A COMFORTABLE DISCOVERY.—The suffering of the *American People*, especially the young and middle aged—with Nervous disorders, such as Neuralgia, Nervous Headache, Wakefulness, Weakness, Despondency, &c., is such, as to awaken sympathy and call loudly for some counteracting agent, some thing prompt, safe, and convenient, by which the intensity of these attacks may be mitigated, and the subject of torture rescued from their misery. From what we have heard of Carter's *Nerve Pills*, and from our knowledge of the proprietors, we cannot but regard them as just the Remedy for these evils, and we have not a doubt but that their circulation throughout the country will be a speedy deliverance to many a subject of these sufferings and distress. We therefore advise all such to make trial of them, especially as they can do so for the trifling sum of TWENTY-FIVE CENTS. 26 tf

THE GREAT FRENCH REMEDY. MADAME BOIVIN'S CELEBRATED SILVER COATED FEMALE PILLS.—Prepared by the Sole Possessor of the Original Prescription, used most extensively in all European Female Hospitals, and infallible in removing stoppages and irregularities of the menses.—These pills are nothing new; but have been used by the doctors for many years, both in France and America, with unparalleled success in every case, and he is urged by many thousand ladies who have used them, to make the pills public, for the alleviation of those suffering from any irregularities of whatever nature, as well as to prevent pregnancy in those ladies whose health will not permit an increase of family. Pregnant females, or those supposing themselves so, are cautioned against using these pills while pregnant, as the proprietor assumes no responsibility after the above admonition, although their mildness would prevent any mischief to the health; otherwise these pills are recommended. Full and explicit direction accompany each box. For sale by L. I. BALDWIN, Erie, and Sleeper, Waterford.

Boilers and Appendages for the United States Steamer Michigan, at Erie, Pa.

NAVY DEPARTMENT
Bureau of Construction, Equipment, and Repairs,
December 15, 1859

SEALED PROPOSITIONS will be received at this Bureau until the 15th day of January next, for two tubular boilers and the following appendages for the United States steamer Michigan, to be delivered on board the vessel in the harbor of Erie, Pa., on or before the 10th day of June next: viz: 6, seven and one-half feet diameter, to be fitted in the boiler furnaces for grates, &c., now on board the vessel; 2 steam drums, one smoke-pipe, 10 feet 7 inches long, fifty-four inches diameter, on Nos. 10, 12 and 14 plate iron; one piece breeches pipe, with cape and collar for connecting to the steam drums. The above pipe to be fitted and fastened on the new two cast iron uptakes and wrought iron funnel now on board the vessel; 1 set of main steam pipes of engines with steam drums of the form, thickness and weight shown on the plans, with one large and two small flanches, the former to be fitted to steam drums of boilers, and the smaller ones to the back of the starboard and port cylinders; one blow-off pipe of 4 pounds copper to connect with safety-valve chests to the pipe leading into the condenser, with 2 copper ball flanches, bends, bosses, and bolt holes, as in drawing, to be furnished; fifty-two inch and one hundred and fifty-six inch pipe to do.

Taking in water and removing the piston of starboard cylinder, furnishing and fitting thereto a new wrought iron piston-rod, twenty new piston follower-bolts and nuts of the same dimensions as those now in use. Removing the piston of larboard cylinder, and boring out the cylinder to the same size as starboard cylinder, and fitting to the same one set of main cross-head brasses, one set of air-pump link brasses, *one set of air-pump cross-head* bushings, brass. The metal of the above brasses to be composed of 14 parts of best banca tin and 86 parts of refined copper, boiled and planed to fit accurately their respective ways and pins. The gun metal pipes and flanches to be made of 12 parts of copper and one of tin. The coolers to be made of the best quality of charcoal iron boiler plate, tube sheets to be one-half (½) inch, water bottoms and ash pits three-eighths (⅜) inch, shell's five-sixteenths (5/16) of an inch in thickness. The crowns and sides of shells to be figured by T. Iron, from which the braces are to lead which are to be accurately adjusted, so that when subjected to the steam pressure the tension upon all will be alike. The tube sheets to be drilled and reamed accurately to a gauge, and in setting the tubes they are to be expanded on both sides of the tube sheets.

The boilers will be each nine feet two inches wide in front, nine feet six inches high and fifteen feet eight inches in length, furnished with the necessary man and hand hole plates, furnace, flue and damper doors, bag for front grate bearers and for securing boilers to the ship, to be tested in the factory when completed at a hydrostatic pressure of forty (40) pounds per square inch, and when on board in their place and the connections made to be tested by a steam pressure of thirty (30) pounds per square inch.

The brass tubes to be furnished by the Department and to be set up by the contractor, the Department being responsible for all tubes condemned from their defect, and the contractor for all condemned from bad workmanship.

The price of boilers to be per pound finished less the weight of the tubes. Cast iron will only be used for furnace doors and mountings, man hole, and man hole plates, and stay thimbles.

The whole work to be done in the best manner and to be subject to the inspection and approval of such persons as the Department may appoint, who will have the right to reject any part of the work or material in any stage of progress.

Drawings of the boilers will be furnished isteam engine manufacturing establishments who intend bidding, on application to the Bureau of Construction.

Payment will be made on the boilers for one-third their estimated amount when they are half completed, one-third when they are completed and tested satisfactorily by hydrostatic pressure, delivered and properly placed on board the vessel, and the remaining sum that may be due to be paid when they are connected to the engines and tested satisfactorily by steam pressure.

The remainder of the work will be paid for when it is properly executed and delivered on board of the vessel satisfactory to the superintending engineer officer.

Bidders will be particular in stating the prices and the time within which they propose to complete and deliver the work, and the time must not exceed the 10th day of June next.

The propositions must be endorsed "Propositions for Boilers and Appendages," so that they may be distinguished from other business letters.

The offer, as required by law, must be accompanied by a written guarantee of the following form.

6th Annual Announcement!

CONTINUED SUCCESS OF THE
COSMOPOLITAN ART ASSOCIATION!

FROM all sections of the country subscribers to this popular Art Institution, (now in its sixth year,) are being received in a ratio unparalled with that of any previous year.

ANY PERSON CAN BECOME A MEMBER BY SUBSCRIBING $3 WHICH WILL ENTITLE HIM TO

1st.—The beautiful Steel Engraving "Shakspear and His Friends."
2d.—A Copy of the elegantly Illustrated Art Journal, one year.
3d.—A Free Season Admission to the Galleries, 548 Broadway New-York.

In addition to, which, over *four hundred* valuable Works of Art are given to subscribers as Premiums, comprising choice Paintings, Sculptures, Outlines, &c, by the first American and Foreign Artists.

THE SUPERB ENGRAVING, which *every subscriber will* receive *immediately* on the receipt of subscription, entitled

"Shakspeare and His Friends,"

is of a character to give unqualified pleasure and satisfaction. No work of equal value was ever before placed within reach of the people at such a price. The engraving is of very large size, being printed on heavy plate paper, 30 by 36 inches, making a most superb ornament suitable for the walls of either the library, parlor, or office.

It can be sent to any part of the country, by mail, with safety, being packed in a cylinder, postage *prepaid*

Think of it! Such a work, delivered free of charge, and the *Art Journal*, one year, for *three dollars!*

SUBSCRIPTIONS will be received until the Evening of Tuesday the 31st of January, 1860, at which time the books will close and the Premiums be given to subscribers.

No person is restricted to a single subscription. Those remitting $15 are entitled to six memberships.

Subscriptions from California, the Canadas, and all Foreign Provinces must be $5 50 instead of $3, in order to defray extra postages &c

Persons wishing to form clubs will apply for a circular of terms, &c.

The beautifully Illustrated Art Journal, giving full particulars, will be sent on receipt of 18 cents, in stamps or coin.
