Another Draft .- Now that the Pederal officers have completed their draft, in all likelihood it will shortly be followed up by another on the part of the State, to provide troops for the defence of the border. It is well understood that a law for this purpose passed the last Legislature, and that the State authorities have been making preparations to enforce it. The enrollment was made last fall, and all the arrangements for its execution have been in readiness for some time past, but as Pennsylvania, through the courtesy of Gov. Aside from his political dissertations, there were many good points in his remarks—he set off the follies and fashions of society in an inimitable manner, and doubtiess left an impression on the minds of many that will not soon be effected. We have never regarded Mr. Gough as the great orator his friends claim for him-he is not an orator, either in veice, appearance, mangers or metter-but as a capital relator of anecdotes and incidents he certainly has few equals His ill natured allusions to those the disagree with him politically reflected far more discretit on himself than they injured the parties simal at, and were a contradigtion of the maxims which the main portion of his discourse was intended to illustrate.

It ried almost every thing a man could of both advice and medicine, but without any relief whetever, until I took your SARSAPARILLA. It immediately made my face worse, as you told me it might for a time; but in a few weeks the new akis began to form under the blotches, and ognitismed until my face is as smooth as any body's, and I am without any symptoms of the disease that I know of. I enjoy perfect health, and without a doubt over it to your SARSAPARILLA."

From Dr. Robt. Sawin, Houston St., New York.

"Dr. AYER. I sadom fail to remove Eruptions and Scropholous Sores by the persevering use of your Samaranthilla, and I have just now cured an attack of Malignant Erysipelas with it. No alterative we possess equals the Saksaranthilla, you have supplied to the profession as well as to the people."

From J. E. Johnston. Edg., Walcoman, Okio.

"For twelve years, I had the yellow Erystpelas on my right arm, during which time I tried all the celebrated physicians I could reach, and took hundreds of dollars worth of medicines. The ulcerswere so but that the cords became visible, and the doctors decided that my arm must be amputated. I began taking your Saksaranthila. Took two bottles, and some of your Pills. Together they have sured me. I am now as well and sound as any body. Being in a public place, my case is known to every body in this community, and excites the wonder of all."

St. Anthony's Fire, Rose, Salt Rheum, Scald Head, Sore Eyes. Scald Head, Sore Eyes.

From Harvey Sickler, Esq., the able editor of the Tunkkannock Democrat, Pennsylvania.

"Our only child, about three years of age, was stacked by pimples on his forehead. They rapidly spread until they formed a loathsome and virulent scre-which covered his face, and actually blinded his eyes for some days. A skilful physician applied mitrate of silver and other remedies, without any apparent effect. For lifteen days we guarded his hands, lest with them he should tear open the festering and corrupt wound which covered his whole nands, lest with them he should select offent the ter-tering and corrupt wound which covered his whole face. Having tried every thing clase we had any hope from, we began giving your SARSAPARILLA, and applying the lodded of potash lotion, as you direct. The sore began to heal when we had given the first bottle, and was well whon we had finished the second. The child's eyelashes, which had come out crew arxiv, and he is now as healthy and fair

Syphilis and Mercurial Disease. From Dr. Hiram Sloat, of St. Louis, Missouri.

"I find your BARSAPARILLA a more effectual remedy for the accordary symptoms of Syphilis and for syphilitie disease than any other we possess. The profession are indebted to you for some of the best medicines we have."

From A. J. French, M. D., an eminent physician of Lawrence, Mass., who is a prominent member of the Legislature of Massachusetts.

"Dr. Aven. My dear Sir: I have found your Barsarabilla an excellent remedy for Syphilis, both of the primary and secondary type, and effectual in some cases that were too obstinate to yield to other remedies. I do not know what we can employ with more certainty of success, where a power-hi alterative is required." hal alterative is required."

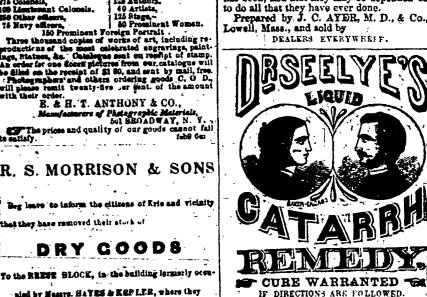

Mr. Chai. S. Van Lieu, of New Brunswick, N. J., had dreadful ulcers on his legs, caused by the abuse of mercury, or mercurial disease, which grew more and more aggravated for years, in spits of every remedy or treatment that could be applied, until the persevering use of AYER'S BARRAPARILLA relieved him. Few cases can be found more inveterate and districting than this, and it took several dozen bettles to come him.

Lencorrhoss, Whites, Female Weakness are generally produced by internal Scrothlous Un-cerniton, and are very often cured by the alterative effect of this Sarsaparilla. Some cases require, however, in aid of the Sarsaparilla, the akilful application of local remedies.

AYER'S CATHARTIC PILLS possess so many advantages over the other purgatives in the market, and their superior virtues are so universally known, that we need not do more than to assure the public their quality is maintained equal to the best it ever has been, and that they may be depended on
