WON'T MEND COPPERHEAD PINS .- A gentleman, of this place, when recently in Franklin, called at a Jeweler's shop to have a Copper iesd breast pin repaired. The Jeweler being a Abelitionist declined doing "that kind of work," admitting that as much as he wanted the brick. money, he could not do anything of that kind o get it. The Democrat, of course, complianted the Woolev for his exalted spirit of strietism ; and proceeded to another estabishment, where he met with similar reception. He then gave up the hope of finding a Jeweler in Franklin who was willing to work for a Democrat. In passing away from the last shop referred to, the gentleman met a fallow Demograf, to whom he related his experience. Why," said the latter, "about an hour ago ny wife bought a set of silver spoons at that shop, and I will go right away and take them back;" which he did-and after receiving back the money that had been paid out for the poons, he very frankly informed Mr. Niggerhead that he could patronize no man who was o mean, stupid, and unprincipled as to refuse o repair a Democratic pin. If there is not Democratic Jeweler in Franklin, there surey ought to be one; and every man of that own and vicinity, who loves his country and his own sake more than he does Abolitionism and the negro, should patronize the shop .---Meadville Democrat.
