Spinnal Vinilation by the Propin is the Price of Appropriate Leaders, Appropriate Colors

The Buseiraer, and the Soldiers. We would not (in looking at the cause of these manifestations) dispulse our lively sympathy with the feelings of a gallant and heroic man, who, upon coming home to rest for a time from the arduous, patriotic tolls of war, is sneered at and south

bed, and whose heart is made to bleed by words of indirect if not direct disloyalty. The man who is guilty of these words, or even of a look that intends them, justly deserves the scorn of the soldier, the aversion of good men and women, and the infamy that will be written down against such as he by the future historian of the war. But let the brave wounded hearts forbear their violence, Let them pass the loathsome enemy of the patriot soldier, and the enemy of his sountry, in contemptuous silence, or else (if the of fense should seem to justify it) bring him into Court and make him answer for his treason at the bar of jurisprudence.-

We extract the above paragraph from a late issue of the Erie Gazetts, not because it contains aught that is remarkable, or that can distinguish it from the columps of odious calumny that are daily poured into the minds of the soldiers by the abolition journals. We give it merely as a specimen of low and grovelling meanness, or else of deliberate and malicious falsehood, and purpose to make it the text from which we will tell those soldiers who may chance to meet with this article, the position of the Democracy to wards them, and also expose the motives that govern the so-called Republicans in courting their favor,-and at the same time inciting them to outrages upon their political opponents.

To some it may seem frivolous or unnecessary to attempt to show the contrary of what has never vet been established. and that which upon its very face is unreasonable, and contrary to nature as well as false. But when the whole administration press teems with these slanderous charges of hostility on the part of Democrats to soldiers, when from the silly assertions of the unprincipled defamers of the glory that our country once boasted! these allegations have grown into a systematic and combined attempt to educate the army into hostility to their own neighbors, relatives and friends, to incitthey attempt to array the men who, taken from no class or section of the northern soldiers will one day wish to enjoy, when they class a very large and constantly increasing body of citizens with those in armed hostility to the perpetuation of the Union, and proclaim that a "Copperhead" is more deserving of their attacks than the Confederate soldiers, justice and truth denounced, and the authors of it held up. to that scorn they so well deserve.

First, then, we ask who are these "Copperheads," "traitors," etc., that you, soldiers in the field, are asked to mob and taught to hate? They number in the Do you suppose the chivalrous people of State of Pennsylvania 254,000, and in the the South, whose distinct moral national-Northern States 1.500,000. The Democracy honor you for your bravery and patriotism, honor the cause for which you undoubtedly went to contend, and they only loathe the hypocrisand infamy of those who would degrade you to the mere minions of an unholy power, and the creatures of a hateful fanaticism. When they use you to control the freedom of the ballot on which alone the liberties of yourselves as well as us depend, we denounce the crime against freedom and law, we hold the anthors and supporters of it up to the indignation of freemen, but we see in you

Finally we say to the Erie Gazette, that as it claims to be an honorable and respectable paper, as it claims to shun abuse, slang and falsebood, and deal only with facts and argument, and desires to maintain this standard, in the name of all that is honorable, let it cease this maligning of its opponents, and these contemptible insinuations, that it can bring not a word nor a line to establish.

What are the Confederates Fighting Against? Like every other thing that comes to us from the confederate States, the recent speech of Governor Vance, of North Car. olina, shows that the arguments used with the southern people to keep alive the war spirit among them, are details of the continued outrages and barbarities inflicted upon them under the policy of this lunatic and tyranical administration. The prospective dangers to their liberties and their institutions in the old Union and under the old Constitution, are no longer of any avail in inflaming the minds of the people, and stimulating them to continued resistance. In the place of the vague and uncertain terrors that three years ago produced secession, the Confederate leaders now hold up to their people the certainty of subjugation, plunder and degredation, that will follow their submission -not to the Constitution and the laws, but to the will of an Abolition faction, animated by hate and urged on by an unreasoning fauaticism. Rosensweig's Block, above Merril's Store—entrance on South side next the Park—where he is prepared Inhalation of Oxygenized Air,

ALL DISEASES OF THE HUMAN SYSTEM.

The Oxygen is breathed directly into the Lungs, and through them carried into the blood, expelling all impurities from the system, and healing any and every disease with which it may came in contact. The cause of Coughs, Celds and Consumption, is a lack of oxygen in the air we breaths. By the inhalation of oxygenized air, the blood becomes crewed in an oxygin of and division of the contact of the contac becomes oxygenised and purified, and disease disappears like dew before the sun.

A few administrations of the oxygen will cure any of the following diseases: Dyspepsa, Neuralgia, Rheuma-tism, Palpitation, Paralysia, Epitepsy, Eraptions, Con-gamption, Asthma, Bronchitti, Serofula, Liver Compilant,

the following dissesses: Dyspepsus Neuraigia, Rheumatism, Palpitation, Paralysis. Epilopsy, Eruptiona, Consusption, Asthma, Bronchitia, Scrofula, Liver Complaint, Nervousness, from whatever cause, Difficult Breathing, Cancers, Salt Rheum, Ergspelas, Hercurial Diseases, Kidney Cemplainta, Syphilis, Female Weaknesses of all kinds, and in fact, all diseases requiring a purification of the blood.

We trust we have said enough to convince the philosophical mind of the efficacy of the exygenized air as a remedial agent, and to induce the sflicted te place themselves at once under this treatment.
