Mill Byrned.

On Friday morning the 1st inst., about 4 o'clock, the Steam Grist Mill belonging to Alex. Campbell, in Concord township, was discovered to be on fire. When first discovered, the fire had not made much headway, but the docrway, the only place where persons could get into the mill, was on fire, thus preventing persons from getting into the mill. Before as-sistance could be had, the fire had progressed to such an extent that it was impossible to do anything towards extinguishing the flames, or saving anything

from the devouring element. Mr. Campbell had done a great amount of hard work, and expended a large amount of money in order to put his mill in good running order. Within the last year he had purchased a splendid engine which

No LICENSES. - We are informed, says Isaac Ash, Esq., of Oil City, for. the Sharon *Heradi*, that the court in ses-sion last week in Mercer, did not grant a single liquor license, a fact which will cheer the friends of temperance not a little. Some of the venders in the arti-cle also received some favors in the im-prisonment line, besides merty heavy prisonment line, besides pretty heavy fines. [Among these were william L. Prindle and Mr. Goldrod, of Sharon, the former being fined \$50 and costs, and the latter \$120 and imprisonment for thirty davs. Indictments were found against several of the dealers in that place but they were not brought to trial.
