JUDGE WOODWARD NOMINATED FOR GOVERNOR,

It will be seen from the telegrams under the head "latest news,", that Hon. GRORGE W. WOODWARD was nominated by the Democratic State Convention in Harrisburg, on Wednesday, for Governor, on the 9th ballot. We have nothing further than the simple announcement of the fact of his nomination. Mr. WOODWARD is now one of the Judges of the Supreme Court.

JUDGE DRUNNOND .- This gentleman who issued the writ of injunction in the case of the Chicago Times, was appointed U. S. Judge by Mr. FILLMORS-was a Whig. and of Republican proclivities,-but he was educated right, and, as an honest man, on Habeas Corpus, &c., cannot go astray. He is a native of Maine, and emigrated some 15 years ago.

Col. FLORENCE, the publisher of the

weekly Constitutional Union, at Washington, City, has commenced the publication of a Daily Paper, under the same title. It is a large and handsome paper and should receive/a liberal patronage from all sections of the country.

Forney's editorials in the Washington Chronele.

"We sincerely trust we shall hear less of this exaltation of a despotic Government which though it does not often get into print, is, nevertheless, often heard in private conversation, and is undoubtedly a secret thought in the minds of many of our best people."

GEN., MCCLELLAN.

No dispatch was needed to convince up that the use of Gen. M'CLELLAN's name in connection with a political nomination for a civil office was unauthorized. The Columbus correspondent of the Cincinnati Convincent telegraphs as follows, June 10th :

"McClellan is out of the way. A dispatch was received from him to-night, by Sam Cox, that, under no circumstances, would he allow his name to be used by them as a can didate for Governor of Ohio."

Nobody knows anything of the char acter of Gen. McClELLAN, or his views in regard to the future, supposed he would sacrifice his present proud position for any civil honor.

We can show in no more effectual manner the glaring inconsistency of the Opposition on the subject of free speech,

so much lately with alarming stories Republican papers, about the so-called Knights of the Golden Circle, that there are doubtless many honest-minded people who only read one side, that have grown to believe these monstrous falsehoods. But it is a singular fact that up to the present period not one Republican journal has yet attempted to give any information on the subject, except general charges and violent animadversions. We do not not believe that there is such a society as the Knights of the Golden Circle, or of its alleged character, in existence in any State of the North. If there meet a member of it, or hear of any of purposes. their places of meeting. The entire story has doubtless been concosted for political

purposes, as as a sort of set-off to the objections that will be urged against the forming of the Royal Leagues. Whether there is or not, however, we wish it to be understood, that we are opposed to secret political societies of any nature, believing them to be useless, and highly dangerous '- to the public welfare.

JUDGE LEWIS.

We notice with pleasure that the President of the monster Democratic Mass Meeting at Philadelphia, on the 1st inst., the Supreme Court. The Judge is one of the most eminent men in the country, and his presence on the occasion lent a character to the proceedings that entitles them to the careful attention of the op-

position leaders. It is one of the marked incidents of the times, that the old and tried leaders of the Democracy, the men who have battled for years in defence of the Constitution and Laws, many of whom had abandoned active participation : in political events, have resumed their old true interest in the cause, and again appear on public occasions, to inspire the younger members of the party. We wish that we had room for the whole of Judge Lzwis' speech, but we can do no more at present than to reprint the following :

"If the free citizens of this nation are not allowed to discuss the acts of their own public servants, they may, on the same principle, be deprived of their un-doubted right to change the Administration by the Constitutional exercise of the elective franchise, If the people are prepared to submit, without remonstrance to the dangerous infraction of their rights, which we have just witnessed in the cas of Mr. Vallandigham, then the most glorious form of government which the world ever witnessed is already overturned."
