☞ Half the orators of the country are made by the press, and as illustrative of this truth, the following is decidedly good. The Hon. John P. Hale, in his speech at the recent Pilgrims Celebration, said that while he was coming along in the cars, a gentleman of a Boston paper asked him for a sketch of the remarks he proposed to make. He shook his head, intimating there was nothing in it. The newspaper man took the hint and kindly said "Mr. Hale, if you really have no speech prepared, I have several little speeches which I prepared for my Massachusetts friends, and I will let you have one of them."

☞ Mr. Marsh, the Receiver of the N. and Erie Railroad, took possession of the road on Tuesday. He says that all the present employees of the New York and Erie Railroad Company will be continued in their present positions, and that all rules and regulations under which the road has heretofore been administered, will be continued until further notice.

☞ The patent Office having obtained seeds from the cork tree from Europe, sent several packages last year to California, which possesses a climate similar to France and Spain, where it flourishes. These seeds were planted at Sonora, and about 78 per cent of them have come up, and give promise of becoming stately trees.

☞ A New York correspondent says that the announcement that Charles Dickens intends to visit this country in the fall, for the collection of a new batch of "American Notes," is more than mere rumor. The distinguished author is under engagement to give sixty "Readings" according to a prearranged programme, at various points, for the very reasonable remuneration of twenty-five thousand dollars cash, at the start, and one-fourth of the net profits of the exhibition.

☞ "WHY ARE WE SICK?"—Slight indispositions as they are called, as costiveness, sour stomach, Headache, etc., though regarded as small matters in themselves, are, nevertheless, indications of derangement, which if allowed to continue, will result in general disease of the whole system. With all its complexity so long as the action is, through any cause hindered, that moment commences a derangement, which if not speedily remedied by a removal of the cause, will lead through a long list of lesser ills and aches to Liver complaint, Dyspepsia, premature old age and Death. The stomach is the grand reservoir from whence is diffused nourishment, and life and vigor are imparted to the entire system; it is all important, then, that the *Stomach* be kept healthy, and free from everything calculated to excite a diseased action, and hinder the performance of its legitimate functions; and when through indigestion, accident or other circumstances, the energies of the body are prostrated, and the stomach and other parts of the animal economy are sluggish and inefficient in the performance of their duties, or when there is an excited overaction, then it becomes necessary to resort to some Medicine, whose alterative and correctant qualities may restore a vigorous action and a healthy tone. A gentle aperient and laxative, will perhaps more than any other medicine, accomplish this end—and it is in this character, of a mild, gentle, and efficient aperient, laxative and correctant, that BALDWIN'S CATHARTIC PILLS are offered to the public. Being entirely *vegetable* in their composition, they may be administered safely to all, of every age and sex, as well to the infant and delicate female, as to the vigorous man. For the speedy cure of *Costiveness, Indigestion, Heartburn, Headache, Dyspepsia, Jaundice, Sickness of the Stomach, Affections of the Liver, and Derangements of the Bilious System generally* they cannot be surpassed. These Pills are already beginning to be known as one of the best and most effectual remedies, and as the most perfect compound which has ever been devised for the mastery of diseases. *They are warranted to give satisfaction, or their price 25 cts. per box, will be refunded.* Sold in Erie only, at BALDWIN'S Drug Store, No 5, Reed House Girard, B. C. Ely. 25

☞ THE GREAT FRENCH REMEDY. MADAME BOIVIN'S CELEBRATED SILVER COATED FEMALE PILLS.—Prepared by the Sole Possessor of the Original Prescription, used most extensively in all European Female Hospitals, and infallible in removing stoppages and irregularities of the menses.—These pills are nothing new, but have been used by the doctors for many years, both in France and America, with unparalleled success in every case; and he is urged by many thousand ladies who have used them, to make the pills public, for the alleviation of those suffering from any irregularities of whatever nature, as well as to prevent pregnancy to those ladies whose health will not permit an increase of family. Pregnant females, or those supposing themselves so, are cautioned against using these pills while pregnant, as the proprietor assumes no responsibility after the above admonition, although their mildness would prevent any mischief to the health; otherwise these pills are recommended. Full and explicit direction accompany each box. For sale by L. I. BALDWIN, Erie, and ....Sleeper, Waterford.

N. B.—One dollar and three postage stamps enclosed to any authorised agent, will insure a package of pills by return mail. C CROSBY, General Agent, Buffalo, N. Y.

LIVER INVIGORATOR,

NEVER DEBILITATES,

IT is compounded entirely from Gums, and has become an established fact, a standard Medicine, known and appreciated by all that have used it, and is now resorted to with confidence in all the diseases for which it is recommended.

"Having had one of Grover & Baker's Machines in my family for nearly a year and a half, I take pleasure in commending it as every way reliable for the purpose for which it is designed—Family Sewing.—*Mrs. Joanna Leavitt, wife of Rev. Dr. Leavitt, Editor of N. Y. Independent*

"I confess myself delighted with your Sewing Machine which has been in my family for many months, and has always been ready for duty, requiring no adjustment. It is easily adapted to every variety of fancy work by simply changing the spools of thread."—*Mrs. R. Strickland, wife of Rev. Dr. Strickland, Editor of Christian Advocate.*

"After trying several different good machines, I prefer yours, on account of its simplicity, and the perfect ease with which it is managed, as well as the beauty and durability of the seam. After long experience, I am competent to speak in this manner, and I cheerfully recommend it for every variety of family sewing.—*Mrs. E. B. Spooner, wife of the Editor of Brooklyn Star.*

"I have used a GROVER & BAKER Sewing Machine for two years, and have found it adapted to all kinds of family sewing, from Cambric to Broadcloth. Garments have been worn out without the giving way of a stitch. The Machine is easily kept in order, and easily used.—*Mrs. R. Whipple, wife of Rev. Geo. Whipple, New York.*

"Your Sewing Machine has been in use in my family the past two years, and the ladies request me to give their testimonials to its perfect adaptation to family use, its labor-saving qualities in the performance of all kinds of household sewing.—*Robert Boorman, New York.*

"For several months we have used Grover & Baker's Sewing Machine, and I can come to the conclusion that every lady who desires her sewing *beautifully and quickly* done, would be most fortunate in possessing one of these reliable and indefatigable iron 'seamstresses,' whose combined qualities of *beauty, strength, and simplicity* are invaluable.—*J. W. Morris, daughter of Gen. Gr. Morris, Editor of the Home Journal.*

Extract of a letter from Thos. R. Leavitt, an American gentleman, now resident in Sydney, New South Wales, dated January 12, 1858:

"I had a tent made in Melbourne, in 1853, in which there were over three thousand stitches sewed with one of Grover & Baker's Machines, and a number of that has sustained a *double* weight of a man, with a needle and no tension."

"If Homer could be called up from his mighty bier, would sing the advent of Grover & Baker as a more magnificent miracle of art than was the Vulcanic spear. He would denounce midnight shirt-making as the spring of woes unnumbered."—*Prof. North.*

"I take pleasure in saying, that the Grover & Baker Sewing Machines have more than sustained my reputation. After trying and returning others I have put them in operation in my different places, and after two years' trial, have no fault to find.—*J. H. Hemm, Senator of South Carolina.*
