ORLAND, Ind., 6th June, 1859.

J. C. Ayes & Co. Gents: I feel it my duty to acknowledge what your Farsaparilla has done for me. Having inherited a Scrofilous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sors, which was painful and loathsome' beyond description. I tried many medicines and several physicians, but without much relief from any tiling. In fact, the disorder graw worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alterative (Euraparilla), for I knew from your treputation tifit any thing you made must be good. I sent to Cincinnali and got it, and used it till it cured me. I took it, as you advise, in small doses of a teaspoonful over a month, and used almost three lotties. New and healthy skin soon began to form under the scale, which after a while fall off. My skin is now deir, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the apestles of the age, and remain ever gratafully.

cous swelling on the neck, which I had studered from over two years."

Leucerrheza or Whites, Ovarian Tunnon, Uterine Ulceration, Female Diseases.

Dr. J. B. S. Channing, of New York City, writes; "I most cheerfully comply with the requested your agent in saying I have found your Sarsaparilla a most excellent alterative in the numerous complaints for which we employ such a remedy, but especially in Finale Disease of the Schrödulous distless. I have cured many inveterate cases of Leucorrhesa by it, and some where the complaint was caused by ulceration of the ulcrus. The ulceration itself was soon cured. Nothing within my knowledge equals is for these female derangements."

Edward S. Marrow, of Newbury, Ala. writes, "A dangerous overnen tumor on one of the females in my family, which had defied all the remedies we could employ, has at length been completely cured by your Extract of Sarsaparilla. Our physician thought nothing but extipation could afford relief, but he advised the trial of your Sarsaparilla as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remains."

Syphilis and Myrcurial Disease.

New Orleans, 25th August, 1850.

Dr. J. C. Affer: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your flaresparille.

I have curred with lit, in my parelice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of Fenerval and Mercurial Disease. One of my patients had Syphilitio ulcers in his throat, which were consuming, his palase and the top of his mosth. Your Sarsaparilla, steadily taken, cured him in five weeks. Another was attacked by secondary symptoms in his nose, and the ulceration had esten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsaparilla; the ulcers healed, and he is well sgain, not of course without some disfiguration to his face. A woman who had been trusted for the same disorder by inectory was suffering from this poison in her bouse. They had become so sensitive to the weather that on a damp day she suffered excruciating pain in her joints and bones. She, too, was cured entirely by your Sarsaparilla in a few weeks. I know from its formula, which your agent gave me, that this Fraparation from your laboratory must be a great remedy; consequently, these truly rumarkable results with it have not surprised me.

Fraternally yours,

RESUMENTING, Preston Co., Va., 6th July, 1859.

Dr. J. C. Ater: Eir, I have been afflicted with a painful chronic Rheusettes for a long time, which tastled the skill of physicians, and stuck to ma in spite of all the remedical could find, until I tried your Earsaparilla. One bottle cured me in two weeks, and restored my general health so much that I am far better than before I was stacked. I think it a wonderful medicine. J. FREAM.

Jules V. Getchell of St. Louis, writes: "I have been Attacked. I think it a wonderful medicine. "J. FREAM.

Jules Y. Getchell, of St. Louis, writes: "I have been afflicted for years with an affection of the Laver, which destroyed my health. I tried every thing, and every thing falled to relieve me; and I have been a broken-down man for some years from no other sause than derangement of the Liver. My beloved pastro, the Rev. Mr. Expy, advised me to try your Sarsaparilla, because he said he knew you, and any thing you made was worth trying. By the blessing of God it has cured ms, and has so purified my blood as to make a new man of ms. I feel young again. The best that can be said of you is not half good enough."

Schirrus, Cancer Tumors, Enlargement, Ulceration, Caries and Exfoliation of the Bones. A frest variety of cases have been reported to us where curse of these farmidable complaints have resulted from the use of this remedy, but our space here will not admit them. Some of them may be found in our American Almanac, which the against below anned are pleased to farmish gratis to all who call for them. Dyspepsia, Heart Disease, Fits, Epilep-Many remarkable cures of these affections have been made by the alterative power of this medicine. It stimulates the vital functions into vicorous action, and thus overcomes disorders which would be supposed beyond its reach. Such a remedy has long been required by the necessities of the people, and we are confident that this will do for them all that medicine can do.
