Then we can, with a good grace ask all to cheerfully acquiesce in the result.

Should our sincere advice—given only in the interest of justice and fair dealing be disregarded, we intend to expose every violation of fair dealing that comes to our knowledge, wherever it may occur. And we would seriously urge upon all the districts in the county to send us return judges who will have firmness enough to throw out the vote of any district that is spurious.

Nothing short of this, we are persuaded, will bring selfish parties to respect party usage and fair dealing. With a sincere hope that this word of warning may have the desired effect, we submit the subject to all lovers of party discipline, and fair play, for their consideration and action.

The proceedings of the Convention of School Directors which met here last week will be found in our paper elsewhere. As has already been known the choice of Superintendent fell upon John H. Cratty, Esq. The salary was left as before, at \$800.

There were a number of names before the Convention, any of which would have done credit to the good sense of the County had they been his choice; all could not be successful, however.

Mr. Cratty knew that we were not his friend for the position, as against the other names that were before the Convention. Now that the canvas is over, however, we have no hesitation in expressing the conviction that Mr. C. will make an efficient officer. He has been one of our most successful teachers, is thoroughly acquainted with the wants of the system, and we have no doubt will bring his energies to bear in favor of everything that will be likely to arouse the interest so necessary to secure improvement.

During the progress of the canvass, a report got into circulation to the effect that Mr. Cratty had been conniving with the Democrats to secure his election over the majority of the Republican vote. Against this allegation he protested to us before the meeting of the Convention, with such earnestness that we could not help but disbelieve it. After a full examination of the matter we are now free to say that we believe the whole surmise was a mistake, for which Mr. Cratty was in no way responsible.

The truth is, there is such a dislike for the clergy entertained by the Democracy, that they instinctively throw their influence against them. To throw their influence for Mr. Painter—a Union soldier—would be about as much against their grain. This is the explanation of their action.

vote was settling for him was, in itself, suspicious, and is an apology for whatever feeling was felt by some. That he is now elected, let all assist in making his administration of the office, a successful one.

Of Mr. Waters, the retiring officer, we can truly say, that his best energies were devoted to his work, and so far as our knowledge goes, he made a most acceptable and successful officer.

School Convention. The School Directors of Butler county met in Convention, May 1st, 1866, in Court-room, and on motion, A. May, Esq., was called to the Chair, and Mr. Wilson and R. A. Miffin appointed Secretaries.

On motion, Convention fixed the salary of the Superintendent, for the next three years, at eight hundred dollars per year. On motion, Convention proceeded to the nomination of candidates for Co. Superintendent. On motion, Rev. A. H. Waters, Rev. Wm. H. Jamison, Peter P. Painter, and John H. Cratty were nominated.

On motion, Convention proceeded to vote, viva voce, for Superintendent with the following result: Rev. A. H. Waters, 16; Rev. Wm. H. Jamison, 12; Peter P. Painter, 20; and John H. Cratty, 123.

On motion, the following resolution of thanks to Rev. A. H. Waters, was passed. Resolved, That our thanks are hereby tendered to the Rev. A. H. Waters, for his faithful and efficient Superintendence of Common Schools of the County, for the past three years, and this Convention takes pleasure in commending his earnest labors for the promotion of the usefulness of a system so dear to us all.

On motion, the following preamble and resolutions were unanimously adopted: WHEREAS, The rising generations, that are soon to succeed us, in the political and moral government, and business transactions of our county, must necessarily obtain their chief qualifications for these manifold duties, in our Common Schools; therefore,

Resolved, That our Common Schools merit, and command our untiring efforts in their behalf. Resolved, That as the School Law contemplates that the County Superintendent is to give his whole time to the use of the schools in his district; we, therefore, instruct and desire our Superintendent to give his whole time to the use and advancement of the public Schools within his district.

Resolved, That we respectfully desire the Incumbent, that this year elected, to adopt a system, or plan, by which every school in our county, will receive the benefit of his personal visits, and instruction, upon the best mode of classifying, governing, and imparting knowledge in our Common Schools; together with an exposition of the Law that governs Teachers, Directors, and Parents, in the management of our Common Schools.

Resolved, That the proceedings of this Convention, be published in both the County papers.

On motion, the Convention adjourned. A. MOYER, Pres't. ALLEN WILSON, Sec'rs. R. A. MIFFIN, do.

A New and Grand Epoch in Medicine! DR. MAGGIEL is the founder of a new Medical System! The quantarians, whose vast internal doses effebrate the stomach and paralyze the bowels, must give precedence to the man who restores health and appetite, with from one to two of his extraordinary Pills, and cures the most virulent sores with a box or so of his wonderful all-healing Salve. These two great specifics of the Doctor are fast superseding all the stereotyped nostrums of the day.

Extraordinary cures by Maggie's Pills and Salve have opened the eyes of the public to the inefficiency of the (so called) remedies of others, and upon which people have so long blindly depended. Maggie's Pills are not of the class that swallowed by the dozen, and of which every box full taken creates an absolute necessity for another. One or two of Maggie's Pills suffices to place the bowels in perfect order, tone the stomach, creates an appetite, and render the spirits light and buoyant! There is no griping, and no reaction in the form of constipation. If the liver is affected, its functions are restored; and if the nervous system is feeble, it is invigorated. This last quality makes the medicines very desirable for the wants of delicate females. Ulcerous and eruptive diseases are literally extinguished by the disinfectant power of Maggie's Salve. In fact, it is here announced that MAGGIEL'S BILIOUS, DYSPEPTIC AND DIARRHEA PILLS cure where all others fail. While for Burns, Scalds, Chilblains, Cuts and all abrasions of the skin, MAGGIEL'S SALVE is infallible. Sold by J. MAGGIEL, 43 Fulton Street, New York, and all Druggists, at 25 cts. per box.

DECLARATION. SALVERSVILLE, Butler Co., Pa. May 4th, 1866.

MR. EDITOR—You will please withdraw my name from the list of candidates, as I have concluded not to be, at present, a candidate for Clerk of the Courts, or for any other office. I desire, however, in this connection, to tender my friends my sincere thanks for their kind regard as already manifested, but at this time I must beg to decline,

Yours truly, M. N. GREER, PENN TOWNSHIP, BUTLER CO., PA., May 4.

MR. EDITOR, Sir—I see you publish and call attention to an article inquiring, "Why such a want of energy in behalf of the Soldiers' monument of Butler County?" "Why are the township committees not yet ready to report?"

In behalf of the Penn township committee I have been ready to report for some time, but hearing that other townships were not doing any thing toward the monument, I thought it of no use. It would be impossible for any person to answer the above questions to the satisfaction of all. But I will make the responsibility of informing Mr. Reserve, that in many districts it is not a "want of energy," nor want of respect for the departed, but want of means. To these poor men the war is not over until they have conquered the circumstances in which several heavy bounty taxes left their families, then they hope to be able to do justice to the monument, you must not be impatient with them. Yet if the ten thousand dollars called for, had been to fill another call for men, one township could have furnished the money, I have no doubt. I have talked to some who think the want of energy is owing to the fact that some men objected to the present organization of the board. Others say the monument would have been five thousand dollars better to-day if the officers had all been men whose loyalty no man could doubt. This I believe to be true, and while I do not seek to control the action of my fellow citizens, and while I could not refuse to act under the present organization, lest I might be doing an injustice to the dead, yet in submitting this report I record my protest against placing in a position of honor upon the graves of our fallen heroes, those who called their sacrifice a failure, but shall ever encourage any effort of my fellow citizens to do justice to these martyrs of liberty. Before the Central Committee had taken any action in the matter, I called a meeting of the Penn tp., committee, and we increased our number by appointing two more, Miss Nannie Deer and Miss Lana Bartley. I furnished subscription papers to all the ladies of the committee with instructions to give every person an opportunity, and insist on no one. They have my thanks for the faithful manner in which they have performed their duty. I heard but one man say it was opposed to monuments, he said "it was national pride," hope it will ever be the pride of the nation to do honor to those who did not think life the greatest object in existence. Their death was the nations life and honor, and will ever be the nations pride.

In absence of instructions, some of the committee collected subscription and the committee one-half has been paid to them. I wish to know by the first of January next, whether the present organization will be successful, if not, the committee will then be instructed to refund the money to those who will transfer their subscription to a township Monument, in the event of no reorganization for the County. You will please publish the enclosed list of subscription according to arrangement of the Monumental Association. There are some in the township who have not been waited upon by the committee because of the inconvenience for them to do so. If the county organization is likely to succeed, I think Penn township can furnish her quota of the ten thousand dollars asked for, her subscription is \$137.50, and her quota \$268.
