heart as I rested there !

"My whe? my wife !"

vired. Many instances are on record in which, but for the presence of an experienced medical man, persons affected with casalepsy, hysteria, and various obscure nervous derangements, would have been consigned to one of the most dreadful forms of death, by being buried alive. Dr. Gouch Philip - my husband " I cried trying to of this for the senting example of this in one of his female patients. Being summoned in haste to her bedside, a remarkable change in her aspect was apparent. The stiendants were greatly alarmed, and said she was dying or in a trance. She lay motionless, and apparently void or animation Her eves were fixed and glassy. No heav ing of the chest, no movement of the air passages, indicating respiration. The only signs of life were her warmth and her

pulse-the latter being very weak. The body being raised so as to form as obtase angle with her limbs, her thin and held me passionately to his breast. How strong and tender he was' What a blessed sense of peace and security came to my that stitude One arm was raised by the sttendants, and then the other, each remaining rigid and marble-like where a was fixed. She was placed upright, and vain endeavors were made to arouse he by calling loudly in her ears. As she stoon. statue-like and unconscious, with eyes wide open and arms outstretched, the slightest confusion in the popular mind at present. I touch put her off her balance. She would Perhaps this is always so when parties are have fallen had she not been supported.-breaking up, and with the new affinities. This strange "life in death" defied all treat "Who will ever be able to tell shether that spring from the mulations and chang- ment, and lasted for fourteen hours. Other "Who will ever be sole to tenswherher or not you are right in your conjecture?" es continually occurring in young and vig-attacks followed of twelve and nine hours be suid, dropping my hand and walking swiftly away. Looking after him, I could but echo the unfortunately for the country, the politi-are often of much longer duration, and is word "Who?" After that, Mr. Hueston and I were al-tion that now looms up so portentionally leave been discussed, shroud, and would have added one addi-days would pass that I did not see or hear fore that which might have been discussed, shroud, and would have added one addifrom him. When at home he treated me and formed a legitimate basis for partisan ditional victim to that popular ignorance to complain. The junishment inflicted the people if they only understood the way pension of organic functions for man's last upon me was small in comparison to the to make it effective, and not alone the sin I had committed. I did not love him, Breckenridge, Bell and Douglas men. but

PHOTOGRAPHING THE CITY OF BOSTON TROM A BALLOON .--- Mr. King, the eronaut, and coln, would drop him instantly if they Mr. Black, of Boston, photographer, made er allowed it to resolve itself into words.-- comprehended the possible results of his an ascention from Boston Common at noon it was too proud and unyielding for that election. But they will never be able to on Saturday, in the balloon Queen of the in the meantime, with this additional sor- see danger of any kind when their oppo- Air, for the purpose of taking photographnents ore scheming for their defeat, and the ic views of the city and surrounding coun-efforts at fusion of well known politicians, try. The Course says: They ross about will only induce them to cling still more 1,200 feet with a rope attached. The atdesperately to the wild delusion that now mosphere was remarkably clear, and Mr. possesses them. Not is the effort at fu-sion or long continued negotions likely to views of the eastern and southern sections the ining from my eyes, and yet i could not soon or long continued negotions interview of the eastern and southern sections the pit. "Are you ill, Mrs. Hueston?" affect favorably the mind of the Democration of the city. The cow-pasture obstrater of our streets is finely presented, and as de-My husband asked the question one Lord North to Adams and Clay, and even picted, Boston looks very much like a toy had made to me that nothing poorer than My husband asked the question one Lord North to Adams and Clay, and even picted, Boston looks very much like a toy pearls ought ever to shine from the deep morning as I took my seat at the breakfast on the restricted theatre of county politics, town that a boy has built of painted blocks. I remembered the table. He spoke in a half startled way, as may be deceived, deluded, corrupted even; white sails of a schooner are clearly defined. When the views were completed the balever individuals may do, never stuttify loon was drawn down and they were placed themselves of vote in contradiction to their convictions. when he and Mr. King started on an mrial What then ? Must we stand still and voyage. The pictures, in a very brief time, permit the election of Lincoln, and the were transferred to paper.

The break that is the uses regarding me stentively, but break may strengthen and wear; my should be fitted to it sometime, I said, I never looked back after that, and in the week's time I had became the wife of Phillip Flueston, such heard from the lips of this two year old babe the blassed word— "Mother !" What a strange life I had after that— of the child I was blessed, and to it I gave every thought, forgetting the sweet, ten-ter troubled him. "Toy are unable to walk, there is the of the child I was blessed, and to it I gave every thought, forgetting the sweet, ten-ter troubled him.
