Congressional Convention.

The question of a day for the meeting of the Congressional Convention has not yet been definitely settled. The Elk Advocate suggests the 7th of September and Ridgway as the place of meeting. Erie and Warren counties have agreed upon Thursday, the 1st of Sep. 85. tember, and it is understood that Clearfield coincides with their action. As these three counties poll two-thirds of the vote of the 89. district, their united voice is entitled to censideration, and we propose that the day selected by them be agreed upon by unanimous consent of the conferees. It is important that some understanding should be arrived at immediately. We trust the Convention will vest the authority to call future meetings in some definite head, so that the vexatious difficulties in arranging the time. which have transpired heretofore, may not occur again.

The spirit of extravagance fills the breeze, and all classes, journals of the various parties, he will and high or low, Republican and Democrat, are equally infected by it. HOOFLAND'S GERMAN BITTERS.

Although not disposed to havor or recommend fatent Hedisless in general, through distrust of their ingredients and effects; I yet know of no satisticut reason why a man may not testify to the benefit he believes himself to have received from any simple preparation, in the hoje that he may thus contribute to the benefit of others. I do this the more readily in regard to Hoodand's German Bittern, prepared by JPr. C. M. Jackson, of this city, because I was prejudiced against them for many years, mader that humanssion that they were ablief and low the present of the prepared to the present of the prepared to the prepar because I was prejudited against them for many years, under the impression that they were chiefy an alcoholic mixture. I ask indebted to my friend Robert shoemaker, Esq., for the removal of this prejudice by proper tests, and for encouragement to try them, when unfering from great and long continued dability. The use of three bottles of these litters, at the beginning of the present year, was sallowed by wrichen relief, and restoration to a negree of bodily and mental vigor which I had not feit for six months before, and had almost despaired of reguning. Itherefore thank God and my friend for directing me to the use of them.
