THE DISPATCH .- The local editor of the Dispatch seems fully resolved to assist this paper into still further prosperity. Not content with having added many anbecribers to our list in the past, and increased the business of our office generally, he has recently opened the "visls" of his heart in a manner that shows his resolution to benefit us as much more. In a half column article last week, he compliments the editor of the Observer with all the fresh and polite phrases with which his class of politicians are accustomed to polish their sentences, and which in nine cases out of ten are all the logic they charitably venture to inflict upon their followers. That our patrons may see what a refined and pleasant sort of an individual the local of the Dispatch is, we extract a few of his most brilliant expressions:

"A class of writers who are cognizant of their own deficiencies, but by pluming themselves in a party garb they strive to niche hemselves into a fame to which their unattended and naked merit can make no claim. "The inflexible, unreasoning, bigoted adherent of a party."
"Unworthy the sufferance of a community."

"Copperhead." "Deadly hostility to the Government for

party reasons 24 nd DEPRAVED to get votes against the Administration."

'No faith in his own vehement assertions.' "His arraignment of the Administration is grossly and wickedly unjust," * * tending to incite believers in his doctrines to trea sonable resistance to the government."
"Have goaded on their CREDULOUS fol-

The IGNORANT and BRU-TAL fellows who have been thus misled are he least guilty parties in the case. They a l, and beaten in a brutal manner. It have simply believed what has been told them , from what we can understand, that by their newspapers and stump speakers, and re acting accordingly."
"Seditions and evil."

"Charged by some of the most intelligent and patriotic of this country" with being "a traitor at heart." "Educated in a political school which taught him to sacrifice every principle of honor and

justice to the success of party-an education qually as dangerous to a man or a community as disloyalty of the worst character." Our readers will be able to glean from these few model extracts the animus of the whole.

It will be seen that they are remarkably amiable and kind spirited, and overwhelming in their refutation of "Copperhead" statements. Neither is the editor of the Observer alone in the reception of the Dispatch's compliments. His-readers, and the Democrats in general, come in for a share of its flattery, and they will doubtless appreciate the information that they are "depraved," "ignorant," "credulous," "treasonable," "brutal" and "disloyal."

The editor of the Observer, in his own benalf, and that of the Democrats of Eric county, begs leave to return his thanks to the local of the Dispatch for the spirit of generosity which he has seen fit to express towards them. That he has determined to benefit them to the extent of his ability no one can doubt for a moment. Had his object been enmity or revenge, he would have "damned them" with praise. But now that he has commenced, we trust he will be encouraged to persevere in length, and built in the most substan- his course, and through his liberal and gentle assistance, it may be that we shall be able to chronicle a victory for the cause of the Union and Constitution next fall in Eric county.

While everything else has advanced, there has been but a slight rise in real estate, and persons having money to invest find it the safest and likely to be the most profitable investment. That there must soon be an advance in the price asked, if operations continue, we think, does not admit of a doubt.

We are pleased to learn that our friend. Dr. A. M. Spaulding, passed a very creditable Pittsburg, last week, and has received the anpointment of Assistant Surgeon in the Army. The Doctor entered the ranks as a private, and has gradually worked his way upwards until he now fills one of the most honorable positions to which a man can aspire. CARTER'S SMART WEED .- The value of a nedicine can best be judged by its popularity. Testing the Extract of Smart Weed by this rule, it must certainly be one of the most efficient remedies ever introduced into the market. No medicine ever manufactured rose more rapidly into public favor, and this it has done, too, without the usual puffing and advertising found necessary to introduce new articles into use. A BRISK AND VIGOROUS STELLINGS IF YOU DO, USE HOOFLAND'S GERMAN BITTERS

From J. Newton Brown, D. D., Ediller of the Encyclo-pedia of Religious Econology. Although not disposed to favor or recommend Parent Medicines in general, through distruct of their ingredient and effects; I yet know of no rufficient reason who amas may not testify to the benefit he believes himself to have received from any simple preparation, in the hope that he may thus contribute to the benefit of others. I do this the more readily in regard to Hoeffand's German Bitters, prepared by Dr. C. M. Jackson, of this city, because I was prejudieed against them for many years, under the impression that they were childry an alcoholic mixture. I am indebted to my friend Robert Shoemaker, Eac., for the remeval of this privales by proper task, and for ancouragement to try them, when suffering from great and leng centimed deality. The use of three bottless of these Bitters, at the beginning of the present year, was followed by evident relief, and restoration to a degree of bodily and meatal vigor which I had not felt for six months before, and had almost despaired of regaining I therefore thank God and my friend for directing maths use of them.

From the Rev. JOSEPH H. KENNARD, Pastur of the Tenth Baptist Church. Br. Jackson-Dran Sir. — I have been frequently requested to connect my name with commendations of different kinds of Medicines, but, regarding the practice as out of my appropriate sphere. I have in all cases declined; but with a clear proof in var.ous instances, and particularly in my own smily, of the usefulness of Dr. Hoofland's German Bitters, I depart for once from my usual course, to express my full conviction that, forgeneral debility of the system, and especially for Liver Complaint, it is a safe and valuable preparation. In some cases it may fail, but usually I doubt not, it will be very beneficial to those who unfer from the abuse causes. Yours very respectfully.

From the Wyle of ALDERMAN WUVDER, Germantown.

DR. O. M. Jackson—Six:—It gave me great pleasure two years ago, to give you a certificate, testifying what the German litters had done for me. I am now perfectly cared ef all those diseases your medicine professes to cure, viz:—Dyspeptia, Chronic and Nervous Debility, disease of the Eidneys, &c. The powerful influence lexerts upon nervous proprietion is surprising. I have consulted frequently is reference to your litters, and without hesitation, have resemmended it for the above complaints, and in every instance it has effectually oured. Your medicine has a great reputation in Germantown, and is now sold in overy Drug store and in most of the Grocery stores here. If any one should question what I say, let them come to Germantown, and I will prove to their satisfaction, that the Bitters have cured in this leinity more than twenty cases of the above dismane.

Respectfully.
