Is perfectly free from any mercurial matter or injurious particles, and in no case will its application interfere with the remedies that may be prescribed by a regular physician. The Medical Faculty, throughout the Union, are unanimous in its praise. The more its virtues become known the greater is the demand, and it is now considered an indispensable article of household, generally—being used alike by rich and poor.

REDDING'S RUSSIA SALVE!

Is prompt in action, removes pain at once, and reduces the most angry looking swellings and inflammations, as if by magic—thus affording relief and a complete cure. The length of time this salve has been before the public is conclusive proof that it is no "catch-penny" pat ention, put forth to have a fictitious popularity, and then sink to rise no more.

LADIES AND GENTLEMEN!

BEFORE PURCHASING

Piano Fortes

AND

MELODEONS!

Please learn, please examine my assortment of instruments. They are warranted fully to stand any climate, and are of a tone and workmanship equal to any offered anywhere. I beg you reflect on the fact that the object should be raised lately against my establishment by certain middle teachers of this city are caused only by my refusal to pay them (Professors?) an

ENORMOUS COMMISSION!

Which will be for after benefit those who buy of me to the amount of from 15 to 25 per cent., for I would rather allow the same to the buyer than to the meddler who benefits no one but themselves.

I am a Union man, straight and forward, and hate cheated things and men.

I must not take the profits out of my friend's pockets, or defraud the Government out of it, or cheat myself and finally into the Poor House for the sake of feeding the fee hungry, music teachers through whose whispering the Pianos will not go better, if they are not good, nor bad, if they are good.

I will pay to any man, woman or child, the amount received for a Piano with my name on it, if they are not pleased with it, and I will pay a *Thousand Dollars* to any one who will show me one on which the Frame is broken, like so many New York and Buffalo Pianos have been in this city and county. Let the people tell where my poor Pianos are—not the teachers—especially those with Southern sentiments; let such go where they belong.

My Pianos are warranted to be supplied with all late good improvements, and must give satisfaction or no pay.

Eastern Pianos of all makes can be had of me as well and cheap as any other man.

Parties ready to purchase anything in the music line, will please call and see what I am selling for cash. I call Merchants generally, and can offer inducements rarely excelled by any *Short-Stay* dealer.

Pianos warranted by me can be relied upon; I being Manufacturer, Tuner, Player and Musician, as well as Teacher. My warrant is good, because I am good for the amount. My opinion in many cases has been a benefit to those who purchased Pianos, and some who did not believe me at first found the truth after a while by their loss.

A Piano Forte made elsewhere is no better for that reason, but all Pianos are good which are made right, the good are good, and the bad—bad. Eastern Pianos are furnished by me, as above said, at Manufacturers' prices. My stock on hand consists of a very choice selection, and is larger than any ever offered for sale here.

WHEELER & WILSON'S

IMPROVED

SEWING MACHINES!

They are acknowledged to be the BEST MACHINE ever introduced into this country. Their unrivalled position not only in this country, but all over the World, has made it by far the most popular Machine now in use.

FOR SEVERAL YEARS

They have taken the lead of all other Machines, but since the late improvements have been added, every variety of work is performed with such ease and rapidity that the

LADIES ARE IN ECSTACIES OVER IT!

And it wins the admiration of ALL. We warrant them to stitch every variety of goods, from the thinnest muslin to the thickest cloth. They make the celebrated "lock stitch," which is impossible to rip or ravel. These Machines will do the following work WITHOUT ANY BASTING OR PREPARATION, viz:

STITCH, HEM, FELL, CORD, GATHER, BRAID, TUCK, BIND & QUILT.

They make any width of hem without previously turning or basting it; they will gather and stitch or sew on the same; if you don't believe it,

COME AND SEE FOR YOURSELF.

The demand for these celebrated Machines, since we have been located in Erie, has been astonishing. At times we find great difficulty in filling our orders, but we have a full stock just received, and are ready to see any and all who may call or send us their orders. Our rooms are elegantly fitted and furnished, and our accommodations for conducting the business are not equalled.

These Machines were awarded the highest premiums at

The WORLD'S FAIR, in London, 1862.
The INDUSTRIAL EXPOSITION, Paris, 1861.
The MECHANIC'S INSTITUTE, Washington, 1862,
And at almost every State and County Fair where exhibited. They are warranted three years. They are perfectly simple in construction. They run with the greatest ease. They are almost noiseless.

☞ INSTRUCTION FREE.

Call and see them in operation. If you cannot come, send for sample of work and a circular by mail.

It has been declared the only sexual instrument ever invented for the cure of Seminal Weakness, or any disease of the genital organs, caused by the secret habits of youth.

Drs. W. & R. Lamert, in order to satisfy the most sceptical as to the merits of their instrument, pledge themselves that in any instance where it may prove unsatisfactory, after a fair trial, the money will be refunded by returning the instrument in good order. FINKLE & LYON'S SEWING MACHINES

These Machines make the lock-stitch alike on both sides, and use less than half the thread and silk that the single or double thread loop-stitch Machines do; will Hem, Fell, Gather, Cord, Braid, Bind, &c., and are better adapted than any other Sewing Machine in use, to the frequent changes and great variety of sewing required in a family, for they will sew from one to twenty thicknesses of Marseilles without stopping, and making every stitch *perfect*, or from the finest gauze to the heaviest beaver cloth, or even the stoutest harness leather, without changing the feed, needle or tension, or making any adjustment of Machine, whatever!!!

They are simple in construction and easily understood, and if any part is broken by accident, it is readily replaced.

These are PECULIAR FACTS, and will go far to determine the choice of any intelligent buyer.
