In locating here, the settler has many advantages. He is within a low hours ride of the grout cities of New England and Biddle thins, he is mar his old friends and associations, he is in a cettled country wave every supereverance of comfert and constitution at head. He can buy every article he wants at the changest pides, and sell his produce for the highest, (in the West this is reversed,) he has schools for his children, devias servece, and will eaply an open winter, and delightful cilmate, where fever are utilized valueous. The result of, the change upon those from the north, has generally been to restore them to an excellent state of health.

In the way of building and improving, lumber can be obta sed at the milis at the rate of \$40 to \$16 per thousand. Bricks from the brick yard equand in the place, were at hand, and there is no place in the Union where buildings and improvements can be made changer.

The reader will at once be struck with the advantages here presented, and ask himself why the property has not been taken up before. The reason is, it was never thrown in the market; and unless these stellments were correct, no one would be invited to examine the land before purchasing. This all are expected to do. They will see the land under cultivation, such is the extent of the settlement that they will no doubt, most persons, from their own neighborhood; they will with the improvements and can judge the character of the population. STOMACH BITTERS.

It is a fact that, at some period, every member of the human family is subject to discuss or distures begin the human family is subject to discuss or distures begin the beddily functions; but, with the sid of a good form; and the exercise of piano common sense, they may be shite to be requisted that expirem as to secure permanent hearth—in order to accomplish this desired object, the tree course to parises is certainly that which will produce a natural state of things at the least humand of vital strength and life. For this purpose, br. Hosbetter has introduced to this country a preparation bearing his name, whech is not a new modicine, but one that has been treed for years, giving satisfaction to all who have used it. The Bitter-operate powerfully on the Stomach, Bowels and Liver, restoring them to a healthy and vigorous action, and thus, by the simple process of strengthening nature, enable the system to triumph over disease.

For the cure of Dyspepsis, indigestion, Nausea, Flatuisacy, Loss of Appetite, or any Billiots Complaints, sursing from a morted inaction of the Stomach or Bowels, producing Cramps, By aintery, Colic, Cholera Morbus, Sci. these Bitters have no equal.

Diarrhosa, Dysintery or Flux, so peacemlly contracted by sew settlers, and caused principally by the change of water and dist, will be appedily regulated by a brief use of this preparation. Dyspepsis, a disease, which is prepably more prevalent, in all fit varied foreis, than any other, and the cause of which may always be attriouted to derangements of the digustive organs, can be cured without all by using HOSTETTER'S STOMACH BITTERS
