A Safe and Certain Cure for Piles!

THIS TRULY INVALUABLE ARTIcle, "compounded after the formula of one of the
most distinguished physicians of the age," is presented to
the public with the fullest confidence in its intrinsic merits. It is magical in its effects, relieving almost instantaneously the most painful cases, while hundreds con
tentify to its wonderful cures. While this contentand
wedicine is smollient and soothing in its nature, unlike
all other compositions, it is cleanly, not notiting to the
linen and is agreeably perfumed. Try it! try it! All
that is asked is a trial; and we seel confident that all and
every one who uses it will hear testimony to its merits,
and find relief from a most painful affiliation. Excariation, Chafing Chaps, &c. It will be found equally effeccious for all Excoriation, Chafing, and Chap of the Bitis,
relieving, even in severe cases, almost instantaneously...

It is known that the estrict and best truits and regardable in this latitude ones from Rey Jersey, and are amusally experted to the entent of millions.

In locating here, the settler has many advantages. He is within a few heavy ride of the great cities of New England and Middle States, he is not not of friends and associations, he is in a settled sourty where every superecurses of comfort and creatration as at head. He can buy every action he wants at the changes upon, and cell his produce for the highest, (in the West this is reversed,) he has schools for his children, divine servece, and will empoy an open winter, and delightful climate, where fevers are utterly unknown. The result of the change upon those trend the north, has generally been to restore them to an excellent state of bealth.

In the way of building and improving, lumber can be obtained at the mills at the rate of \$10 to \$15 per thousand. Bricks from the brick yard opuned in the place, every article can be procuped to be place, by the property has not been taken up before. The reaces in it was never thrown in the market; and saless these statements were correct, and one would be invited to examine the land before purchasing. This all are expected to do. They will see the lead under cultivation, such is the extent of the settlement that they will no doubt, meet persons, from their own neighborhored it they will witness the improvements and can judge the chasterer of the population. If they come with a view to settle, they should come prepared to stay a day or two and be ready to purchase, as locations who improve, the Kallergad Compart cities. F

## HOSTETTER'S STOMACH BITTERS.

it is a fact that, at some period, every member of the human family is subject to disease or disturbance of the bodily Functions; but, with the aid of a good tonic and the exercise of plain common sense, they may be able so to regulate the system as to secure permanent health—In order to accomplish this desired edject, the true course to gursue is certainly that which will produce a natural state of things at the least hazard of vital strength and life. For this purpose, Dr. Hostetter has intyndeced to this occurry a preparation bearing his name, which is not as new medicine, but one that has been tried for year-giving satisfaction to all who have used it. The litter-operate powerfully on the Stomach, Bowels and Liver, restoring them to a healthy and vigerous action, and thus, by the simple process of strengthening nature, enable the system to triumph over disease.

For the cure of Dyspepsia, indigestion, Namea, Flatuinery, Loss of Appatite, or any Billious Complaints, and sing from a mortide inaction of the Stomach or Bowels, producing Crampa, Dysintery, Colic, Cholera Morbua, & these Bitters have no equal.

Diarrhees, Dysintery or Flux, so generally contracted by an extilers, and caused missionally by the charge of

All nations have their Bitters, as a preventative of disease and attention between the Bitters of an article and attention in the Germana, from whom this preparation emanated, be and upon scientific experiments which have tended to prove the value of this great preparation in the scale of medical science.

Fiver and acce.—This trying and provoking disease, which sixe its releations grap on the body of man, reducing him to a mere shadow in a abort time, and rendering him to a mere shadow in a abort time, and rendering him to a mere shadow in a short time, and rendering him he body by the use of HOSTETTER'S RENOWNED BITTERS. Further, acce of the above-taited disease can tontracted, even in exposed situations, if the Bitters are used as per directions. And as they well that the rendering of dist or interruption of ordinary persuits, but promote sound sleep and seathly digestions, the complaint is released to particular and as prediffy as is consistent with the production of a thorough and permanent curs.

For Previous in Advanced Years, who are suffering from an enfeebled constitution and infirm body, those Estters, are invaluable as a restorative of strength and vigor to the while nursing these Bitters are indispensable, especially where a good tonic, such as Hontester's Stemach Bitters, is assed to impart temporary strength and vigor to the system. Ladies should by all means try this remedy for all cases of debility, and, before so doing, should ask their physician, who, if he is acquainted with the virtue of the Bitters, will recommend their mass all all against uring any of the many installations or consucerfetts, but ask for the respectively and cases of debility, and, before so doing, should ask their physician, which we caution the public against uring any of the many installations or consucerfetts, but ask for the respectively and other than the words "Dr
