Employing the most shillful and superfenced workmen, with a large stock of the best and most theroughly seasoned material, and an abundance of capital, he has taken in hand the personal supervision of the whole business of manufacturing his instruments, and is senabled to turn out Piano-Fortes of unequalled tons and durablesses.

BRADBURY'S NEW SCALE, Plano-FORTE. BRADBURY'S NEW SCALE PIANO-FORTE. BRADBURY S NEW SCALE FIANC-FORTE.
In the arrangement of our new scale, drawn and prepared with the utmost care, expressly for our new instruments, we have added every improvement which can
in any way tend to the perfection of the Pianc-Forte, and
we can confidently assert, that for delicacy of touch, volume, purity, brilliancy and sweetness of tone, combined
with that strength and solidity of frame necessary to du

"Syrangers are Brauvy" is our motto, and we invite
the closest criticism of the best unbiased judges in the
land.

At length I was rolated to read in the Gospel Messenger that you had propared an alterative (Sarunparilla), for I knew from your reputation that say thing you made mist be good. I sent to Cinciunali and got it; and used it till it cured me. I took it, as you advise, in small thoses of a teaspoonful over a moult, and used almost three bottles. Dr. J. B. S. I have cured many investorate cases of Leucerrhear by it, and some where the complaint was caused by alcoration of the uterus. The uteration itself was soon cured. Nothing within my knowledge equals it for these famale derangements."

Edward S. Marrow, of Nowbury, Ala, writes, "A dangerous coprisa timer on one of the famales in my family, which had defied all the remedies we could employ, has at length been completaly cured by your Extract of Sarsaparilla. Our physician thought nothing but extirpation could afford helief, but he advised the trial of your Euraparilla as the last resurt before cutting, and it proved effectual. After taking your remody eight weeks no symptom of the discape remains."

Syphilis and Mercurial Discase. Byphilis and Mercurial Disease.

New Orleans, 25th August, 1859.
Dr. J. C. Arms: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your fearsparilla.
I have cured with it, in my practice, most of the complaints for which it is recommended, and have bound its effects ruly wonderful in the cure of Veneral and Mercurial Disease. One of my patients had Syphilitic slears in his throat, which were consuming his palate and the top of his mouth. Your Sarasparilla, steadily taken, cured him in five weeks. Another was attacked by secondary symptoms in his none, and the ulceration had eaten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarasparilla; the places heated and he awall eating not of comments the disorder would soon reach his brain and kill him. But it yielded to my administration of your fearsparilla; the vicers healed, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bones. They had become so sensitive to the weather that on a damp day she suffered excruciating pain in her joints and bones. She, too, was cured eatirely by your Farsaparilla in a few weeks. I have from its firmula, which your agent gave me, that this Preparation from your laboratory must be a great tennedy; consequently, these truly remarkable results with it have not surprised me.

Br. J. C. Attra: Elr, I have been afflicted with a painful chronic Heamatism for a long time, which baffled the skill of physicians, and stock to me in spite of all the remedies I could find, until I tried your Euraparilla. One bottle cured me in two weeks, and restored my general health so much that I am far better than before I was stacked. I think it a wonderful medicine. J. FREAM.

Jules V. Getchell, ef St. Louis, writes: "I have been afflicted for years with an affection of the Liver, which destroyed my health. I tried every thing, and every thing falled to rolleve me; and I have been a broken-down man for some years from no other cause than derangement of the Liver. My beloved pastor, the Rev. Mr. Enpy, advised me to try your Sarraparilla, because he said he knew you, and any thing you make was worth trying. By the blessing of God it has cured me, and has so purified my blood as to make a new man of me. I feel young again. The best that can be said of you is not half good enough."

Schirrus, Cameer Tumors, Emlargement, Rheumatism, Gout, Liver Complaint.

Schirrus, Cancer Tumors, Enlargement, Ulceration, Caries and Exfoliation of the Bones.

A great variety of cases have been reported to us where cures of these formidable complaints have resulted from the use of this remedy, but our space here will not admit them. Some of them may be found in our American Almanac, which the agents below named are pleased to furnish gratis to all who call for them. Dyspepsia, Heart Disease, Pits, Epilepsy, Melancholy, Neuralgia. Many remarkable cures of these affections have been made by the alterative power of this medicine. It stimu-lates the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond its reach. Such a remedy has long been required by the ne-cessities of the people, and we are confident that this will do for them all that medicine can do.

of the Disease.

This is a remedy so universally known to surpass any other for the cure of throat and lung complaints, that it is useless here to publish the evidence of its virtues. Its unrivalled excellence for coughs and colds, and its truly wonderful cures of pulmonary disease, have made it known throughout the civilised nations of the earth. Few are the communities, or even families, among them who have not some personal experience of its effects—some living trophy in their midst of its victory over the subile and dangerous disorders of the throat and lungs. As all know the dreadful fatality of these disorders, and as they know, too, the effects of this remedy, we need not do more than to assure them that it has now all the virtues that it did have when making the cures which have won so strongly upon the confidence of mankind.
