Inhalation of Oxygenized Air, ALL Mana ES Or This MUMAN SYSTEM.
The Ox gen is brea hed directly late the Lungs, and through them carried into the blood, expelling all impusurrough them carried into the blood, expelling all impurities from the system, and nealing any and every dever with which it may come in contact. The cause of Coughs, Colds and Consumption, is a lack of oxygen in the air we breathe By the unhalstion of oxygenized at; the blood becomes oxygenized and purified, and disease disappears like dew tefore therain.

A few a iministrations of the oxygen will cure any of the filowing diseases: Dyspepsia, Neuraigs, Rheumatism, Valpitation, Paralysia, Eulepsy, Eraptions. Consumption, Asi hum, Broachitis, Screenis, Liver Complaint, Nerrounness, from whitever use, Difficult Breathing.

We trust we have said enough to convince the philosophical mind of the emeacy of the exygenized air as a remedial agent, and to induce the affected to place themselves at oncounder this treatment.

I am indebte: to my friend Roberts Shoemaker, heq., for the removal of this prejudice by proper tests, and for encouragement to try them, when miffering from great and long continued debitty. The use of three bottless of these Bitters, at the beginning of the present year, was followed by evident relief, and restoration to a degree of bodily and mental view which I the was testowed by evident relief, and restoration to a de-gree of bodily and mental vigor which I had not felt for an months before, and had almost despaired of regaining. By their use the system is kept continually under the fadiuonce of Alcoholic Stimulants of the worst kind, the desire for Liquor is created and ept up, and the resultie all the horrers attendant upon drunkard's life and death.

For those who desire and will kees a Liquor Bittern, we publish the following receipt: Get One Bettle Hoofinads Gorman Enters and mix with Three Quarte of cloud Brandy or Phinkey, and the result will be a preparation that will far excel in medicinal virtues and true excellence any of the numerous Liquor Bitters in the merket, and will cost much less. You will have all the virtues of Hoofinade Bitters in connection with a good article of Liquor, at a much less price than these interior preparations will cost you.

We call the stightloh of all having relations or triends in the stray, to the fact that "HOJFLAND'S German filterer" will care nine-tenths of the diseases induced by appears and privations inclident to camp life. In the bats, published almost daily in the newspapers, on the crivat of the sick, it will be noticed that a very large proportion are suffering from debility. Every case of that kind can be readily cured by Hoofand's werman flitters. Diseases resulting from disorders of the digestive regas are speedily removed. We have no heattation, in stating that, if these flatters were freely used among our soldiers, hundreds of lives might be saved that otherwise will be lest.
