From J. Newton Brown, D. D., Editor of the Encyclo-pedia of Religious Knowledge.

Although not disposed to havor or recommend fatent Medicines in general, through distrust of their ingredients and effects; I yet know of no anificient reason why a man may not testify to the benefit he believes himself to have received from any simple preparation, in the hope that he may thus contribute to the benefit of others. I do this the more readily in regard to Hoestand's German Bitters, prepared by Dr. C. M. Jackson, of this bity, because I was prejudiced against them litt know years, under the temperation that they are chiefly an alcoholic mixture. I am Indistruct them friend Robert Shoemaker, Esq., for the removal of this privatice by proper test, and for encouragement to try them, when suffering from great and long conflicted debutty. The rise of three bottles of those Bitters, at the beginning of the present year, was fellowed by evident relief, and restoration to a degree of bodily and mental vigor which I had not felt for six months before, and had almost despaired of regaining, itherefore thank God and my friend for directing me to the use of them. the use of them.
