Local and Literary.

We have had some capital corn weather this week.

Wickersham at the P. O. News Depot, is receiving all the latest papers and periodicals.

The concerts on Monday evening attract a large crowd; but this is nothing new as we have the reputation of being a music loving people in the State.

Two young Cincinnatians ran away with a couple of *vessels* from that city last week. They were of that kind that St Paul would not have worked, and consequently were *canned*.

The Company of Philadelphia Firemen are on a visit to Buffalo the past week. They went home without getting up a fire—rather unusual for a Philadelphia company and hence worthy of special notice.

The Annual Fair of the Chautauque County Agricultural Society, is to be held at Fredonia on Tuesday, Wednesday and Thursday, 13th, 14th and 15th of September. We advise the farmers of Erie county, and vicinity to compete for premiums

The Editor being absent this week, all mistakes will be attributed to the "devil"—as usual. The "devil" has a hand in them when at home—and a very "spoor devil."

The Public Schools of this city are now enjoying their summer vacation. When they open the scholars in the East ward will occupy a new building now being finished for that purpose.

We have Bryant & Stratton's Commercial Arithmetic on our table. The contents are varied, and contain a very able article on History and Geography, by the celebrated poet Mr. Brodhead, of Pittsburg.

Dry, hot weather is exceedingly bad for potato news. Other crops may grow but the crop of potato stories will increase on the approach of cold weather. From columns then are barren of news this week it needs must buy it to keep the ball rolling—the head.

Every body thinks it an easy matter to edit a paper. We are frequently told...by those who are imbued with this idea what a newspaper should be like. One would have it as they see in Europe another wants the space taken up with that great man's third cousin's uncle's sister's aunt's brother-in-law's speeches, and would have none of it unless it would exclude all advertisements. Some want the space to the stories of "Cornwall" Robinson or other writers for the *Mirror*, while others insist that the columns are insufferably stupid and dull unless we do not pay enough attention to politics so that we have never a word to say for or against the mammoth cheese of our neighbor Jenkins—and so on through the fault-finder's chapter. Now as all this is impossible to please all parties and as the next best thing to pleasing every body so as to please as many as we can do that and trust to luck for the rest. But there is one thing we will ask and please a vast majority of our readers and which we would do if we could—that is to ignore the political columns almost entirely. We are perfectly aware that this is impossible in every where—to be here, in our position, owing to our business, and at the present striking an editorial observer can never escape. But, if some friend in each town would spend half an hour as occasion occurred in writing us a letter stating what of note had occurred in his neighborhood, it would be a help each week to us and would be duly appreciated by our readers. We think that all who read this article respond. But I am not competent to write for the public &c., &c. We do not ask you to write for the press—we only want you to write to us whenever any thing new occurs in your neighborhood and out of the information thus furnished we will prepare it for the press. If a neighbor Jones, or Smith, or Brown breaks a leg disables himself with his mowing machine or his barn, or house, or any one is struck with lightning, write us the particulars. If Brown's unruly bull chases Mrs. Brown's children, and scares them "out of a year's growth," write us so that we may point a moral and adorn a tale on the necessity of keeping vicious animals secure. If some foolish misanthrope, tired of life, shuffles off this mortal coil without the help of a physician or a subscription of clergy, we want to know it, for paragraphs are newspapers made. In fact whatever occurs in your neighborhood, note the particulars and we'll make a note of it in this one of the complaints, first always in this article, that too little attention is paid to the local affairs of the county will be removed. Think of this, friends, and next week, or the week after, or any time when the spirit moves" and the occasion demands, as the fish sand to the angler, "drop us a line."

The Harrisburg *Union* is reproved to see country papers paying more attention to the crops in the various parts of the state. Not a bad hint, we call this rather cool. If there is a town in the state that is more of a country village than Harrisburg we should like to see it.

The Buffalo *Commercial* tells the following good one at the expense of a worthy German, with the unpronounceable name of John S. HARPPEL living between that city and Lockport. On the Fourth of July JOHN and his wife were hoeing corn in their field, when they saw the STEINER balloon passing over.—Not being posted up in aerial navigation, JOHN thought the Last Day, or the comet, had come. He looked up to his wife, went down on his marrowbones and begged her forgiveness for all the scoldings he had given her, and then turned to Heaven with prayers and hasty confession of manifold sins. A neighbor who witnessed the scene describes it as being very rich. JOHN, who is rather unpopular among his German neighbors, is daily subjected to a roasting on his fright, and is often reminded that a guilty conscience makes cowards of us all.

We have suffered some from the culpable recklessness, noticed by the Harrisburg *Union* of hitching horses to shade trees, and we agree with that paper that such a practice is to be discouraged. As in Harrisburg, so is it here, that these acts of carelessness are committed generally by the farmers who visit our town on Saturday mornings, and on other days of the week to make their purchases. To save a little expense they hitch their animals to the trees, and allow them to stand there for hours at a time, while they travel about town attending to their business. The horses become impatient, restless and hungry, and consequently chew the trees, destroy the boxes, or ruin the bricks in the gutters along the streets, just because the owners of the said horses are too stingy to spend a shilling to put them up in a stable. These farmers complain bitterly if any of our citizens should visit their farms and tramp down their growing crops, or injure their trees; but think nothing of hitching a pair of prancing horses in front of a man's house, to destroy his gutters, break his awning posts or tree boxes and skin his trees.

We find the following in the Pittsburg *Legal Journal* in regard to the Forst case:—This decision of the Supreme Court settles finally, we suppose, the question of Judge Derrickson's want of Jurisdiction in all criminal cases, and if followed up would send RIDDLE, convicted at the same term, back to be tried over:

"The Supreme Court during this week has been holding a special session in Philadelphia. Among the cases disposed of, was one from this district: that of Jacob Foust vs. the Commonwealth; error to the Oyer and Terminer of Erie County. Foust was tried for, and convicted of murder in the first degree, before Judge Derrickson and sentenced to be hanged. On the 3d of May last his counsel took a writ of error which was argued at Harrisburg on the 25th of May. On Saturday July 2d, the Supreme Court reversed the court below and granted a new trial: Woodward, J. delivering the opinion; Read, J. dissenting. The ground for the reversal was that Judge Derrickson the "additional" Law Judge created by Act of Assembly, had no jurisdiction in such a case, except in the absence or sickness, or at request of Judge Galbraith, the President Judge of the District, and the record failed to show affirmatively any one of the necessary contingencies."

Timothy Judson, Esq., of Waterford, one of the oldest citizens of that portion of our county, died a few days ago, aged 76 years—He was universally respected.

The Sunbury and Erie Road is already giving evidence of vitality in the way of local freights. The *Gazette* states that on Monday morning Messrs GRAY & FARRAR sent over the line of that Road a supply of Groceries, etc., for a house near Waterford, which speedily and safely reached the point of destination. This is but a small foretaste of what they and other like establishments, will send when the rails are laid to Warren.

The New Castle Bank has "gone under," and closed its doors. Cause—its managers went into the grain and flour speculation, and the frost did'nt help them out.

JUSTICE, in Brown's Block, has Greeley's (not Horace's) Suspender Braces for sale. We have been wearing them for a few days and find them very comfortable. Call and buy a pair.

The following is the list of Jurors drawn for the Court of Quarter Session on the 1st Monday of August, 1859:

GRAND JURY.—Myron Goodwin, Adam Sheline, and S. S. Sterrett, Erie; John L. Way, foreman, Summit; C. F. Avery, Morton R. Mertz, Wayne; David Dodge, Albert Goodwin, Harbor Creek; Jeremiah Davis, Mathias R. Prime, Warren Skelton, Girard; Stephen Davis, M. P. Mills, Robt. Tickner, Greenfield; Russell Darow, Abner Lilley, Concord; Robt. Hood, Wm. M. Williams, Waterford; Dyre Loomis, Asa Rayman, Thomas Mellen, North East; John M'Clanahan, Washington; John Smiley, Union; Asa M. Vorce, M'Kean.

TRAVERSE JURY.—John R. Cochran, Silas E. Finch, Jacob Hanson, Charles Lynch, David Sterrett, J. C. Spencer, C. W. Stewart, B. B. Vincent, Erie; Cornelius Ball, Jas. Sherman, Girard; William Davis, Heman Ensign, C. H. Merts, Amos Parrige, North East; S. M. Bellamy, Calvin Hays, Daniel E. Thompson, Greene; B. F. Bissell, Greenfield; John Eagly, Springfield; Geo. Frette, Dennis Frette, L. F. Phelps, John Sedgwick, Waterford; Andrew Gray, John M'Kee, Millcreek; Calvin Lee, Harbor Creek; Pressley M'Creary, Fairview; Dean Parker, Sidney Root, H. O. Root, Summit; Wm. Pier, H. W. Racy, Wayne; Abbot Skinner, Wattsburg; John Tucky, Franklin; Jas. Wattson, LeBoeuf; Gideon Johnson, M'Kean.

The editor of the *Observer*, did not see the "sink hole" at Waterford—*Express*.

That's so: but to make up for the loss of that sight, we were favored with a peep at the Warren county "sink hole." It was right under the nose of the Editor of the *Express*.

This is just the kind of weather for sunstrokes. We see already notices of one or two deaths in Philadelphia from sunstroke. Persons who are exposed to the sun's rays will find a *good protection* in keeping a handkerchief between their head and the crown of their hat. If the handkerchief is wet so much the better. Green leaves will answer the same purpose.

In the matter of news there is a stagnant calm this week, except the details of the great battle. Newspapers to the number of hundreds sleep peacefully by our side, but there is nothing in them. There is food for philosophy in the pile of Exchanges, but heat forbids meditation, and the case is continued, as they say in Court.

At the United States Court at Williamsport, last week, Charles Miller was found guilty of manufacturing coin, and sentenced to $200 fine and seven years imprisonment in the Western Penitentiary. "Kate King" and Charles Bride, tried for the same offence, were acquitted. Silas E. Lynn, for stealing a "love letter" three months in the Penitentiary.

An important decision to railroad travelers has just been rendered in a New York Court—to wit, that a ticket marked "to be used within — days from date," means precisely what it says, and that, in case the purchaser chooses to remain beyond the specified time, and refuses to pay the additional fare demanded on the return trip, the conductor of the train has a legal right to eject him therefrom.

A span of horses, hitched in front of Murphy's Tin shop, broke away on Monday, and after endangering the lives and limbs of numerous boys assembled to look at the Circus come in, brought up against the Market House, breaking a leg of one of the animals. They were owned by a Mr. WEST, of Harborcreek.

Gen. SCHLAUDEKER, of this city, was elected Major-General at the election held on the 4th. We touch our beaver in compliment to the General on his promotion.

We are indebted to H. B. HAVERSTICK, of the Erie City Mills, for a bag of superior Flour, manufactured from Kentucky White Wheat, of this year's growth. To say that it is "*nip top*," and that friend H. does up that kind always, at the City Mills, is to say what every body who ever tried his flour knows to be a fact—we therefore merely advise those in want of a good article, at a reduced price, to call at that "institution."

P. S. If any body else wants their flour puffed, we're open to conviction!

The Dollar Weekly *Pennsylvanian* is the largest paper in the State sent to subscribers for a dollar a year. It is also one of the best papers on our exchange list. To induce Post Masters and others to canvass for it, the publisher makes the following liberal offer:—Any person who shall forward to this office the largest number of new subscribers, by the first of September, with the amount of their yearly subscription in advance, shall receive a premium of THIRTY DOLLARS: To the person sending the second highest number of new subscribers, TWENTY DOLLARS: For the third highest number TEN DOLLARS: The above propositions to be limited to lists forwarded by the 1st of September next. The result will be published in the *Daily Pennsylvanian* by the First of September, and in the *Dollar Weekly Pennsylvanian* on Saturday, September 3d.—The premiums will be forwarded to those entitled to receive them on the first named day.

"WHY ARE WE SICK?"—Slight indispositions as they are called, as costiveness, sour stomach, Headache, etc., though regarded as small matters in the machine, are, nevertheless, indications of derangement, which if allowed to continue, will result in general disease of the whole system. With all its complexity so long as the action is, through any cause hindered, that moment commences a derangement, which if not speedily remedied by a removal of the cause, will lead through a long list of lesser ills and aches to Liver complaint, Dyspepsia, premature old age and Death. The stomach is the grand reservoir from whence is diffused nourishment, and life and vigor are imparted to the entire system: it is all important, then, that the *Stomach* be kept healthy, and free from everything calculated to excite a diseased action, and hinder the performance of its legitimate functions, and when through indiscretion, accident or other circumstances, the energies of the body are prostrated, and the stomach and other parts of the animal economy are sluggish and inefficient in the performance of their duties, or when there is an excited overaction, then it becomes necessary to resort to some Medicine, whose alterative and corrective qualities may restore a vigorous action and a healthy tone. A gentle aperient and laxative, will perhaps more than any other medicine, accomplish this end—and it is in this character, of a mild, gentle, and efficient aperient, laxative and corrective, that BALDWIN'S CATHARTIC PILLS are offered to the public. Being entirely *vegetable* in their composition, they may be administered safely to all, of every age and sex, as well to the infant and delicate female, as to the vigorous man. For the speedy cure of *Costiveness, Indigestion, Heartburn, Headache, Dyspepsia, Jaundice, Sickness of the Stomach, Affections of the Liver, and Derangements of the bilious System generally* they cannot be surpassed. These Pills are already beginning to be known as one of the best and most effectual remedies, and as the most perfect compound which has ever been devised for the mastery of disease. *They are warranted to give satisfaction, or their price 25 cts, per box, will be refunded.* Sold in Erie only, at BALDWIN'S Drug Store, No. 5, Reed House. Girard, B. C. Ely. 24

IMPORTANT TO FEMALES. DR. CHEESEMAN'S PILLS, Prepared by Cornelius L. Cheeseman, M. D., New York City. The combination of ingredients in these Pills are the result of a long and extensive practice. They are mild in their operation, and certain in correcting all irregularities, Painful Menstruations, removing all obstructions, whether from cold or otherwise, headache, pain in the side, palpitation of the heart, whites all nervous affections, hysterics, fidgets, pain in the back and limbs, &c., disturbed sleep, which arise from interruption of nature.

TO MARRIED LADIES,

Dr. Cheeseman's Pills are invaluable, as they will bring on the monthly period with regularity. Ladies who have been disappointed in the use of other Pills can place the utmost confidence in Dr. Cheeseman's Pills doing all that they represent to do.

NOTICE. There is one condition of the female system in which the Pills cannot be taken without producing a PECULIAR RESULT. The condition referred to is PREGNANCY—the result, MISCARRIAGE. Such is the irresistable tendency of the medicine to restore the sexual functions to a normal condition, that even the reproductive power of nature cannot resist it.

Warranted purely vegetable, and free from anything injurious. Explicit directions, which should be read, accompany each box. Price $1. Sent by mail on enclosing $1 to the general agent. Sold by one Druggist in every town in the United States. R. B. HUTCHINGS, General Agent for the United States, 165 Chambers St., New York. To whom all Wholesale orders should be addressed.

T. S. SINCLAIR, Agent.

THE LIGHTEST MACHINE IN USE.

The Mower weighing only six hundred and thirty-nine pounds, and the Reaper eight hundred and eight pounds.

LIGHTEST DRAFT—NO SIDE DRAFT.

Requiring one-third less draft than any other machine, as numerous tests at trials with the dynamometer, and the testimonials of farmers, abundantly show.

STRONGEST & MOST DURABLE MACHINE.

Being all Iron, except seat, pole and platform, and the weight so distributed as to give the greatest amount of strength with the least weight of iron. The Castings are made of Salisbury iron, and the finger-bar is of wrought iron, with a flange on the front edge, thus giving it great strength with light weight.

NO PRESSURE UPON THE HORSES' NECK.

The weight of the driver counterbalancing the weight of the front of the frame, and throwing the whole upon the driving wheel.

SELF-ADJUSTING FINGER BAR.

In this respect it is entirely unequalled by any machine yet produced. The finger-bar works up and down independently of the driving-wheel, enabling it to go through dead furrows and ditches, among stones and bogs, and over knolls and hills, where no other machine can follow it. It can also be set to work at any height from two to eighteen inches, and the change can be made in an instant, thus adapting it to all kinds of work, whether mowing or reaping, or gathering grass or clover seed.

A PERFECT COMBINED MACHINE.

Working equally well whether mowing or reaping, and surpassing the best single mower, and the best single reaper as a reaper.

RAKERS POSITION EASIEST POSSIBLE.

In this point it surpasses all reapers; the rakers position enabling him to deliver the gavel at the side with but one movement of his arms, which is as natural and easy as if he were standing on the ground and raking.

EASILY MANAGED AND OPERATED.

By means of a lever the driver can at pleasure throw the cutters out and in gear; by another lever he can raise either end or both ends of the finger bar to pass over obstructions, or move from field to field; the change from mower to reaper is easily and quickly made; the oil boxes, bolts, screws and nuts are easily accessible.

PERFECT IN ALL MINOR POINTS.

It cannot be clogged: has no draft: is marvelously simple in construction, and not liable to get out of repair; is made of the best materials, and the workmanship and finish superior to any other machine in the country.

LOWEST PRICED MACHINE IN MARKET.

The price of the Mower *being only* $104, and the combined machine $125: One Horse Mower $90; One Horse Combined Machine $100.

These Machines sew from two spools, as purchased from the store, requiring no re-winding of thread; they Hem, Fell, Gather, and Stitch in a superior style, finishing each seam by their own operation, without recourse to the hand-needle, as is required by other machines—They will do better and cheaper sewing than a seamstress can, even if she works for *one cent an hour*, and are, unquestionably, the *best Machines* in the market for family sewing, on account of their simplicity, durability, ease of management, and adaptation to all varieties of family sewing—executing either heavy or fine work with equal facility, and without special adjustment.

As evidence of the unquestioned superiority of their Machines, the GROVER & BAKER SEWING MACHINE COMPANY beg leave to respectfully refer to the following

TESTIMONIALS.

"Having had one of Grover & Baker's Machines in my family for nearly a year and a-half, I take pleasure in commending it as every way reliable for the purpose for which it is designed—Family Sewing."—*Mrs. Joshua Leavitt, wife of Rev. Dr Leavitt, Editor of N. Y. Independent.*

"I confess myself delighted with your Sewing Machine, which has been in my family for many months. It has always been ready for duty, requiring no adjustment, and is easily adapted to every variety of family sewing, by simply changing the spools or thread."—*Mrs. Elizabeth Strickland, wife of Rev. Dr. Strickland, Editor of N. Y. Christian Advocate.*

"After trying several different good machines, I preferred yours, on account of its simplicity, and the perfect ease with which it is managed, as well as the strength and durability of the seam. After long experience, I feel competent to speak in this manner, and to confidently
