The Republicans of Penn township will celebrate the 10th of September at the Mahood School House, by organizing a Geary Club. All who have not sworn allegiance to treason are respectfully invited to attend, and labor with us that the victories of our sires may not become the scoff of traitors, and Pennsylvania be disregarded by an Executive who said that "It was the greatest calamity that had ever befallen this country, that Vallandigham and Woodward were not elect ed in '63." Let us rally once again and prove to the world that this trio of traiters have no friends except those that have always been loyal to treason MANY REPUBLICANS.

PUBLIC SALE

ningham.

One Hundred Lots in the above Town will be exposed to sale; by public vendue or outery on the premises, on Wednesday, the 12th day of September

next. The Town of Cunningham has lately been taid out by the subscriber, and is situated in Madison township, Clarion county, Pa., on the Allegheny river, on the opposite side from the Brady's Bend Iron Works. The town is located within a few rods of the river, and the route of the Allegheny Valley Railroad is be. tween the town and river. It is located on good building ground, and its boundaries can be extended so as to make it a large place. It is an excellent situation and promises to become a flourishing place of business. Persons wishing to in vest their money, or to locate, will do well in attending the sale. Sale to commence at 10 o'clock, A. M. Terms made known on day of sale. J. M. CUNNINGHAM.

ADDRESS

Of the Butler Geary Club to the Voters of Butler County. Fellow-Citizens:—The undersignd have been appointed a committee to address you on the importance of the issues involved in the coming election and urge upon you the duty of attending the polls on the 2d Tuesday of October next.

Each campaign or election in our country may be said to have its distinctive features and issues. Lately these issues features and issues. Lately these issues have been of great importance, inasmuch as we were involved in oivil war. But important as they were, the main issue in the present election is of equal if not of greater importance than any that has presended it. The party that upheld our the present election is of equal if not of the number of such make citizens shall greater importance than any that has preceded it. The party that upheld our country during all the trials of the late was and through whose efforts and encouragements our brave soldiers finally triumphed in the field, now appeals to you to see that the just fruits of that triansburg and Sunbury, on Thursday the 19th of September, at 7 o'clock, P. REASONS WHY THE AMERICAN WATCH Made at WALTHAM Mass:

Is the Rost.

It is made on the best principle. Its framels composed of SOLID PLATES. NO Jar can interfere with the harmony of its working and no sudden shock can damage its machinery. Every piece is made and finished by machinery (itself famous for its novelty, as well as for its effectiveness) and is therefore properly made—The watch is what all mechanism should be—ACU BATP, SIMPLE, STRONG, AND ECONOMICAL—Except some high grades, too coully for general uss, foreign watches are chiefly made by women and boys, Such watches are composed of several hundred, pieces, scrawed and rivited together, and require constant repairs to keep them if any kind of order, All persons

this statement.

At the beginning of our enterprise, more than ten years ago, it was our object to make a thoroughly good low-pried watch for 'the million, to take the place of these f. then impositions—the refuse of freign factories—which were entirely unsaleable at home and perfectly worthless everywhere.

How well we have accomplished this may be understood from the fact, that after so many years of public likes, we now make MORE THAN ONE-HALL OF ALL.

present engaged in the manufacture of watches of the very HIGHEST GRADE KNOWN TO CHRONOMETRY present engaged in the manufacture of watches of the very BEGIEST GRADE KNOWN TO CHRONOMETRY unequalled by anything, bitherto, made by ourselves, and unempassed by anything made in the world. For this purpose we have the amplest facilities. We have erected an add ton to our main buildings expressly for this branch of our business, and have filled it with the best workmen in our service. New machines and appliances have been constructed, which perform their work with consummate delicacy and exactness. The choicest and most approved materials only are used and we challenge comparison between this grade of our work and the finest imported chronometers. We do not pretend to sell our watches for less unersy than foreign watches, but we do assert without four of contradiction that for the same money our product is incomparably superior. All our watches, of whatever gradel are fully warranted and his warrantee is good at all times against us or our agents in all parts of the, world.

CAUTION.—The public are cautioned to buy only of respectable dealors. All persons selling counterfoits will be processed.
