## PROFESSOR WOOD'S HAIR RESTORATIVE.

DAYS the St. Louis, (Mo.) Democrat.

Below, we publish a letter to Dr. Wood, of this cate, from a gentleman in Maine, which speaks glowingly of the superior merita of his hair tout. Gentlame. Having my attention called a few months aince to the highly beneficial effects of your hair resterantly, I was induced to make application of it upon my own hair, which had become quite gray, probably one-third white; my whiskers was of the same character. Some three months since I procured a bottle of your hair resterative, and used it. I soon found it was proving what I had wished I used it about twice a week. I have since procured another bottle of which I have used assince I can now certify to the world that the gray or white hair has totally disappeared, both on my head and face, and my hair has resurted its instural citor, and I believe more soft and glossy than it has been before for twenty-sive years. I am now sixty years old, my good wife at the age of fifty-two, has used it with same effect.

The above notice I deem due to you for your valuable discovery. I am assured that whoever will rightly use, as per directions, will not have occasion to contradict my statements. I am a citizen of this city and a resident herefor the last fifteen years, and am known tonearly every one here and adjoining I was. Any use you may make of the above with my pame attached, is at your service, as I wish to preserve the to auties of nature in others as well as myse! I am tro.
