Fruit Trees and Shrubbery. The attention of the public is to the advertisement of SILAS PEARCE & Sons, who have on hand at all times in their splendid Nursery 22 miles West of Butler, a great variety of Fru t Trees and Shrubbery for sale.

Those wishing to purchase would do well to call at Rural Hill Nursery before looking elsewhere.

When we can purchase as good an article at home as abroad and at less trouble and cost, it is certainly to our advantage to do so.

It is high time that the citizens of Butler county should look to their own interests in every particular, and among these interests, that of Iruit-growing i not the least. Good fruit is desirable by all, and is not only among the substantials but is a delicious part of our living.

Who would do without good fruit, when trees can be had at the Rural Hill Nursery, that will bear in to short a time! Now is the accepted time, to purchase and plant. Do not delay to improve your farms, door yards and lawns.

Serious Accident.

On Wednesday, the 24th ult., a boy, eight years old, grand son of Joseph Elliott, living about one mile south of Saxonburg, attempted to climb on behind a buggy, and in the act of so doing, his foot slipped and was caught in the wheel and carried around with it until his limb was bacly fractured both above and be low the knee. The soft parts were so much lacerated that the fragments of the broken bones protruded at the site of both fractures. Upon examination by the attending Physicians, it was at once decided that his only chance of recovery poneisted in the immediate amputation of the timb, and that was anything but the saverity of the several second as bubbles in the sun, and burst and break with every breath we draw.

Neyman and Matheson. He survived the operation a little over 3 hours. This is a sad occurrence, and ought to serve as a sufficient - warning against the too common practice of boys clinging to carriages and other conveyances. It is a practice which should never be engaged in, and those having charge of carriages wagons and conveyances of any kind, should be careful not to permit the consinuance of this dangerous and common
