Sad Accident.

On Wednesday of last week, the chil dren of John C. M'Nees find gone into the granery for the purpose of sgeing the monse trap which had been set ; and while one of them was up looking after it, another one had been, in some way, handling the rifle gun which was loaded with a ball. The gun went off and the ball took effect in the other boy's head, cutting his ear. entering his check and passing out again in front of his obsek bone, close to the nose. The ac-cident, although serious, is thought not to be very dangerous, as the afflicted boy is doing well as could be expected. Dr. Livingston is his attending physician.

Call, In. Have you been at D. T. Pape & Co's Fashicnable Store? He has just ra-ceived a new, fashionable and splendid assortmant of Dry Goods, which he is prepared to sell at reduced prices. Call and examine his stock.
