GIBARD, Sept. 26. 1864. Editor Observer : I propose to advise you of the progress of the Democracy in Girard and vicinity. We have a club of over fifty names . already and expect to swell it much larger. We meet on Thursday of each week until after the November election -- speaking at each

meeting. We were highly entertained by a speech delivered by Ex Governor Bigler on Thursday last, file was listened to by a respectable gathering of people. A sprinkling

of Republicans were present, who looked as Democrats of each locality will attend to this though their friends had left them, and they had been delivered up unto the truth. . The Governor alluded to the unhappy condition of our loved and once prosperous coun-

ports of club proceedings and other informs- | try, the causes which had placed us in this gondition, and the course to pursue in order to extricate ourselves from it, which must have send in its delegations, with flags, music

and attempted to persuade them not to play for the Democrats, stating that it would be the means of destroying the band. Next appeared S. E. Woodruff, Esq., a man large in stature, small in intellect, and beautifully less in principle, who offered a bribe of thirty dollars if they would not play, which was not heeded. Thanks to them for their good sense. For

this we ask the patronage and well wishes of all parties to be extended to the band, and the condempation of every citizen to certain other

present will positively be on hand unless some unforseen occurrence prevents them, and the occasion promises to be the mest attractive we have ever had in Erie.

The Crawford Journal says that out of the aggregate of 6,865 men heretofore drafted in that district, the Government secured 813 drafted men and substitutes ; 1,684 paid commutation money; 1,868 were exempted for physical disability; 1,311 were exempted for various causes; 1,080 failed to report; and there is still existing a deficiency of 108 on former calls.

Patrons who receive their papers by carriers in the city, should bear it in mind that an

extra charge is made of fifty cents, making two dollars and fifty cents as the price for the year. Boys in these days demand as large wages as mon, and we pannot any longer afford to furnish the paper to those who have it carried to their houses as low as we do to mail or office subscribers. Those who call at the printing office, will still obtain the Observer at the old rate-two dollars a year. (tf.) We understand that Col. J. Ross Thompson, who has not actively participated in politics

for some years past, has expressed his determination to take the stump for Gen. McClellan. Col.
