Farmer's Column.

Plain Talk to Farmers.

The Hon. James W. Wall, of New Jersey, has written an interesting article, headed as above to the *Farm and Fireside*, from which we extract as follows:

The legislation of the past has done comparatively very little for the agricultural interests of the State.—This omission has mainly grown out of the neglect and indifference of the classes most injured by it. The past you cannot redeem; but the future is with you—the men of the plow, the men of toil, the cultivators of the soil your own; you can, with the awakened power which has so long slumbered within you, mould and shape, and direct the future legislation of our State as you choose. The hammer of Odin is in your hands, and as the stroke of that of the Teutonic mythology is said to have produced convulsions on the earth's surface, so political power in your grasp, if wielded in a high and holy purpose, will shake terribly the inert, useless legislation which has so long cursed our State.—When I think of your numbers in the land, your immense power in every township and district, I honestly believe that by a perfect concentration of action, your strength would be greater than all the industrial persuits combined. But now your power seems to be like that of the elephant in the menagerie. The politicians use you and abuse you—they pierce you with sharp goads, and ride upon your trunks with impunity. Whereas, if you were once fully alive to the fact of your real power, how you could crush them at a single blow, or trample them as dust beneath your feet. Now, upon you, the farmers of the country, depends a correction of the evils that have thus grown up in the legislative history of the country.—Crafty politicians call you 'the bone and sinews of the land,' and you are to them all this, for they make you hewers of wood and drawers of water,' to assist in all their schemes.'

Constipation in Horses.

In this condition of the bowels the horse has difficulty in voiding his excrement.

CAUSES—It may be produced by feeding plentifully with oats, beans, etc., by giving an insufficient amount of water, combined with a deficiency of exercise. The abuse of astringent medicine, by producing an irritation of the intestine, is very apt to lead to this condition, as those persons who are in the habit of administering tonic balls, without knowing their composition, much less their effects, should beware of a practice which is very apt to lead to dangerous results.

TREATMENT—The horse should be sufficiently exercised, and should get a bran mash instead of his usual feed of oats, two or three nights a week. If the constipation is obstinate, a dose of aloes may be given, and injections must be given every hour. Cases of constipation, if neglected, are apt to terminate fatally, by the excrement becoming hardened, and thus producing inflammation of the intestine.

Newly born foals occasionally suffer from constipation produced by the accumulation of the meconium or excrement which has collected in the intenstine before the birth. An ounce or two of castor oil should be given, and injections of warmwaterused until the constipation is removed.—*Dr. Murray in Western Rural.*

Plowing up old Orchards.

A question frequently arises as to the best course to be pursued with an old neglected orchard, which has become covered with a dense sod of grass, and this often of an inferior character, and full of disagreeable weeds. Orchards that have been widely planted, and which have gaps from the decay of trees, especially when these have been trimmed up with high stems and long, naked branches, do not cast sufficient shade upon the ground to prevent the growth of grass and weeds. These intruders occupy the surface soil to the disadvantage of the roots of the fruit trees and we may wonderfully improve the health of such orchard by plowing the ground, and at the same time severely pruning the branches and cleansing the bark of these old trees.—These good results may be continued by shallow culture of the soil, with suitable applications of manure where needed. By giving a dose of lime, or marl and ashes, we shall infuse a new life and growth and productiveness that will astonish and delight us, and reward us for our labors and outlay.

It may be urged as an objection to breaking up the sod, that the most careful plowman will unavoidably damage some of the roots that approach the surface, but this is an injury that must be submitted to; and after all it is not such a serious affair and is over-balanced by the advantages of renewing the productiveness of the exhausted orchard.—*Warder's American Pomology.*

AN INVALUABLE MEDICINE
—FOR—
The Purifying of the Blood.

DR. J. W. POLAND'S

HUMOR DOCTOR,

A Positive Remedy for all Kinds of Humors,

PARTICULARLY

ERYSIPELAS, NETTLE RASH, SALT RHEUM, SCROFULA, CARBUNCLES, BOILS AND PILES

It is very gratifying to say of this, or of any other medicine, 'It is the very best remedy known." It is not always so easy to prove it. It is, however, exceedingly gratifying to the Proprietor of this medicine, that while he declares to the public that this is a most wonderful and effective specific for Humors, as stated above, he has abundant proof a' hand to sustain his statement.

For sixteen years the Humor Doctor has been manufactured and sold, and every year has increased the value of its reputation, and the amount of its sales.—In New Hampshire, where it originated, no remedy for humors is so highly prized. An eminent physician (now an army surgeon) when practising in New Hampshire, purchased between fifty and sixty gallons of it during some seven or eight years, and used it in his practice. He has since then ordered it for the Hospital where he was stationed. Other physicians have ordered it, and have used it in practice with great success. When the proprietor lived in New Hampshire, at Goffstown Center, for the space of thirty or forty miles around, and in Manchester particularly, the Humor Doctor was well known and highly valued for the numerous and wonderful cures which it effected. Though manufactured in large quantities the supply was frequently exhausted, and purchasers had to wait for more to be made. In that region some very severe cases of Erysipelas were treated with—and they were cured.—Erysipelas sores, or carbuncles, those ugly, painful ulcers, were entirely removed wherever this medicine was faithfully used. So it was with Scrofula and Salt Rheum. The Humor Doctor cured them.

For the sake of showing what is thought of it, a few testimonials are here inserted:

Milton Gale, Esq., Boston, Mass.

I hereby certify that I was sorely afflicted with boils for two years, developing themselves on my limbs and other parts of my body. The sufferings which I endured from them are indescribable. Suffice it to say that I faithfully tried several of the most popular humor remedies, but without removing the affliction. At length, by the earnest request of an intimate friend, I was induced to try Dr. J. W. Poland's Humor Doctor, and am very happy to attest that all my boils were removed, and my health was restored by using Dr. Poland's aforesaid medicine.

Boston, Jan. 14, 1868. MILTON GALE.

A. C. W. Esq., Manchester, N. H.

DR. J. W. POLAND—Dear Sir: I very cheerfully give my testimony in favor of your Humor Doctor as an excellent remedy for humors. My numerous acquaintance in Manchester know how severely I was afflicted with Boils, and they know how perfectly good my health is at present. Your Humer Doctor cured me. Please refer to me for particulars in my case.

Manchester, N. H., June 11, '66. A. C. WLLACE

Mrs. Wheeler, Stoneham, Mass.

I very confidently and earnestly recommend Dr. J. W. Poland's Humor Doctor as an excellent remedy for humors, having been wonderfully remedied by it myself. My own case was a very severe and obstinate one. For more than two years the skin upon the inside of both my hands, and even down to my wrist, was constantly cracked and broken up, so that I was unable to use my hands in any kinds of wet work, and was obliged to wear gloves in sewing to avoid gatting blood upon my work. The humor which so afflicted me was probably a combination of Erysipelas and Salt Rheum. My general health was quite poor. Soon after I began to use the Humor Doctor I could perceive signs of healing. I continued to use the medicine till I was finally cured. My hands are now perfectly free from humors, and to all appearances my whole system is clear of it, and has been for several months. I used eight bottles before I felt safe to give it up entirely, but they cured me. HARRIET WHEELER.

Stoneman, Mass., July 5, 1856.

Mrs. Porter, Dover, N. H,

DOVER, N. H., July 22, 1855.

DR. POLAND, I received your letter enquiring as to the effects of your medicine on sea-sickness. I am happy to say that I think it is "the medicine" for that dreadful sickness. I tried various prescriptions, but found none that settled the stomach and cleared the head like the Humor Doctor. I felt as though I could hardly wait to get ashore, to entreat you to introduce it into ship chandlery stores, that it may find its way to those who suffer upon the mighty deep from sea-sickness. If captains who take their families with them, or carry passengers, should try it for once, they would never be willing to voyage without it.

I have used it for my family since its introduction to the public for billions habits, headache and humors about my children, and have always found it a sure cure.

I am not fond of having my name appear in public, and would not consent to it on any other account but to relieve the suffering; but if the foregoing will be of any service to you or the public, you can make use of it.

Yours, HARRIET M. PORTER.

Much more might be said in relation to this medicine, as contained in testimonials, but it is needless. Ask Manchester druggests about it, especially E. W. Blake, at Barr's. Inquire of Mr. Henry Plumer, of Bedford, whose wife was cured by it of Salt Rheum. Ask almost any person in Goffstown, and they will declare its value as a remedy, as used in their own cases or by their friends.

The Humor Doctor was formerly sold at fifty cents per bottle; but the cost of every ingredient composing it has gone up so enormously, that the price has been raised to fifty cents only, and that by compulsion.

The Humor Doctor is prepared at the New England Botanic Depot, for the proprietor, J. C. French.

Sold by Medicine Dealers everywhere.

ILLUSTRATED
DOMESTIC BIBLE.

BY REV. INGRAHAM COBBIN, A. M.

THIS work contains all the plans of the Commentaries, and is neat and of convenient size for family use. It will require but little examination to see that this edition of the Sacred Writings embraces many features never before combined in one volume, and is a valuable acquisition to the family circle and the Biblical student. Some of the most important and distinguishing features of this bible are:

1. Seven hundred Wood Engravings. 2. Many thousand marginal references. 3. Three finely executed Steel Engravings. 4. Numerous improved readings. 5. A corrected chronological order. 6 An exposition of each chapter, containing the essence of the best Commentators, with much original matter by the editor. 7. The poetical books in the metrical form. 8 Reflections drawn from the subjects of the chapter, and giving in a condensed form its spiritual import. 9. Questions at the end of each chapter, for family examination. 10. Dates affixed to the chapters, for each morning and evening's reading, comprising the whole Bible in a year. To these have lately been added two very desirable features, viz: It contains a family photograph department in connection with the family record, and an extended concordance. It is one of the most desirable Bibles published. The work contains nearly fifteen hundred crown quarto pages, printed from clear and beautiful type, on fine paper, with numerous engravings, and is bound in three different and beautiful styles.

THE subscriber has just arrived in Butler, (the town of his choice,) with a most splendid supply of every article in his line of business viz:

Tobacco, Snuff & Cigars,

which he has purchased on the very best of terms, and which he is willing, nay, anxious, to part with to any person having a good name or the ready change, as cheap, or cheaper perhaps, than they can purchase the same quality anywhere in this vast Confederacy"—This he pledges himself to do, and the only way of proving whether he is a man of veracity or not, is to try him. Among the articles which he feels warranted and disposed to brag on, are:

SCOTCH SNUFF,
Superior quality.
EXTRA FINE ATLANTIC CABLE
Chewing Tobacco,
DOUBLE EXTRA FINE NAVY
Chewing Tobacco.
TURKISH SMOKING TOBACCO,
HALF SPANISH AND COMMON CIGARS,

An assortment of all kinds of Cigars, Snuff and Chewing Tobacco, But stop!

Here his "muse her wings maun cower,
Sic flights are far beyond her power."

To sing or tell of everything he has, would occupy too much precious time; just call and examine for yourselves. G. VOGELEY, JR.

HARTFORD LIVE STOCK

Insurance Company

OF HARTFORD, CONN.

CASH CAPITAL, $500,000.

E. N. KELLOGG, President,
GEO. D. JEWETT, Vice President.
I. H. Hilliard, of Franklin, Pa., Agent for Clarion and Butler counties.

THIS is the only Live Stock Insurance Company that is doing a Live Stock Insurance business with a paid up Capital. It affords the Stock raiser a protection such as has never been given him before. Where is there a Farmer or a man that makes it his business to raise Horses, Cows, or Sheep, but loses severely every year from Horses being stolen, horses dying, cows and oxen dying, and sheep dying? Now if the loser could hold a Policy in the above named Insurance Company, he would be paid at once for his Stock lost either by theft or death.

Already have the Farmers of the Eastern States been greatly benefitted by this Insurance. They make it a yearly business to Insure all their stock against death and theft. They wont do without it. It costs a farmer but a few dollars to Insure his Horses, Cows, and Sheep. There are men of capital who would invest their money in valuable stock, but they are afraid of losing it by theft or death. They need not do so any longer. Let them Insure. Mr. Hilliard, the above named agent, during the coming summer, will pass through the counties of Clarion and Butler, and establish an Agency in every Township. Those wishing to Insure their Stock, or wishing to become an Agent for the Township in, which he lives before Mr. H. gets around, can address the Agent at Franklin, Pa., and rates of Insurance and Books of Instruction will be furnished them by return mail. Farmers, don't stand back! Pitch in. This is just what you need. (May 29, '67, 3mos.
