

THE AMERICAN CITIZEN.

Butler, Pa. Wednesday, Nov. 21, 1866. Workmen are busily engaged in erecting the proposed additions to the Witherspoon Institute. It is to be hoped that these necessary additions will be completed this fall, as they are very much needed for the success of the school and comfort of the students.

The new Catholic church is beginning to present a nice appearance as it approaches completion. The carpenter work has been under the control and supervision of Joseph Purvis, who is a workman of the first class. This church, when completed, will be one of the best constructed and most substantial edifices in the Borough.

Every body should go to Heinemann's. If you desire to purchase Books, Heinemann's is the place to get them. Do you want paper, pens or inks? Go to Heinemann's. Do you desire to purchase good wall paper and cheap? Heinemann's is the place to get it.

The days of gifts and presents are fast approaching, when lovers, fathers, mothers, brothers, and sisters, will desire to procure something nice to distribute among those whom they love. Don't forget that Heinemann has a full supply. No doubt some one who is fond of sporting, is wondering where he can procure a good gun;—Heinemann has them for sale,—single and double barrelled,—ranging in price, at from \$5 to \$25. Who would be without a gun in these days of sporting?

There will be a meeting of the Stockholders of the Butler County Agricultural and Stock Association, in the Court House, on Monday the 28th inst, at 7 o'clock P. M.

By order of the President, J. B. M'QUISTON, Sec'y.

Parker's Landing, it seems, is to be a successful oil point. Some five wells are now in operation producing about a hundred barrels per day, and three or four other wells are being drilled. At the depth of eight hundred and twenty feet all the wells have succeeded in obtaining the oil. Parker's Landing is ten miles above Brady's Bend, and about twenty from Butler.

We have noticed lately quite a disposition on the part of many of the boys of our town to be quarrelsome. It is of almost daily occurrence, that a crowd of boys may be seen in some part of the Borough, and when the inquiry is made, "What is going on?" the answer invariably comes,—"A fight." This is certainly bad enough; but when, it is known that young men encourage these quarrels, and old men will stand by and laugh at the "sport," what else could be expected of boys? It is about time that parents, guardians, and officers of the law should labor jointly to put an end to this common practice. If this were done, the teachers of our schools would have less trouble in governing those placed under their care; and parents would not have occasion to find fault with those who labor for the moral and intellectual improvement of their children; and School Directors would not be troubled with the visits of fathers and mothers laying in their complaints about their "dear, indelicate" children.
