This week, the State of Virginia has been narrowed down to the city of Richmond. It now turns out that a single riotous demonstra. tion in the city of Richmond was a sufficient basis for the assertion that the polls in the State of Virginia were taken possession of by the Nager. That will do, Jacob! Continue to dilute your dosy es, and you will yet come to the verity of the case.

The editor of the Herald descants very eloquently on isolated outrages committed by negroes, (which are condemned thoughts of the New York World, that by every individual that has the least they have some parallel in the design and spark of the common feelings of humanity and christianity,) and stigmatizes the ablest and truest representative. Every State that seceeded and went into the rebellion was Democratic. The arch. traitors who instigated and were the head and front of the Rebellion, were Democrats. They robbed the Treasury, pillaged the Arsenals, had our ships of war sent to Foreign waters, and precipitated the country into civil war. Talk about Tall: about negro outrages, and endeavor to make the Republican party responsible for the same. As well might you charge the Republican party of the United States with the barbarities of the Turks against the Christians of Crete.

Go back to the teachings of slavery and the conduct of white men towards and with female slaves. Look at the pale-faced negroes of the South, and then talk about isolated cases of negro outrages and the responsibility of Republican editors. The editor says :
